POCKET GAMER CONNECTS

Global Mobile Games Industry Conference

INTRODUCING POCKET GAMER CONNECTS – THE LEADING GAMES INDUSTRY EVENT IN LONDON, HELSINKI, SEATTLE, HONG KONG AND THE MIDDLE EAST

Pocket Gamer Connects is an international series of B2B events for the global games industry. First held in London in 2014, it's now the biggest mobile games industry event in Europe, as well as the biggest for games overall in territories that include the UK and Scandinavia.

Our shows are attended by up to 3,000 delegates from more than 50 countries on average, representing every sector from students and independent developers to publishers and platform holders. No other event puts you in touch with the entire industry like PG Connects.

Every two-day event features multiple conference tracks covering the critical issues for any games professional, from the latest industry trends and technical insights to new ways to monetise and future growth opportunities.

Alongside the seminar schedule, the vibrant show floor is joined by fringe events such as the Big Indie Pitch, Investor Connector and publisher panels as well as the Global Connects Party for networking after hours.

Each edition is bigger and better than the last as we continue to refine the offering with innovative content and respond to what our audience tells us they want.

A truly international series of events for the global games industry, Pocket Gamer Connects will broaden its horizons in 2019 to bring our unique blend of business, education, networking - and fun - to Hong Kong and the Middle East/North Africa region for the first time.

WHAT MAKES POCKET GAMER CONNECTS THE BEST MOBILE GAMES CONFERENCE IN THE WORLD?

CONNECTING YOU WITH DEVELOPERS AND PUBLISHERS

Unlike some events that see games as a sideshow, every one of our delegates is from the games industry. This represents a highly targeted demographic for any outreach activity.

More than half of our attendees are developers or publishers, with others including tools providers, platform holders, stores, investors and the media.

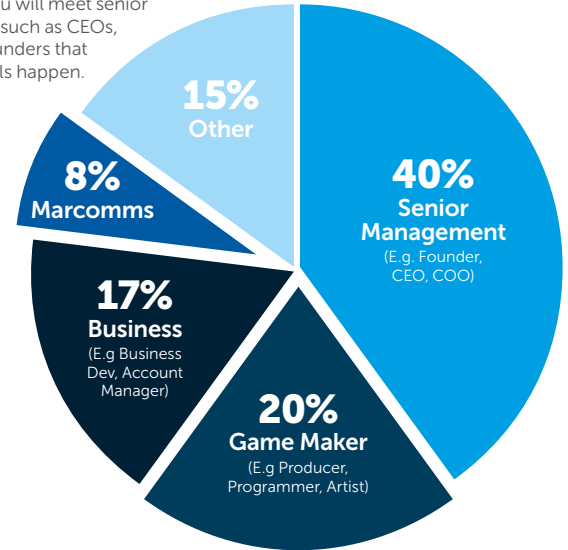

"CONGRATS ON A VERY STRONG PGC LONDON THIS YEAR. OUR TEAM REALLY VALUED THE CHANCE TO CONNECT WITH SOME OF EUROPE'S TOP GAMING PUBLISHERS."

Noam Yasour
Twitter

CONNECTING YOU WITH THE DECISION MAKERS

The majority of our delegates are C-level executives. You will meet senior management such as CEOs, COOs and founders that can make deals happen.

DO BUSINESS AT POCKET GAMER CONNECTS IN 2019

Games are fun, but they're also serious business. We get that. That's why we make it as easy as possible for every attendee to get what they want from our shows. Whether that's one-on-one meetings publishers, competing for investment, or taking part in a Big Indie Pitch, we do our best to make sure that every visit is beneficial to the businesses that attend.

We bring every part of the industry together under one roof and networking is a huge part of every Connects event. That's why we offer unlimited use of our online meeting scheduler completely free to every single delegate, speaker, sponsor and attendee. Our January 2019 London event witnessed nearly 9,000 registered meetings through the system - and we know that thousands more took place independently around the show.

"AN EXCELLENT AND PRODUCTIVE EVENT. I MADE SOME GREAT CONNECTIONS. WELL DONE AND SEE YOU AGAIN IN THE FUTURE!"

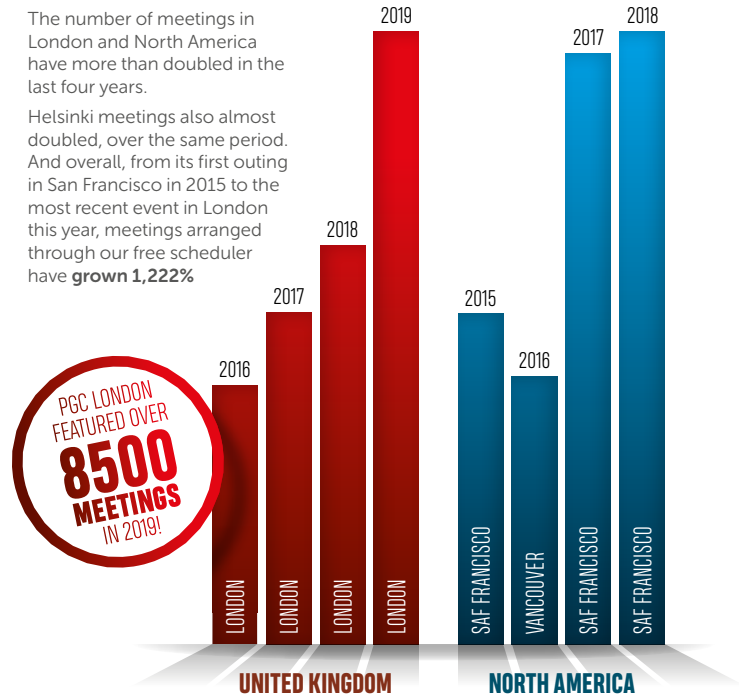

Elad Dory
Rovio Entertainment

MEETINGS SCHEDULED AT PGC

YEAR-ON-YEAR INCREASE

The number of meetings in London and North America have more than doubled in the last four years.

Helsinki meetings also almost doubled, over the same period. And overall, from its first outing in San Francisco in 2015 to the most recent event in London this year, meetings arranged through our free scheduler have **grown 1,222%**

DEDICATED BUSINESS MATCH ACTIVITIES

There are business-focussed fringe activities that accompany every Pocket Gamer Connects. These curated sessions are very popular and are routinely over-subscribed

Indie devs are the lifeblood of the mobile games industry and Pocket Gamer Connects champions their work to our international audience.

Our hugely popular Big Indie Pitches will be back in force with indie devs competing to impress a panel of expert judges. The winners walk away with armfuls of prizes and online marketing worth thousands of dollars.

Our SpeedMatch sessions pair developers in rapid succession with investors in a series of speed-dating style meetings.

These short, sharp encounters enable first contact for you to follow up with a longer meeting if you find a potential partner. It's a shop window for devs to display their wares and a pipeline of prospects for anyone looking to sign up-and-coming talent.

New for 2019, the Investor Connector provides pre-selected applicants with one-on-one meetings with investors looking to spend the right kind of money in the right sector.

Featuring VCs, angel investors, grant officers and more, London saw 30 of the biggest brands in funding, as well as private individuals, looking for their next investment opportunity.
