

## UK Fulfilment by Amazon Fees

(For national and international Shipments)<sup>6</sup>

All fees are exclusive of all VAT and other taxes payable by you.

### Step 1 - Inventory Storage<sup>1</sup>

Use the table **Inventory Storage**. Storage fees are charged for all units stored in an Amazon fulfilment centre, based on calendar quarter and your daily average volume measured in cubic feet. You pay only for the space occupied.

### Step 2 - Determine Unit Types

**Media, non-media and oversize** – Media units include books, music, software, video games and videos (DVD, Blu-ray). Non-media units include everything else. An oversize unit is any unit, media or non-media, that does not fit within an area of 45 cm x 34 cm x 26 cm or weighing 12 kg or more.

### Step 3 - Calculate Fulfilment Fee

(Does not include Selling on Amazon fees)

Use the table **Amazon Fulfilment** for any orders placed on Amazon.co.uk.<sup>2</sup> Use the table **Multi-Channel Fulfilment** for any fulfilment shipments you request for orders placed elsewhere.

#### Amazon Fulfilment

- A** **Order Handling** – Add £ 0.25 if your fulfilment order contains one or more Non-Media units.
- B** **Pick & Pack<sup>4</sup>** – A fee is applied to each unit in your fulfilment order.
- C** **Weight Handling** – For units that fit within an envelope, you pay only £ 0.05 per 100g. For boxes up to 2kg, you pay £ 0.10 per 100g. For boxes more than 2kg, you pay £ 2.00 + £ 0.02 per 100g above the first 2kg. Example: For a box that weighs 2.3kg, you would pay £ 2.00 for the first 2kg and £ 0.06 for the remaining 300 grams for a total of £ 2.06. Below 2kg all weights are rounded to the nearest 100g. Above 2kg the per pence charge is rounded up to the nearest pence.

**NOTE:** Standard size Units selling for 300 GBP or more will not be charged any fulfilment fees for orders sold on Amazon.co.uk

**TOTAL** – The sum of A, B, and C is the fulfilment fee.

#### Multi-Channel Fulfilment

- D** **Pick & Pack** – A fee is applied to each unit in your fulfilment order.
- E** **Weight Handling** – Determine a shipping method. For shipments with mixed unit types, use the highest applicable fee. Total shipment weight is calculated by adding a dunnage factor of 10 percent to the combined total of the individual Unit weight in the shipment. The weight Handling Fees for Multi-Channel Fulfilment are applicable for the weight of the Total Shipment .  
**Standard:** For units that fit within an envelope, you pay only £ 0.34 + £ 0.13 per 100g. For boxes up to 2.2kg, you pay £ 1.00 + £ 0.15 per 100g. For boxes between 2.2kg and 30kg, you pay £ 4.30 + £ 0.02 per 100g above the first 2.2 kg.  
**Expedited:** For boxes up to 1.5kg, you pay £ 4.00 + £ 0.15 per 100g. For boxes between 1.5kg and 30kg, you pay £ 6.25 + £ 0.04 per 100g above the first 1.5kg.

**TOTAL** – The sum of D and E is the fulfilment fee.
