

The Next Generation Internet Initiative

A European Commission Project aided by the FSFE

NEXT GENERATION INTERNET

INTERNET OF HUMANS

An Internet for a free and open digital society

- Openness
- Inclusivity
- Transparency
- Privacy
- Cooperation
- Security

How can NGL accomplish this?

- Assistance to new technologies / software projects
 - Financial assistance
 - Technical assistance

NGIO Actions

- NGIO Privacy and Trust Enhancing Technologies (PET)
 - <https://nlnet.nl/PET/>
- NGIO Search and Discovery (DISCOVERY)
 - <https://nlnet.nl/discovery/>

How Do These NGI0 Actions Work?

- Be working on developing a software project that meets these NGI aims
- Apply
 - <https://nlnet.nl/PET/>
 - <https://nlnet.nl/discovery/>
- Receive funding and assistance from the NGI0 consortium

FSFE's Role

- Accuracy
- Compatibility
- REUSE Compliance

<https://download.fsfe.org/NGI0/>

REUSE Compliance

REUSE
SOFTWARE

<https://reuse.software/>

Get Involved!

Thank You!
