Re: CSC Support of IFRT Recommendations

Stockholm 2021-05-07

Dear Maarten,

It is our understanding that the IANA Function Review Team (IFRT) recently submitted its Final Report to the ICANN Board of Directors for their consideration.

I am pleased to inform you that the CSC fully supports the recommendations of the IFRT. Specifically, we support IFRT's recommendation to remove of the statement "*The relevant policies under which the changes are made shall be noted within each monthly report*" from Article 7 section 7.1 (a) in the IANA Naming Function Contract and the IFRT recommendation to adjust ICANN Bylaws section 18.2 a (i) and (ii), which refer to the same remedial process.

Let me end with expressing that we as CSC really appreciated the cooperative, effective and efficient spirit of our interactions with the IFRT.

On behalf of the CSC

Lars-Johan Liman

Chair
