LOS ANGELES — May 3, 2019 — IMDbPro (www.imdbpro.com), the essential resource for entertainment industry professionals, today revealed the movies that topped the U.S. box office in April 2019 and the upcoming May releases that audiences are most anticipating. This definitive data is derived from Box Office Mojo, a service of IMDbPro and the leading online source of box-office data, and the IMDbPro MOVIEmeter rankings, which are based on the actual page views of the more than 250 million monthly unique visitors to IMDb.

"A record-breaking April 2019 saw the domestic box office top $1 billion for just the second time ever and was led by the latest installment in the Marvel Cinematic Universe, _Avengers: Endgame_, which broke records in virtually every market it opened in, and in just five days of release accounted for over 41% of the overall April box office," said Brad Brevet, editor of the IMDbPro box office reporting service, Box Office Mojo. "Looking ahead, the summer 2019 box office has plenty to look forward to beginning with several titles in the month of May. Highly anticipated releases such as _Aladdin_, _Pokémon Detective Pikachu_, _John Wick: Chapter 3 – Parabellum, Rocketman_ and _Godzilla: King of Monsters_ all look to power what should be a strong month at the box office."
