

## Change website URL

A personal URL is assigned to you at your first registration in **servicecamp** (e. g. **https://www.YOURCOMPANY.servicecamp.com**). The URL is based on your email address (e. g. **user@YOURCOMPANY.com**). You can change this URL if necessary.

To do so, open [www.servicecamp.com](http://www.servicecamp.com) and sign in.

1 Open the settings under "Administration > General Settings".

2 Click on "Change your subdomain", to change the existing website URL.

3 Define your desired URL.

✓ You are logged out and forwarded to your new URL.

A Keep in mind that your old URL no longer exists after you have changed your URL. Also the email addresses of your inboxes will change.
