- Idea:

  - to trust CENTR.
- The CENTR General Manager and Staff
  - helped you and us very much to reach the goal.
- Called many CENTR members
  - I had a very nice time with many of you, some times with your mother or whole family, when I used a wrong telephone number.
- Many thanks
  - To Marianne, the CENTR Staff, Board and all of you.
- We still need a solution to reach the projected amount.

At-Large Study Committee (ALSC)

- The ALSC has spent the last six months studying At-Large issues and seeking input from all interested parties

- We have concluded that no system exists for incorporating an "At-Large" membership that would fully satisfy all interests
