Bachelor of Arts in Philosophy

The Bachelor of Arts in Philosophy is a liberal arts program designed to expose students to the fundamentals of Western philosophy. This is accomplished through courses designed to explore the history of philosophy from Ancient through Postmodern periods, both Continental and Analytic traditions as well as Logic and Ethics.

Students are taught, through the use of logic and argumentation, to think critically and objectively, to write clearly and effectively, and to navigate complex intellectual, social, and legal issues. This online bachelor's degree helps to prepare you for professions requiring a high level of analytical thought such as jobs in academia, intelligence, finance and business, healthcare, STEM, and the legal profession.

Degree Program Objectives

In addition to the institutional and degree level learning objectives, graduates of this program are expected to achieve these learning outcomes:

- Examine the historical development and evolution of philosophy from its origins through contemporary times.
- Evaluate the various schools of philosophical and moral thought as well as the historical context and the rationale behind their respective development.
- Recognize and apply logic: what makes a deductive argument valid or an inductive argument strong.
- Evaluate various criteria for justifying claims of knowledge and morality
- Originate philosophical positions in written compositions and critically analyze philosophical questions.
- Apply philosophical inquiry to contemporary events.

Total Semester Hours

Students must choose a concentration for this degree program and may select from a Concentration in Ethics, Concentration in Healthcare, Concentration in Legal Theory, or a Concentration in STEM.

Concentration in Ethics (15 semester hours)

Ethics is becoming an increasingly important concern in different fields of endeavor from Wall Street to Main Street and from the playground to the battleground. What constitutes right action? Are we doing the right things? What should we be doing to ensure a good life for us, our families, our nation, and our world?

Objectives

Upon successful completion of this concentration, the student will be able to:

- Engage the philosophical theories underpinning ethical theories and judgment.
- · Assess the importance of individual moral behavior and communal ethical standards and the relationship between the two.
- Explore the influences of religion, politics and psychology on ethical theories and choices.
- Assess standard models of ethics for their strengths and weaknesses.
- Apply ethical theories to particular situations in leadership, military, business, health care, government, and environmental contexts.

Concentration Requirements (15 semester hours)

Code	Title	Semester Hours
PBHE215	Healthcare: Moral Issues	3
CMRJ308	Ethics in Criminal Justice	3
COMM280	Ethics in Communication	3
MGMT314	Management Ethics	3
PHIL320	Environmental Ethics	3
Total Semester	Hours	15

Concentration in Healthcare (15 semester hours)

The Healthcare Concentration allows philosophy students who are going into healthcare as a career to have a strong foundation in healthcare ideas, concepts, and issues by taking healthcare courses.

Objectives

Upon successful completion of this concentration, the student will be able to:

- Develop an understanding of healthcare needs and practices.
- · Apply philosophical reasoning, logic, and ethics to healthcare topics.
- Examine career opportunities in healthcare that intersect with philosophy.

Concentration Requirements (15 semester hours)

Concentration in Legal Theory (15 semester hours)

The Legal Theory Concentration allows philosophy students who are going into law as a career to have a strong foundation in legal ideas, concepts, theories, and practices by taking law courses.

Objectives

Upon successful completion of this concentration, the student will be able to:

- Develop an understanding of legal thoughts and practices.
- Apply philosophical reasoning, logic, and ethics to legal topics.
- Examine career opportunities in law that intersect with philosophy.

Concentration Requirements (15 semester hours)

Total Semester I	Hours	15

Concentration in STEM (15 semester hours)

The purpose of the STEM Concentration is to allow students who are pursuing careers aligned with STEM to supplement the Philosophy core with specific courses to aid in that endeavor.

Objectives

Upon successful completion of this concentration, the student will be able to:

- Develop an understanding of thoughts and practices associated with STEM fields.
- Apply philosophical reasoning, logic, and ethics to STEM topics.
- Examine career opportunities in STEM that intersect with philosophy.
