## **5. Use of Cookies and web beacons**

GlobalSign's certificate management systems use cookies to enable the fulfillment of services. Cookies may be used when you log into the system, purchase products or use certain system functions.

In addition, like most online businesses, GlobalSign uses cookies and web beacons on our websites and through marketing related emails to gather and analyze some personal data such as the visitor's IP address, browser type, ISP, referring page, operating system, date/time and basic geographical information.

We use cookies and web beacons to compile aggregate data about site traffic and site interaction so that we can gauge the effectiveness of our communications and offer better site experiences and tools in the future. We may contract with third-party service providers to assist us in better understanding our site visitors. These service providers are not permitted to use the information collected on our behalf except to help us conduct and improve our business.

First time visitors may choose to not have any activity monitoring cookies set in their browser. We use an opt-out identification cookie to tag these users as having made this decision. Those cookies that pertain to site performance, experience improvement and marketing are programmed not to execute when an opt-out cookie is present in a visitor's browser. Opt-out cookies persist until a visitor clears their browser cookies, or until their expiration one year after the set date. A visitor is required to opt out again after one year in order to disable any activity monitoring cookies.

It is our policy to notify customers of requests for their data from law enforcement unless we are prohibited from doing so by statute or court order. Law enforcement officials who believe that notification would jeopardize an investigation should obtain an appropriate court order or other process that specifically precludes member notification, such as an order issued pursuant to 18 U.S.C. §2705(b).

**Mergers & Acquisitions:** We may also disclose your personal information to third parties who may take over the operation of our site or who may purchase any or all of our assets, including your personal information. Renewal notices may be cancelled on a per digital certificate basis by logging into your certificate management system account and disabling renewal notices.

Email preferences for CIT related/collected information can be updated and changed within CIT.

If GlobalSign is processing your personal data based on your consent, you may withdraw your consent at any time via the GlobalSign Preference Centre at <https://preferences.globalsign.com/PreferencesCenter/> or by contacting us at one of the addresses shown in section 15 below.
