Dear Christine Willett,

Thank you for your reply dated 20 November 2019 and your invitation to participate in ICANN's review and accountability processes. While we prefer to conclude our discussions on the delegation of .internet with the GDD staff in an amicable, cooperative manner, we understand that the processes you recommend might be more expeditious and will investigate those opportunities. In any case, we intend to continue our discussions with ICANN in an open and friendly manner.

We will come back to ICANN with our next steps on the way forward on .internet.

Thank you.

Sincerely,

Sivasubramanian Muthusamy
Proprietor
