Re: Proposal #2008006, Release/Allocation of Single Character Domains in .MOBI

Dear Caroline,

ICANN has conducted a preliminary determination of DotMobi's request to release single character domain names from Appendix 6 of the .MOBI TLD Sponsorship Agreement, in accordance with the Registry Services Evaluation Policy and process set forth at <http://www.icann.org/registries/rsep/rsep.html>.

ICANN's preliminary determination did not identify any significant competition or security and stability issues. This request will be referred to the ICANN Board as a contract amendment, pending resolution of contract issues and community discussion on allocation of single-character names.

Patrick
