

Pergolas create a place for rest and relaxation, transform dull areas into beautiful spaces and make other outdoor features more functional and appealing.

Quality Built Pergolas offers an affordable way to create a vacation destination right in your very own backyard. Why spend thousands of dollars on a room addition or sunroom when you can spend a fraction on creating a beautiful backyard oasis to last a lifetime.

Together, we'll create a pergola that is uniquely *you*.

# our customers say it best

“From the sales staff to the installers and the communication in between, **Quality Built Pergolas is a phenomenal company to work with.** We are extremely happy with the end product as well as the value. Highly recommend.” — Pat, Grove City, OH

“The QBP team was great to work with. **Their communication throughout the process was excellent.** This was my first project like this and it went smoothly because of the communication and their focus on the customer.” — Andrew, Indianapolis, IN

“The QBP team is very professional, detail-oriented and the project was completed in less than two weeks! The pricing was highly competitive. Many thanks to the owner, Don, and his team for the **wonderful customer service and great product. WE LOVE IT!**” — Lee Ann, Louisville, KY

“From start to finish, this was one of the most professional companies I have ever worked with. **From the sales to the installation, the project was a total success.** If you're looking for a one-of-a-kind pergola, look no further than Quality Built Pergolas.” — Stephen, Powell, OH

## Why choose Quality Built Pergolas?

For over 30 years, Quality Built Pergolas has helped property owners create graceful and functional outdoor living spaces. We manufacture first-class products and provide world-class customer service in a timely manner. We use the best wood species and adopt modern engineering practices to guarantee the durability and toughness of our products. We know that each unit that we sell and build will be subject to extreme weather conditions and harsh outdoor elements, so we consider these elements in every pergola design plan that we create.

Our primary goal is for our customers to enjoy finely-crafted, American-made products at prices that won't hurt their pockets. Compare our products with other pergolas or pavilions in the market and you will be amazed at the difference in quality.

## Looking for a pergola that matches your unique style?

Design flexibility is one of the main reasons why Quality Built pergolas are preferred over other shade structures. Pergolas are an ideal choice for hotels, hospital courtyards, country clubs, outdoor restaurant seating areas and residential backyards.

Our team of experts can help you create an appealing design that will seamlessly incorporate into your landscape. You'll also receive top-notch installation services from our highly-skilled installers and a full warranty. Call us today at (317) 840-7469.

## Things to consider

Where do you envision having the pergola installed? Will it be used as outdoor living space or entertaining? Determine the purpose of your pergola and you can easily identify the best location and size. A pergola can be an extension of your home or a freestanding structure. Poolside, in the center of a garden or at the end of a walkway are perfect spots.

## Fully customizable designs

To create your very own custom outdoor living experience, our design consultant will work with you to develop a one-of-a-kind pergola tailored to your space and personal style. We will personally assist you in finding the right size, material, color and style that works best for your current setting. You'll receive aesthetic recommendations and more.

Finished product

## The building begins

Once your order is finalized, fabrication begins at our Amish sawmills. Full cut, rough-sawn lumber is milled for custom designs and each piece is crafted by a team of Amish craftsmen. Our high standards, processes and customer-centric philosophy ensure that every structure we manufacture will surpass your expectations. Our vision is to not only build quality products for our customers, but also build relationships to last a lifetime.

## Assembly made easy

Our professional installation team will deliver the materials and install your pergola quickly and efficiently. The only thing left to do is enjoy your pergola and the memories it will create for years to come!
