

Save Time, Save Money with Google Cloud VMware Engine

Google Cloud VMware Engine is a critical step in “cloud-first” and digital transformation with Google Cloud.

Google Cloud VMware Engine is the only solution available for migrating your datacenter workloads to Google Cloud Platform quickly and securely. Google Cloud VMware Engine goes beyond an infrastructure “lift and shift”.

Google Cloud VMware Engine Drives Profitable Outcomes

 <p>AVERAGE TCO SAVINGS 38%</p> <p>Reduce the cost of resources and create a predictable OPEX run rate</p>	 <p>3 YEAR AVERAGE SAVINGS \$2.15M</p>	 <p>AVERAGE VMS SUPPORTED 3,564</p> <p>Run workloads seamlessly across VMware SDDC and Google Cloud</p>
 <p>AVERAGE TIME SAVINGS 11.2 months</p> <p>Migrate workloads in minutes while paying only for the resources and capacity you need in an “-as a Service” model</p>	 <p>AVERAGE LABOR SAVINGS \$115K per year</p> <p>Use the VMware and GCP tools you know, saving time in operations and training</p>	

Google Cloud VMware Engine Accelerates Time to Cloud Value

Google Cloud VMware Engine, developed jointly by Google and VMware, is validated for interoperability between the VMware SDDC stack and Google Cloud.

 <p>Fast Cloud Migration</p> <p>Add cloud nodes and capacity in as little as 30 minutes</p>	 <p>Secured Solution – at Rest, in Transit</p> <p>Always-on cybersecurity protecting data, information, applications, devices</p>
 <p>Operational Control</p> <p>Improve productivity and efficiency with cloud-powered back-end processes</p>	 <p>Simple Integration</p> <p>Fully integrated solution with the Google Cloud Console</p>
 <p>High-Speed Cloud Networking</p> <p>99.99% SLA for network uptime, availability</p>	 <p>Sustainability</p> <p>Reduce carbon footprint by retiring physical datacenters</p>

Google Cloud VMware Engine: The Best of Google and VMware

Google Cloud VMware Engine is your gateway to IT transformation with Google and VMware.

- Access the Best of Google**
The technology powering Google native platforms with 1 Billion+ users globally
- Leverage Google Cloud Infrastructure**
Extensive capabilities across AI/ML, compute, network, storage, databases, apps
- Integrate VMware Solutions with Google Cloud**
VDI with Horizon™, vRealize Cloud Management™, vRealize Network Insight™, VMware Site Recovery™, and more

Start Your Cloud Journey

Save time, save money in your digital transformation.
