Contract duration	3 years

Timescales	
Deadline for receipt of submissions	<b>8<sup>th</sup> November 2021 12:00 CET</b>
Contract award	From 25 <sup>th</sup> November 2021 (see timings)

The detailed timeline can be found at the end of this document.

### How to apply

- 1) Read the following pages to understand the scope of engagement, skills/expertise being requested, eligibility criteria and related requirements.
- 2) Complete the online form available [HERE](#) (this will be submitted to EIT Climate-KIC and used as part of assessment)
- 3) Submit a 1-page cover letter and your CV to [experts@climate-kic.org](mailto:experts@climate-kic.org)

### Guidance for existing Experts

The purpose of this call is to supplement the current pool with new experts. However, actions are required by existing experts. Please read on.

Experts in the thematic areas outlined in this document who are interested in joining EIT Climate-KIC's pool are requested to submit a full application package and verify they meet eligibility criteria.

If you are an existing expert:

- If your contract is still valid and does not expire before March 2022, please only complete the online form available unless there are further circumstances you wish to notify EIT Climate-KIC of (please contact [experts@climate-kic.org](mailto:experts@climate-kic.org) )
- If your contract has expired or will expire by February 2022, please complete the full application (refer Section see list in "Call for Independent Experts Timeline")

**Please note that for a submission to be considered a CV, cover letter, and the online form must all be submitted to EIT Climate-KIC by the deadline.** EIT Climate-KIC reserves the right to reject applications that are not submitted in full by the deadline or do not meet eligibility criteria.

For any queries, please contact [experts@climate-kic.org](mailto:experts@climate-kic.org)
