Which Type of Account Should I Get?

Basic: You can apply online and get an account instantly, without having your identity verified in person. A Basic Account lets you customize the site and access information you enter into eBenefits yourself. But you cannot see your personal information in VA or DoD systems. The main advantage is this: with a Basic Account you can upgrade more quickly to Premium when you go in person to a VA Regional Office or TRICARE Service Center.

Premium: You must verify your identity in person to get a Premium Account. This gives you the highest level of access to eBenefits features. You can view personal data about yourself in VA and DoD systems, apply for benefits online, check the status of your claims, update your address records, and more.

@mattbfarwell I was as skeptical as a Truther when this was floated. It's the first of its kind though, so what can it be? Hopefully useful.

@mattbfarwell Off to bed (it's late on this coast). Let me know what others think of the app!

@mattbfarwell We're all busy these days, so I'm all for potentially helpful info in a too-easy app. Perhaps it's too early to write-off.

@mattbfarwell That said, it's still new and can definitely be improved. Feedback is crucial to help us make it a useful tool.

Order Medical Equipment

Veterans who currently receive VA care can request items for which they require an ongoing supply. Most requests are answered in less than an hour, though in rare cases a request could take up to two days.

Select What You Would Like to Order

You must be under the care of a VA Audiology, Prosthetics, or Home Telehealth clinic in order to request and receive the below items from the DALC.

- [Batteries \(for Hearing Aids and Other Medical Devices\)](#)
- [Prosthetic Socks](#)

Click on either Batteries or Prosthetic Sock to select the item to order

More Information

Batteries (for Hearing Aids and Other Medical Devices)

The DALC provides batteries for hearing aids and related medical devices and Telehealth equipment, as long as the device is authorized for use on the Veteran's clinical record. This includes equipment issued by the VA or obtained elsewhere but registered in the VA system.

Prosthetic Socks

Veterans who are amputees or have otherwise lost a limb can obtain prosthetic socks from the DALC.

Other Available Products

Hearing aid accessories such as external wax guards, cords, and ear hooks can also be obtained through the DALC. Orthopedic corsets, belts, abdominal binders, and braces/supports are also available for management of spinal or orthopedic disabilities. Watch for many of these items to be available through online ordering in the future. Until then, consult your VA provider or the DALC Customer Service at (303) 914-5145 for further information.
