

FACT SHEET DMLSS

JUST-IN-TIME LOGISTICS

The Defense Medical Logistics Standard Support (DMLSS) is an information technology system within the Defense Medical Logistics - Enterprise Solution (DML-ES) portfolio. The DML-ES portfolio provides a continuum of medical logistics support for the Defense Health Agency (DHA). DMLSS supports all medical logistics functions in the Military Health System.

DMLSS delivers an automated and integrated information system with a comprehensive range of medical logistics management functions. It is a local server-based application that supports medical logistics functions internal to a military treatment facility (MTF), deployed MTFs and War Reserve Management sites. DMLSS supports all local medical logistics business practices including catalog research and purchase decisions, customer inventory management, medical inventory management, biomedical equipment maintenance, property management, facility management, assemblage management, plus distribution and transportation functions.

Background:

While DMLSS has provided excellent medical logistics support for the past 20 years, it is currently undergoing a technical refresh. By 2020, DMLSS will fully transition to LogiCole which moves all legacy MEDLOG applications into a single, web-based application.

Key Features

- ▶ Allows customers to select and order medical supplies for the best value
- ▶ Implements just-in-time logistics, eliminating large stocks of inventory
- ▶ Helps hospitals and clinics manage facilities and maintain medical equipment

Key Benefits

- ▶ Reduces the time health care providers and professionals spend on logistics planning and management
- ▶ Improves the effectiveness, efficiency and quality of health care delivery
- ▶ Permits the DHA to be compliant with federal standards
 - Federal Drug Administration
 - Federal Information Security Management Act
 - Federal Financial Management Improvement Act
 - Joint Commission

SDD is a component of DHA DAD IO (J-6). For more information, visit www.health.mil/SDD. To subscribe for SDD product news, please visit <https://public.govdelivery.com/accounts/USMHS DHSS/subscriber/new>.
