Friends,

As I'm sure you are already well aware, the Biden Administration and the CDC recently issued a series of confusing policy changes on issues such as mask mandates, vaccine efficacy, and the status of America's reopening. The mixed messages unfortunately caused hysteria around the country, and making matters worse, Democrats are seizing the moment as an excuse to reimpose sweeping COVID mandates.

**TWEET:** [In Speaker Pelosi's words: "We cannot require someone to be vaccinated."](#)

In Washington, Mayor Bowser reinstated indoor mask mandates in the District and Speaker Pelosi issued new mask orders in the House of Representatives for Congressional staff and members. Of course, both of these politicians immediately [ignored their own mask mandates](#). And for reference, during the last two weeks of July, D.C. had nearly triple the number of homicides than deaths stemming from COVID. In New York, [Mayor De Blasio announced a chilling program](#) that requires proof of vaccination for indoor activities.

**But here's the truth:** President Biden and Democrats' new mandates have nothing to do with concern over COVID or variants, it's about keeping power and control. How do we know? It's simple, [thousands of COVID-positive migrants](#) are being released into our communities every day. If "stopping the spread" was truly the Left's goal here, the border would be shut down immediately.

**Here's another truth:** President Trump's historic Operation Warp Speed delivered safe, effective vaccines that are widely available to Americans. Despite this misinformation coming from the White House and the CDC, the truth remains that the vaccines are effective. It is time to resume our normal lives.

[No more lockdowns. No more mandates. No vaccine passports.](#)

I encourage all my constituents to consider the benefits of getting vaccinated but understand this is a deeply personal decision that you must make for yourself in consultation with your doctor. As we put this public health nightmare behind us, I pledge to stand resolutely against mask mandates, vaccine passports, mandatory vaccination

requirements, and disastrous lockdowns that have inflicted so much harm on our citizens. The government should not be allowed to extend this misery any longer.

<p>Do you agree with continuing mask mandates?</p> <p><u>Yes</u></p> <p><u>No</u></p>
