*The Board of Management
Yayasan Bina Nusantara*

We have audited the accompanying statement of financial position of Yayasan Bina Nusantara (the Foundation) as of December 31, 2012 and the related statements of activities and cash flows for the year then ended. These financial statements are the responsibility of the Foundation's management. Our responsibility is to express an opinion on these financial statements based on our audit. The financial statements of the Foundation for the year ended December 31, 2011 and the statement of financial position as of January 1, 2011/December 31, 2010 were audited by Anwar & Rekan and other independent auditors whose reports dated December 26, 2012 and October 5, 2012, respectively, expressed an unqualified opinion on those financial statements.

We conducted our audit in accordance with auditing standards established by the Indonesian Institute of Certified Public Accountants. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Yayasan Bina Nusantara as of December 31, 2012 and its activities and its cash flows for the year then ended in conformity with Indonesian Financial Accounting Standards.
