WHERE IS CRETA?

Linguistic Seminar, ground floor, Faculty of Arts I (Philology building)

WHAT IS CRETA?

It is the University of Alicante Writing Center. The Center's goal is to provide individual and group support (free of charge) to any international student whose first language is not Spanish when they write or present any paper or topic while they are studying for a semester or a whole year at the University of Alicante.

CRETA tutors assist students in all stages of the writing process or presentation preparation in order to improve their writing texts and their oral performances in academic Spanish.

HOW DOES IT WORK?

1. You have to request an appointment by email: creta@ua.es
2. Explain briefly what you need support with and include the days and times of your availability.
3. Prepare your documents and bring printed copies.

Students will receive an email containing the appointment time at CRETA and the tutor's name. Appointments are completely free of charge and last 30 minutes. During the first visit, students will be asked to fill out a CRETA Student form to inform us of their needs and help us supervise their progress.

Email us to make your appointment at creta@ua.es
