FROZEN
SING-ALONG EDITION

Create Your Very Own Huge 3D
SNOWFLAKE

Make this stunning paper snowflake using items you already have!

All you need is:

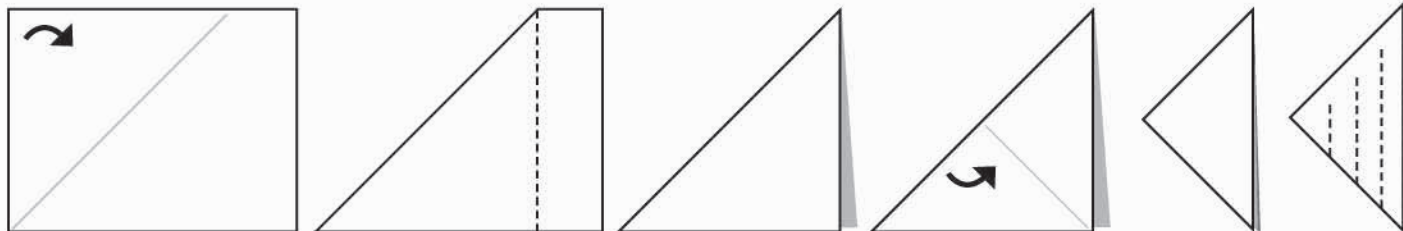

- 6 Pieces of Paper
- Safety Scissors
- Clear Tape
- Stapler

HERE'S HOW »

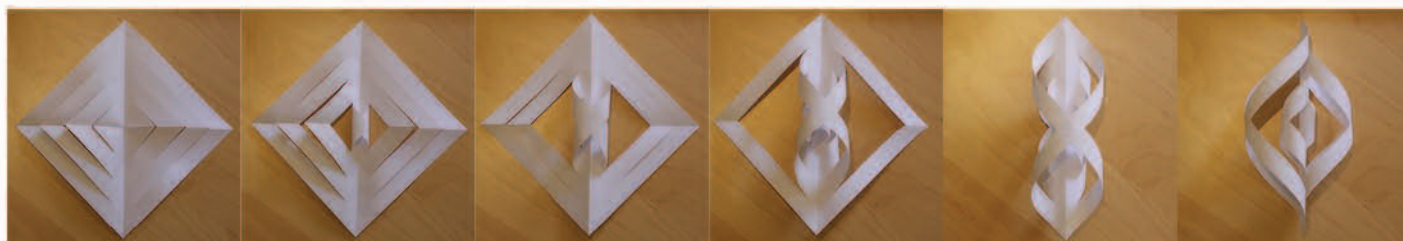

1 » Fold an 8.5" x 11" piece of paper into a triangle. 2 » Cut off the extra length. 3 » Fold your triangle in half to make a smaller triangle. 4 » Make three evenly spaced cuts from the folded edge across your triangle like the diagram shows. Note: - - - dotted lines = cut lines. 5 » Repeat steps 1-4 on 5 more pieces of paper.

FOLD & CUT
CURL & TAPE

6 » Open up one of your cut and folded pieces of paper flat on a table like the picture shows. 7 » Curl the center <|> edges inward to overlap and tape them together in place. 8 » Turn your paper over and repeat step 7 like the picture shows. 9 » Continue until complete on all six sheets of paper.

ATTACH IT ALL TOGETHER

Now, with all six points complete it's time to attach it all together. 10 » Place all six points, facing the same direction, on a table. 11 » Line up the bottom edges of three point pieces. Then, while pinching them in place, staple them together. 12 » Repeat step 11 with your other three point pieces. 13 » Connect both sets of 3 points to complete your very special Frozen Snowflake.
