

# DHL SAMEDAY SPRINTLINE

## RAPID ROAD TRANSPORTATION

Emergencies can happen at any time or location, so businesses need to act swiftly to apply the best recovery solution. The solution may require rapid transportation of out of gauge parts or shipment delivery to a nearby city, region or country. In these instances a road based solution could be the right or only choice.

With DHL SameDay Sprintline a dedicated ground vehicle will sprint your shipment to its final destination, taking the fastest, most direct route. For regular or specific requirements, a hired courier will carry out pre-planned or multi-drop runs by the hour, day or week.

### SOLUTIONS THAT OFFER RAPID TRANSPORTATION BY ROAD

#### PRODUCT

**DHL SameDay Sprintline**  
Urgent delivery by road.

#### EXAMPLE SITUATION

When there's a short distance between origin and destination and it's too close to fly, typically for transportation across country or within the same region or city, DHL SameDay Sprintline loses no time to deliver. A dedicated ground vehicle is arranged to pick up your shipment, (that may be too large to ship by air) and sprint it to your chosen destination.

#### MEETING YOUR NEEDS

- Expedited, point-to-point ground transportation
- Pick up within 60 minutes\* of order
- Door-to-door 24/7/365 service
- One transparent door-to-door price
- Secure, dedicated, fast and highly flexible delivery
- Proactive tracking and monitoring from pick up through to delivery
- Out of gauge shipment handling
- Dangerous Goods and Temperature-Controlled handling

\*Excludes out of gauge shipments and remote locations

DHL SameDay Sprintline is a road based emergency solution that rapidly transports shipments of virtually any size or weight. Specialist teams will coordinate the dedicated pick up, transport, delivery and tracking of your shipment. Each movement is tailored specifically to your needs and proactively monitored from origin to destination.
