Progress Policy Guidelines

Institutions are required by law to have and to enforce standards of progress for their programs to be approved for VA benefits. These standards should be stated plainly in the catalog or bulletin. The policy must define the following:

- School's grading system
- School's grading period
- Minimum grades considered satisfactory
- A clear description of any probation period
- Conditions for interruption of training due to unsatisfactory grades or progress
- Conditions for student's reentrance/admission following dismissal/suspension for unsatisfactory progress

School officials are responsible for enforcing the established standards of progress. This will require that you specify intervals between initial enrollment and graduation/completion when each student's progress will be evaluated.

Schools that provide a period of academic probation may not continue to certify a veteran or eligible person for an indefinite period of time. It is not unreasonable to expect that an institution will report a termination due to unsatisfactory progress if a student remains on academic probation beyond two (2) terms, quarters or semesters without an improvement in his/her academic standing.

Please ensure that your progress policies for undergraduate, graduate, law school and certificate programs meet the above requirements. If your catalog does not contain all of this information, a progress policy must be submitted as an addendum to the current catalog (and noted on the true and correct statement).

<p><i>NOTE: All school policies pertaining to attendance, academic progress and program completion must be the same for VA-certified students as the general student population.</i></p>

Statement of Assurance of Compliance with 85/15 Enrollment Ratios

The Code of Federal Regulations (38 CFR 21.4201) states VA shall not approve the enrollment of any VA-eligible person, not already enrolled, in any course for any period during which more than 85 percent of the students enrolled in the course are having all or part of their tuition, fees, or other charges paid to or for them by an Educational Institution or VA. VA is requesting that you provide this information within 30 days.

Instructions for completing this form:

Column #1 – Program Name: List each program approved for VA education benefits. All concentrations (may also be identified by school as emphasis; specializations; etc.) must be listed and computed separately. If “**Undeclared**” is listed, those students counted within that program may have only taken general education coursework. Any undeclared student who has taken courses associated with a specific major’s curriculum must be calculated within that program, even if student has not officially declared that major.

If the program is offered at more than one location, i.e. main campus and a branch or extension location, the program must be listed and computed separately for each location.

Column #2 – Number of (Full-time Equivalent) FTE VA Students: Enter the number of FTE students in receipt of VA education benefits. (If the “VA student” elects to not use benefits or if eligibility for benefits has ended, the student should not be counted in column #1).

How are students counted using institutional aid?

If VA students are excluded from the school's financial aid (i.e., grants, scholarships, or other financial assistance including the school disregarding nonpayment) because they are entitled to VA benefits, the school must count them on the VA side of the ratio even if they are not receiving VA benefits. This requirement does not apply to financial assistance from the school or federal agencies for graduate level training

Example:

- XYZ Scholarship, an institutional tuition waiver is not available to veterans due to the fact they receive VA education benefits. The number of non-VA students receiving XYZ Scholarship must be added with VA students in column #2.
- XYZ Scholarship, an institutional tuition waiver is available to ALL students who qualify regardless of receipt of any other educational assistance. The number of non-VA students receiving XYZ scholarship will not be counted in column #2.

How are part-time students counted?

The FTE should be computed by multiplying the number of part-time students by their individual training time (non-ch33) or rate of pursuit (ch33) and then add that number to the full-time number.

For example:

<u># Students</u>	<u>X</u>	<u>TT/RoP</u>	<u>=</u>	<u>FTE</u>
20	x	.25	=	5
15	x	.5	=	7.5
<u>10</u>	x	.75	=	<u>7.5</u>
45				20

These 45 part-time students equate to a total of 20 FTE and should be added to the total full-time number.

Column #3 – Number of FTE Non-VA Students: Enter the number of FTE students not already counted in column #1

Column #4 – Total Enrollment: Enter the total number of students enrolled in the program. (Column 4 should be the sum of column 2 and 3)

Column #5 – VA Student Percentage: Divide the number of FTE VA students entered in column #2 by the total number of students enrolled as listed in column #4. The result should be entered as a percentage.

For example:

6 total FTE VA students / 20 total enrollment = .3 or 30% (30% would be entered in Column 5)

Column # 6– Date of Calculation (self-explanatory)

VA has identified the following programs as consisting of flight training. If you have any additional programs that include flight training that are not listed here, you should include them and provide the requested information

COLUMN 1	COLUMN 2	COLUMN 3	COLUMN 4	COLUMN 5	COLUMN 6
Program Name	Number of FTE VA Students	Number of FTE Non-VA Students	Total Enrollment	VA Student Percentage	Date of Calculation

PRACTICAL TRAINING
(Title 38 Code of Federal Regulations 21.4265)

Name and location of School

Accrediting Body

Practical training is academic training that includes actual job training. These courses are an integral part of the course, required for the completion of the course, and are under the direction and supervision of the school. If specifically approved, these types of courses can be certified either in credit hours or clock hours, whichever is more advantageous to the veteran.

CHECK THE TYPE OF PRACTICAL TRAINING BEING REQUESTED FOR APPROVAL

- Medical/Dental Specialty Courses (clinical training given off-campus such as medical/dental assistant externships or X-ray technician)
- Registered Nursing Courses (clinical courses with hospital or fieldwork phases)
- Licensed Vocational Nursing Courses (academic subjects and clinical training)
- Professional Training Courses (including Teacher Certification courses)
- Practical Training (externships or practicums in any other field that require class attendance on at least a weekly basis to provide for interaction between instructor and student)

I request that the applicable practical training courses be assessed as institutional training under the provisions of 38 CFR 21.4265. I certify that these courses are an integral part of the curriculum, are required for graduation, are under the direction of the school, and the student remains enrolled in the school during these courses. These courses may be certified in either credit or clock hours.
