SAPR Connect

SAPR Connect is the only Department of Defense (DoD) community of practice dedicated to sexual assault prevention. Administered by the DoD Sexual Assault Prevention and Response Office (SAPRO), this online platform unites internal DoD audiences in a forum to foster information sharing. SAPR Connect is available world-wide 24/7 to any prevention practitioner with a Common Access Card (CAC).

Steps to Join

1. Go to **https://sapr.mil** and click on **Prevention tab**.

2. Click on **SAPR Connect logo**.

3. Click on "**I Agree to Join This Group**."

4. Click on **CAC authorization button**.

5. Click on "**Ask to Join This Group**."

6. You will receive an email that your registration has been accepted. You are now a member of SAPR Connect!

- Continuous Evaluation

GROUP OVERVIEW

Welcome to "DoD SAPR Connect" the OSD Sexual Assault Prevention and Response Office community of practice. Our goal is to provide members a forum to collaborate and share information and resources to ensure our sexual assault prevention programs are as effective as possible. To make this community a success, it takes active participation and keeping the information up to

DOD RELEASES PREVENTION PLAN OF ACTION

"As leaders within the DoD, we all have an unwavering commitment to end the threat of sexual assault within our ranks. Our collective efforts to fight this crime are making a difference for victims who are seeking care, and reporting at unprecedented numbers. As we keep the light shining on the needs of those who have been harmed, we must continue to expand and coordinate our efforts to prevent these crimes from happening in the first place. Past prevention efforts helped lay the groundwork for the new, more comprehensive approach to prevention (See the Department of Defense Sexual Assault Prevention Plan of Action, 2019-2023 here 🔗). The Prevention Plan of Action reflects agreement between the DoD, Military Services, and National Guard Bureau, on necessary steps to advance primary prevention. In recognition that each Military Service has its own unique organizational culture, structure, and need, the Prevention Plan of Action outlines the prevention process and organizational factors that facilitate the process, which can be tailored to each organization."

- James Stewart
Assistant Secretary of Defense

PREVENTION SYSTEM
Three domains for sexual assault prevention:

1. **Human resources** – people and knowledge and skills they require
2. **Collaborative relationships** – networks and interactions that help build capacity
3. **Infrastructure** – systems and structures necessary for success
