ICANN Final Determination

Re: Notice of Registry Operator Request for Termination of Registry Agreement - .mobily

On 28 February 2019, GreenTech Consultancy Company W.L.L. [notified ICANN org](#) of its intent to terminate the .mobily Registry Agreement entered into on 18 December 2014. Pursuant to Section 4.4(b) of the Registry Agreement, Registry Operator may terminate the Registry Agreement for any reason upon one hundred eighty (180) calendar day advance notice.

Pursuant to the terms of Section 4.5 of the Registry Agreement, ICANN org consulted with GreenTech Consultancy Company W.L.L. to assess whether to transition operation of the .mobily top-level domain (TLD) to a successor Registry Operator.

On 29 April 2019, ICANN org made a [preliminary determination](#) that operation of the .mobily TLD need not be transitioned to a successor Registry Operator. ICANN org's review and determination regarding the transition to a successor registry operator are subject to Section 4.5 of the Registry Agreement and is based on various factors, including ICANN org's assessment that transitioning the TLD is not necessary to protect the public interest. GreenTech Consultancy W.L.L. attested to and ICANN org confirmed the following:

- ⦿ All domain name registrations in the TLD are registered to, and maintained by, Registry Operator or its Affiliates for their exclusive use, and
- ⦿ Registry Operator does not sell, distribute or transfer control or use of any registrations in the TLD to any third party that is not an Affiliate of Registry Operator.

On 29 May 2019, after a 30-day period for comments by interested parties, two (2) comments were received. ICANN org considered the comments in its final determination and published its summary and [analysis of comments](#) received.

Pursuant to Section 4.4(b) of the Registry Agreement, ICANN org will proceed to terminate the .mobily Registry Agreement by 27 August 2019.
