

Associate of Arts in Early Childhood Care and Education

The Associate of Arts in Early Childhood Care and Education prepares you to work with young children from birth to 5 years of age in a variety of private and public childcare and educational settings.

In addition, courses in the program can help you prepare to pursue the Child Development Associate (CDA) certification (<http://www.cdacouncil.org>) sponsored by the Early Childhood Education Training Institution and the Council for Professional Recognition

Knowledge gained in this online associate program can also serve as a springboard to a related baccalaureate degree.

Degree Program Objectives

In addition to the institutional and degree level learning objectives, graduates of this program are expected to achieve these learning outcomes:

- Describe the scope and principal theories of early childhood care and education.
- Describe how existing knowledge and practice in early childhood care and education is tested and revised.
- Use appropriate research documents on early childhood care and education, and cite appropriately.
- Demonstrate the ability to apply concepts learned in the classroom to real-life settings.
- Describe their own cultural background and how this background has influenced their own beliefs and practices in the field of child development and family studies.
