Wherever You lead us, today and in the days to come, may we readily follow. And when we cannot know what lies ahead, increase our faith. May we have confidence that You have prepared for us all that we could ever hope for. In You is the assurance that the way will be made clear.

COMMITTEE RESOLUTION

LEASE—DEPARTMENT OF THE TREASURY
INTERNAL REVENUE SERVICE, SAN JOSE, CA

Resolved by the Committee on Transportation and Infrastructure of the U.S. House of Representatives, that pursuant to 40 U.S.C. 3307, appropriations are authorized for a lease of up to 69,000 rentable square feet of space for the Internal Revenue Service located at 55 S. Market Street in San Jose, CA, at a proposed total annual cost of \$4,105,500 for a lease term of up to 20 years, a prospectus for which is attached to and included in this resolution.

Approval of this prospectus constitutes authority to execute an interim lease for all tenants, if necessary, prior to the execution of the new lease.

Provided that, the Administrator of General Services and tenant agency(ies) agree to apply an overall utilization rate of 174 square feet or less per person, except that, if the Administrator determines that the overall utilization rate cannot be achieved, the Administrator shall provide an explanatory statement to the Committee on Transportation and Infrastructure of the House of Representatives prior to exercising any lease authority provided in this resolution.

Provided that, except for interim leases as described above, the Administrator may not enter into any leases that are below prospectus level for the purposes of meeting any of the requirements, or portions thereof, included in the prospectus that would result in an overall utilization rate of 174 square feet or higher per person.

Provided that, to the maximum extent practicable, the Administrator shall include in the lease contract(s) a purchase option that can be exercised at the conclusion of the firm term of the lease.

Provided further, that the General Services Administration shall not delegate to any other agency the authority granted by this resolution.

Provided further, that the Administrator shall require that the delineated area of the procurement is identical to the delineated area included in the prospectus, except that, if the Administrator determines that the delineated area of the procurement should not be identical to the delineated area included in the prospectus, the Administrator shall provide an explanatory statement to the Committee on Transportation and Infrastructure of the House of Representatives

prior to exercising any lease authority provided in this resolution.

Provided further, not later than 30 calendar days after the date on which a request from the Chair or Ranking Member of the Committee on Transportation and Infrastructure of the House of Representatives is received by the Administrator of General Services, the Administrator shall provide such Member a response in writing that provides any information requested regarding the project.

Provided further, the Administrator of General Services may not enter into this lease if it does not contain a provision barring any individual holding a Federally-elected office, regardless of whether such individual took office before or after execution of this lease, to directly participate in, or benefit from or under this lease or any part thereof and that such provision provide that if this lease is found to have been made in violation of the foregoing prohibition or it is found that this prohibition has been violated during the term of the lease, the lease shall be void, except that the foregoing limitation shall not apply if the lease is entered into with a publicly-held corporation or publicly-held entity for the general benefit of such corporation or entity.

Provided further, prior to entering into this lease or approving a novation agreement involving a change of ownership under this lease, the Administrator of General Services shall require the offeror or the parties requesting the novation, as applicable, to identify and disclose whether the owner of the leased space, including an entity involved in the financing thereof, is a foreign person or a foreign-owned entity; provided further, in such an instance, the Administrator of General Services shall notify the occupant agency(ies) in writing, and consult with such occupant agency(ies) regarding security concerns and necessary mitigation measures (if any) prior to award of the lease or approval of the novation agreement.

Provided that, to the maximum extent practicable, the Administrator of General Services shall require that the lease procurement consider the availability of public transportation consistent with agency mission requirements and that the space to be leased be renovated for all cost effective improvements, including renewable energy upgrades, water efficiency improvements, and indoor air quality optimization, that reduce greenhouse gas emissions.

Background

The IRS mission is to provide America's taxpayers top quality service by helping them understand and meet their tax responsibilities and by applying the tax law with integrity and fairness to all.

