## ICANN BOARD PAPER NO. 2020.12.17.C1a

TITLE: PRESIDENT AND CEO AT-RISK COMPENSATION

FOR FIRST HALF OF FY21

PROPOSED ACTION: For Board Consideration and Approval

Confidential Employment Matter

Whereas, each Board member has confirmed that he/she does not have a conflict of interest with respect to establishing the amount of payment to the President and CEO for the first half of FY21 at-risk compensation component.

Whereas, the Compensation Committee recommended that the Board approve payment to the President and CEO for the first half of his FY21 at-risk compensation.

Resolved (2020.12.17.xx), the Board hereby approves a payment to the President and CEO for his annual at-risk compensation component for the first half of FY21.

## PROPOSED RATIONALE:

When the President and CEO was hired, he was offered a base salary, plus an at-risk component of his compensation package. This same structure exists today. Consistent with all personnel with the ICANN organization, the President and CEO is to be evaluated against specific goals, which the President and CEO sets in coordination with the Compensation Committee and the Board.

The President and CEO provided to the Compensation Committee his self-assessment of his mid-year achievements towards his FY21 goals. After reviewing, the Compensation Committee discussed and agreed with the President and CEO's self-assessment. Following discussion, the Compensation Committee recommended that the Board approve payment to the President and CEO for his at-risk compensation for the first half of FY21. The Board agrees with the Compensation Committee's recommendation.

Taking this decision is in furtherance of ICANN's Mission and is in the public interest in

that it helps ensure that President and CEO is sufficiently compensated in line with his

performance in furtherance of the Mission, and which reflects that his goals are consistent

with ICANN's Strategic and Operating plans.

While the decision to pay the President and CEO his at-risk compensation for the first

half of FY21 will have a fiscal impact on ICANN, it is an impact that was contemplated

in the FY21 budget. This decision will not have an impact on the security, stability or

resiliency of the domain name system.

This is an Organizational Administrative Function that does not require public comment.
