PRINCIPAL PURPOSE(S): Information will be used to document elements of the sexual assault response and/or reporting process and comply with the procedures set up to effectively manage the Sexual Assault Prevention and Response (SAPR) Program. Specifically, the form will document the loss of the original DD Form 2910 through the request for a replacement form. The form shall document the reaffirmation or change of the original reporting option. At the local level, Service SAPR Program Management, Major Command Sexual Assault Response Coordinator(s) (SARCs), Installation, and Brigade SARCs use the information to ensure that victims are aware of services available and have contact with medical treatment personnel and DoD law enforcement entities. At the DoD level, only de-identified data is used to respond to mandated congressional reporting requirements. The DoD Sexual Assault Prevention and Response Office has access to identified closed case information and de-identified, aggregate open case information for congressional reporting, study, research, and analysis purposes.

ROUTINE USE(S): The DoD blanket routine uses found at <http://dcpio.defense.gov/Privacy/SORNSIndex/BlanketRoutineUses.aspx> may apply to this record. Note: Any release made as a blanket routine use will be consistent with the principal purpose of the information's original collection. Collected information is covered by Department of Human Resources Activity 06 DoD, Defense Sexual Assault Incident Database (<https://dpcid.defense.gov/Privacy/SORNSIndex/DOD-wide-SORN-Article-View/Article/570559/dhra-06-dod/>).

However, if you decide not to provide certain information, it may impede the ability of the SARC to offer the full range of care and support established by the Sexual Assault Prevention and Response program. You will not be denied advocacy services or healthcare (medical and mental health) because you selected Restricted Reporting option.
