Rules

- *Each position (buy) you take in an asset must be a minimum of 5% of your assets and a maximum of 10% of your assets.*
- *Cash must not exceed 20% of your portfolio at any time. You should be invested, not sitting on the sidelines.*

Measuring Success

You will be measured on:

➤ *Returns*

- ❑ *Absolute return: The total dollar increase in the portfolio over the trading period*

- ❑ *Risk-adjusted return: The return on the portfolio taking into account the level of risk assumed by you, as measured by the Sharpe Ratio*
 - *The measure of the excess return per unit of risk in an investment asset or a trading strategy*
