Dear Li Yongmei:

Please be advised that as of 11 April 2019, Beijing Lanhai Jiye Technology Co., Ltd (“Beijing Lanhai”) is in breach of its 2013 Registrar Accreditation Agreement with the Internet Corporation for Assigned Names and Numbers (“ICANN”) dated 19 March 2015 (“RAA”). This breach results from:

1. Beijing Lanhai’s failure to timely pay past due accreditation fees, as required by Section 3.9 of the RAA.

Please refer to the attachment for details regarding this breach.

In addition, Beijing Lanhai has been deemed noncompliant in the following area:

1. Beijing Lanhai’s failure to provide domain name data in the specified response format, as required by Section 1.4 of the Registration Data Directory Service (Whois) Specification of the RAA (“Whois Specification”) and the Advisory: Clarifications to the Registry Agreement, and the 2013 Registrar Accreditation Agreement (RAA) regarding applicable Registration Data Directory Service (Whois) Specifications (“Clarifications”).

Additional Concerns

Beijing Lanhai continues to exhibit the same pattern of conduct that led to the notice of breach issued against it by ICANN on 6 March 2018. Beijing Lanhai has also continued to violate provisions of the RAA and its specifications despite previously ensuring ICANN that it remediated noncompliance with the same provisions.

In addition, Beijing Lanhai's contact information with ICANN is out of date.

ICANN requests that Beijing Lanhai cure these breaches by 2 May 2019, 21 days from the date of this letter, by taking the following actions:

1. Display domain name data in the specified response format, as required by Section 1.4 of the Whois Specification and Clarifications;
2. Provide ICANN with the corrective and preventative action(s) that Beijing Lanhai will take, with implementation date(s), to:
 - a. Ensure that its contact information with ICANN is up-to-date;
 - b. address its pattern of untimely, incomplete and non-response to ICANN Contractual Compliance matters; and
 - c. ensure that it will remain compliant with the requirements of the RAA that are previously confirmed as remediated; and
3. Pay all past and currently due fees.

If Beijing Lanhai fails to timely cure the breaches and provide the information requested by 2 May 2019, ICANN may commence the RAA termination process.

If you have questions or require assistance, please contact Leticia Castillo at leticia.castillo@icann.org.

Sincerely,

Jamie Hedlund
