More time to test, More reminders		I want to participate in the calls for testing but have been blocked due to lack of time/capacity/etc.
More time to test, Help setting up a test site, More detail in test instructions, "Office Hours" to troubleshoot testing issues		I joined in order to pay attention to what's happening with FSE but don't have interest in responding to calls for testing.

"Office Hours" to troubleshoot testing issues		I want to participate in the calls for testing but have been blocked due to lack of time/capacity/etc.
"Office Hours" to troubleshoot testing issues	more time to test and a bit more technical expertise. (I'm not a developer, just a webdesigner / junior UX guy)	
"Office Hours" to troubleshoot testing issues		I find it easy to participate in the calls for testing and plan to do so in the future.
"Office Hours" to troubleshoot testing issues		
	How often to calls for testing come out? I try to look out for them, but I am not sure when to expect them.	I find it easy to participate in the calls for testing and plan to do so in the future.

I'd like to participate as much as possible as I see FSE as a huge part of WordPress future, and yet another opportunity to give back to the community.
I don't quite follow the script when participating. I don't just test with TT1 blocks
New to FSE and coming up to speed so my time can be spent testing and not setting up to test.
I tested many things, discovered the same issues discovered. Didn't have enough time to go deeper with my tests.
