

Add staff

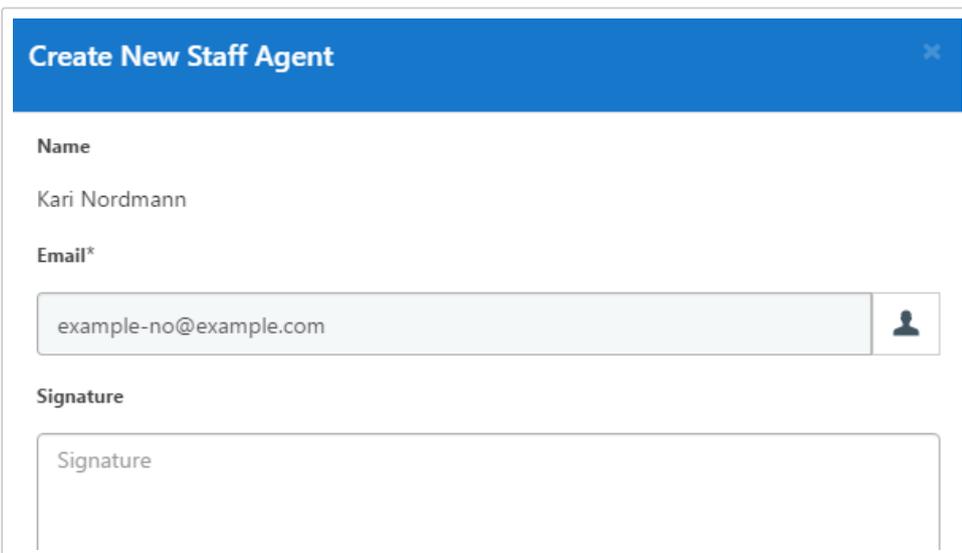

Set the credentials for the staff of your company and define their access authorizations in **servicecamp**.

To do so, open www.servicecamp.com and sign in.

1 Open the settings under "Administration > Staff Agents".

2 Click on "Add Staff Agent" to add a new staff agent.

3 Define details like email address, access authorizations and personal data.

The created staff agent appears in the list of staff and is able to edit tickets for the assigned inboxes.
