Re: Proposal #2008001, Modifications to the Existing Add Grace Period

Dear Jeff,

This letter is to inform you that ICANN has made a preliminary determination on NeuStar's proposed new registry service.

ICANN's preliminary determination has not identified any significant security, stability or competition issues. Because implementation of the proposal would require a change to the .BIZ Registry Agreement, dated 8 December 2006, the proposal must be published for public comment and referred to the ICANN Board for consideration.

Sincerely,

Patrick Jones  
ICANN
