# FUTURE-PROOF
Dell PowerStore

Dell's Future-Proof Program is a collection of offers, assurances, and guarantees designed to help companies simplify their IT operations. Future-Proof simplifies all stages of IT ownership, helping IT departments focus on business goals while Dell Technologies handles the rest.
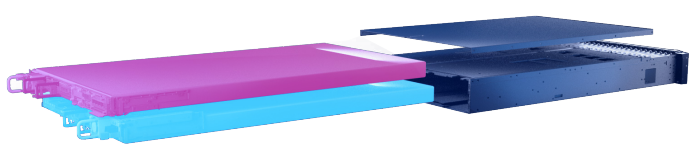

FUTURE-PROOF PROGRAM					
	Three-Year Satisfaction Guarantee[1]	CloudIQ[2]	All-Inclusive Software[3]	Flexible Payment Solutions[4]	4:1 Data Reduction Guarantee[5]
	Never Worry Data Migration[6]	Tech Refresh and Recycle[7]	Data Protection Deduplication[8]	Clear Price	Anytime Upgrade[9]

Stay continuously modern with Anytime Upgrade

Anytime Upgrade, the industry's most flexible controller upgrade program[10], gives you confidence your workloads are always running on the latest technology.

Flexible upgrade options[11]

No renewal required to upgrade

Deployment services included

Two ways to upgrade

Non-disruptive controller upgrade

Seamless transition to **next-generation** or **next-generation + higher model** performance[11]

Scale-out upgrade

Discount credit on a **second appliance[11]** (add current or next-generation model)

Anytime Upgrade helps you respond to unforeseen change.

Enroll in Anytime Upgrade

Purchasing Anytime Upgrade Standard or Select programs when you buy PowerStore entitles you to redeem one of the upgrade options below anytime within the course of your 3-, 4- or 5-year Dell ProSupport contract.

AU Standard program — **AU Select program**

You decide when to redeem your benefit — we handle the rest

Next generation node upgrade

Scenario: Need to modernize with more performance on the latest hardware platform? Anytime Upgrade Standard makes it easy. Zero downtime, full deployment services included.

Next generation + higher model node upgrade[11]

Scenario: The Select program gives you the next-generation AND higher model upgrade at the same time - an even higher performance boost, with the same hassle-free, non-disruptive experience.

OR

Scale-out discount credit[11]

Scenario: Select also gives you the option to scale out with a second discounted appliance within the same generation. No need to wait — you can benefit from Anytime Upgrade even between generations.

Renewal decision

After your upgrade, you can either renew your Anytime Upgrade purchase or choose not to, either way you were able to fully utilize your benefits the past 3 years with no lock-in.

Welcome to the PowerStore experience
Modern storage made simple

Continuously modern software

|	
All-inclusive array software	All array software included with appliance, no license to purchase or maintain.
Future software enhancements	Get immediate access to PowerStore's ever-expanding list of feature innovations and ecosystem automations at no cost.

Continuously modern hardware

Adaptable architecture	Scale up and out with single-drive granularity, auto-configuring services, and intelligent load balancing.
Anytime Upgrade	Industry's most flexible controller upgrade program[9] ensures your workloads are always running on the latest technology. No renewal required to redeem upgrade.

World class services

ProSupport	Central point of accountability for all hardware and software issues. Flexibility to tailor support to the criticality of specific systems and the complexity of your environment.
ProDeploy	Let our certified engineers handle all aspects of planning, validation, and execution to ensure PowerStore integrates seamlessly with your existing environment.
Support-managed upgrades	Reduce risk with expert guidance and support for any software or hardware change.
Dedicated expert team	Get "concierge-like" continuity and personalization from Service Account and Technical Account managers intimately familiar with your environment.
Clear price	Transparent, predictable support pricing makes it easy to budget and plan for the future.
Predictive analytics services	End-to-end monitoring and alerts cover storage, servers, and networking from single interface. Proactive health checks, cybersecurity alerts, capacity forecasting and more.
Mobile/SaaS-based management	Access to CloudIQ and other Dell management tools from any mobile device.
Instant L2 support access	Get to the front of the line with immediate routing to higher level support team, anytime.
Priority access to specialized support experts (PSP)	Minimize disruptions with immediate advanced troubleshooting from an engineer that understands the entire Dell Technologies infrastructure solutions product portfolio.
On-site break/fix	Quick access to trained, onsite hardware replacements, with flexible repair/replacement options for 4-hour or next business day SLAs.

Additional offer advantages

3-year satisfaction guarantee[1]	Dell will fix all issues if storage does not meet the claims made online or in corresponding specification sheets or customer can receive a pro-rated refund.[10]
4:1 data reduction guarantee[5]	Save money and maximize capacity, no assessment required.
Flexible payment solutions[4]	Purchase and consume PowerStore your way.
Tech refresh and recycle[7]	Reduce power, cooling, and support costs associated with legacy IT equipment by recycling storage at no additional cost when purchasing new Dell storage.
