

RECOGNIZED ACCREDITORS

Policy Change Adopted on Second Reading

The Higher Learning Commission (HLC) Board of Trustees (“the Board”) adopted this policy on second reading at its meeting on February 25, 2022.

Background

Because HLC is recognized by both the U.S. Department of Education (“the Department”) and the Council for Higher Education Accreditation (CHEA), it is obligated in certain contexts to review and consider the actions of other accreditors recognized by those bodies and a member institution’s standing with such accreditors. Under the Higher Education Act of 1965, as amended, HLC also has a reporting requirement to the Department if another accreditor recognized by the Department takes certain actions with respect to a member institution.

With these adopted policy changes, HLC standardized the use of the phrase “recognized accreditor,” referring to those accreditors “recognized by either the U.S. Department of Education or the Council for Higher Education Accreditation.” The phrase “recognized accreditor” is used as the sole phrase in all instances where HLC policy refers to those accreditors recognized by the Department or CHEA and will be included in HLC’s Glossary. In the few instances where a policy applies to only an action taken by another accreditor recognized by the Department, the proposed changes explicitly state that in the policy. Where applicable, these changes also clarify the types of accreditor actions subject to the respective policy.

HLC circulated these policy changes to the membership and other interested parties after the Board’s November 2021 meeting. No comments were received warranting changes in language.

Implementation

This policy is effective immediately.

Adopted Policy

Wording that was deleted or revised is shown as strikethrough (~~old wording~~); new language, whether through addition or revision, is shown in bold (**new wording**). These revisions have been made on HLC's website at hlcommission.org/policies.

Policy Title: Eligibility Requirements

Number: CRRT.A.10.010

An institution must meet all Eligibility Requirements before it is granted candidate status or accredited status.

...

18. Accreditation Record

~~The institution has not had its accreditation revoked and has not voluntarily withdrawn under a show-cause order or been under a sanction with another accrediting agency recognized by CHEA or USDE within the five years preceding the initiation of the Eligibility Process.~~ **Within the five years preceding the initiation of the process of seeking accreditation with HLC, the institution has not (a) been subject to a sanction or Show-Cause Order with another recognized accreditor; (b) has not been subject to an adverse action with another recognized accreditor; or (c) has not voluntarily resigned its status with another recognized accreditor while subject to (a) or (b).**

19. Good Faith and Planning to Achieve Accreditation

The board has authorized the institution to seek membership with HLC and indicated its intention, if a member of HLC, to accept the Obligations of Membership.

The institution has a realistic plan for achieving accreditation with HLC within the period of time set by HLC policy.

- a. If the institution offers programs that require ~~specialized accreditation or recognition from a~~ **recognized accreditor** in order for its students to be certified or sit for licensing examinations, it either has the appropriate accreditation or discloses publicly and clearly the consequences of the lack thereof. The institution always makes clear to students the distinction between ~~institutional, and specialized, or program accreditation,~~ **the various types of accreditation** and the relationships between licensure and ~~the~~ **these** various types of accreditation.
- b. If the institution is predominantly or solely a single-purpose institution in fields that require licensure for practice, it demonstrates that it is also accredited by or is actively in the process of applying to a

recognized ~~specialized accrediting agency~~ **accreditor** for each field, if such ~~agency~~ a **recognized accreditor** exists.

Foundational to the Criteria and Core Components is a set of practices shared by institutions of higher education in the United States. Unlike the Criteria for Accreditation, these Assumed Practices are (1) generally matters to be determined as facts, rather than matters requiring professional judgment and (2) not expected to vary by institutional mission or context. Every institution must be in compliance with all Assumed Practices at all times.

C. Teaching and Learning: Evaluation and Improvement

1. Instructors (excluding for this requirement teaching assistants enrolled in a graduate program and supervised by faculty) have the authority for the assignment of grades. (This requirement allows for collective responsibility, as when a faculty committee has the authority to override a grade on appeal.)
2. The institution refrains from the transcription of credit from other institutions or providers that it will not apply to its own programs.

3. The institution has formal and current written agreements for managing any internships and clinical placements included in its programs.
4. A predominantly or solely single-purpose institution in fields that require licensure for practice is also accredited by or is actively in the process of applying to a **relevant accreditor** for each field, as **sufficient for licensure**, if such a ~~agency~~ **recognized accreditor** exists.
5. Instructors communicate course requirements to students in writing and in a timely manner.
6. Institutional data on assessment of student learning are accurate and address the full range of students who enroll.
7. Institutional data on student retention, persistence, and completion are accurate and address the full range of students who enroll.

Policy Title: Standing with State and Other **Accreditors Agencies**

An institution shall fairly represent to HLC and to the public its history ~~or current or previous~~ and status with other ~~institutional or programmatic accrediting bodies~~ **recognized accreditors** and with each state in which it is authorized or licensed. This obligation includes accurately disclosing when an action affecting its accreditation status has been taken by any other ~~institutional or programmatic accrediting bodies~~ **recognized accreditor**.

HLC Review. If another ~~such accrediting agency~~ **recognized accreditor** or if a state has taken any of these actions, HLC will undertake a prompt review of the institution and the related action.

With regard to an applying institution, HLC, through its decision-making processes and subject to the limitations in the Eligibility Requirements, will carefully weigh these matters in reaching its own decision to grant candidacy or initial accreditation. If it chooses to grant candidacy or initial accreditation to ~~such~~ an institution **that has been subject to such an action by an accreditor recognized by the U.S. Department of Education**, it will provide the Secretary of Education a written explanation of why that action is appropriate within thirty days of taking the action.

With regard to an accredited institution, HLC will determine whether additional review or HLC action, including sanction or withdrawal of accreditation, is appropriate. HLC may undertake its review in any way provided for in HLC policy.

Policy Title: Accelerated Process for Initial Accreditation

Number: INST.B.20.032

In some instances, institutions that meet the qualifications listed below may be eligible to apply for initial accreditation through an accelerated process.

The accelerated process is distinct from HLC’s other processes for seeking accreditation. An institution participating in an accelerated process does not participate in the Eligibility Process. The institution does not hold candidacy status, and thus does not hold any status with HLC, prior to being granted initial accreditation.

Qualifications to Apply for Initial Accreditation Through the Accelerated Process

An institution must meet the following qualifications in order to apply for initial accreditation through the accelerated process:

1. The institution, in its current form, is currently institutionally accredited (a) by an **accreditor agency** that is recognized by the U.S. Department of Education and that is historically known as a regional accreditor or (b) by a state entity that is recognized by the U.S. Department of Education as an institutional accreditor of degree-granting institutions of higher education;
2. The institution, in its current form, has (a) been accredited by its current institutional **accreditor agency** for at least the past ten (10) years or (b) has undergone a reaffirmation of accreditation review with its current institutional **accreditor agency** in the past two (2) years that did not result in a sanction or other similar negative action; and
3. The institution, in its current form, has not been placed on a sanction, show-cause order, or other similar negative action with its current institutional **accreditor agency** for at least the past ten (10) years.
