POLITICOPRO

FEATURE: PROJECTS

The Place for Policy Professionals.

Collaboration is essential to making sure your team works efficiently and with the most up-to-date materials. With POLITICO Pro's Projects, you can easily organize all your content in one place and keep your team aligned as you work to achieve your policy goals.

ORGANIZE CONTENT TO ALIGN WITH THE WAY YOU WORK.

ONE DESTINATION TO COLLABORATE WITH YOUR TEAM.

BETTER TEAMWORK
Working in silos creates inefficiencies for your team. With Projects, Pro users can collaborate on initiatives, resulting in greater transparency and a streamlined workflow.

GREATER FLEXIBILITY
Organize your work in a way that works for you. Group information according to what is most important to you, by issue area, campaign, or client.

STREAMLINED TRACKING & SAVING
Consolidate key information from across the Pro platform into one destination.

MAINTAIN CONTINUITY
Track and save content including rules, comments, documents, saved searches, and directory contacts in a Project. Share your Project notes with colleagues so your team is in-sync.

INSTANT ALERTS
Get alerts when your Projects have been updated based on a bill you are tracking, the number or types of contacts you saved, and any news updates.

GROUP KEY INFORMATION
Create folders within your projects to organize your content in the way that makes sense for your team.

PROJECT OVERVIEW
View all your important Project information at a glance including recently added Premium content, a notes feed, changes to tracked items, and suggested content.

LEGISLATION & REGULATION FEEDS
Create and customize feeds based on the topics, organizations, and people you set as Project criteria. These feeds can be turned on and off and customized by specific states.

PROJECT LIBRARY (PREMIUM ONLY)
Save time with prepopulated projects delivered to you, so when your workflows change, you have a place to start. Our expert editors select content for you, including the major players, legislation, regulation, news, and Premium content that help you stay on top of critical issues.
