VCF Components [1]	VCF Editions				
	Starter	STD with Tanzu	ADV with Tanzu	ENT with Tanzu	Subscription [3]
SDDC Manager	SDDC Mgr. for vSAN	SDDC Mgr. for vSAN	SDDC Mgr. for vSAN	SDDC Mgr. for vSAN	SDDC Mgr. for vSAN
vSphere	ENT+	ENT+	ENT+	ENT+	ENT+
vSAN	ADV	ADV	ADV	ENT	ENT
NSX	DC ADV	DC ADV	DC ADV	DC ENT+	DC ENT+
vRNI	ADV		ADV	ENT Add-On	ENT Add-On
vRealize Suite	STD		ENT	ENT	Cloud Universal ENT
Tanzu		STD [2]	STD [2]	STD [2]	STD

Note the table above displays the individual components that comprise the VCF packaged editions and does not preclude customers from purchasing add-ons as long as they meet the compatibility for the minimum editions required, e.g., Tanzu STD requires vSphere ENT+.

(1) Components are offered as perpetual licenses unless specified.
(2) Component offered as a term subscription. Note Tanzu Standard can be upgraded to Tanzu Advanced.
(3) All components included in VCF Subscription are term subscription, except for vRealize Cloud Universal which is a SaaS offering.

For the complete vSphere features, please refer to the vSphere Licensing White Paper.
For the complete NSX Data Center features, please refer to the NSX Datasheet.
For the complete vSAN features, please refer to the vSAN Licensing Guide.
For the complete vRealize Network Insight features, please refer to the vRNI Datasheet.
For the complete vRealize Suite features, please refer to the vRealize Suite PnP White Paper and vRealize Cloud Universal Licensing White Paper.
For the complete VMware Tanzu Edition features, please refer to the VMware Tanzu comparison chart.