Justification

This IRS field office fulfills a critical need to support the agency's mission and operational needs for the greater San Jose area. The field office executes reviews and audits of tax returns, appeal resolution, and other necessary compliance and enforcement activities.

The current leases at 55 South Market Street in San Jose, CA, expire on March 19, 2023, and October 6, 2021. IRS requires continued housing to carry out its essential mission.

Summary of Energy Compliance

GSA will incorporate energy efficiency requirements into the Request for Lease Proposals and other documents related to the procurement of space based on the approved prospectus. GSA encourages offerors to exceed minimum requirements set forth in the procurement and to achieve an Energy Star performance rating of 75 or higher.

Resolutions of Approval

Resolutions adopted by the House Committee on Transportation and Infrastructure and the Senate Committee on Environment and Public Works approving this prospectus will constitute approval to make appropriations to lease space in a facility that will yield the required rentable area.

² This estimate is for fiscal year 2023 and may be escalated by 2 percent annually to the effective date of the lease to account for inflation. The proposed rental rate is fully serviced including all operating expenses, whether paid by the lessor or directly by the Government. GSA will conduct the procurement using prevailing market rental rates as a benchmark for the evaluation of competitive offers and as the basis for negotiating with offerors to ensure that lease award is made in the best interest of the Government.

³ New leases may contain an escalation clause to provide for annual changes in real estate taxes and operating costs.

Acquisition Strategy

In order to maximize the flexibility and competition in acquiring space for SSA, GSA may issue a single, multiple-award solicitation that will allow offerors to provide blocks of space able to meet requirements in whole or in part. All offers must provide space consistent with the delineated area defined by this prospectus.

Background

The mission of SSA is to deliver quality social security services to the public through the three programs it administers under the Social Security Act: the Old-Age and Survivors Insurance program, the Disability Insurance program, and the Supplemental Security Income program. SSA's Office of Hearing Operations (OHO) and Office of Analytics, Review, and Oversight (OARO) are two components responsible for holding hearings, issuing decisions, and reviewing appeals as part of SSA's process for determining whether a person may receive benefits. The Office of Retirement and Disability Policy (ORDP) is responsible for all major activities in the areas of strategic and program policy planning, policy research and evaluation, statistical programs, and overall policy development, analysis, and implementation.

OHO is one of the largest administrative adjudication systems in the world and directs a nationwide field organization of administrative law judges (ALJ) who conduct impartial hearings and make decisions on appealed determinations involving retirement, survivors, disability, and supplemental security income benefits. OARO reviews ALJ decisions on appeal by claimants, or on its own motion, and processes cases appealed to Federal court. The OARO Office of Appellate Operations serves through the Appeals Council as the final level of administrative review for claimants appealing ALJ denials and dismissals of claims. The Office of Appellate Operations also collects and analyzes nationwide data on policy compliance of adjudicators and performance of the adjudication process. ORDP directs and manages the planning, development, issuance, and evaluation of operational policies, standards, and instructions for the Retirement and Survivors Insurance, Disability Insurance, Supplemental Security Income (SSI) program, and other SSA programs.

Justification

SSA is currently housed at 5107 Leesburg Pike, Falls Church, VA; 2121 Crystal City Drive, Arlington, VA; and 250 E. Street SW, Washington, DC, in leases that expire on September 30, 2024, October 24, 2024, and January 22, 2029, respectively. SSA requires continued housing to carry out its mission. Combining these components into one location will allow SSA to take advantage of economies of scale and shared common space, and significantly reduces the overall footprint and rent of the agency.

Co-location of SSA entities into a single location allows for synergy of mission and captures economies of scale. The proposed requirement incorporates SSA's new housing space standards in addition to resource sharing, yielding a 48-percent reduction in the amount of total space and a 50-percent improvement in overall utilization rate. Depending on the location, SSA's estimated rental expenses will be reduced by up to \$5.3 million annually.

Summary of Energy Compliance

GSA will incorporate energy efficiency requirements into the Request for Lease Proposals and other documents related to the procurement of space based on the approved prospectus. GSA encourages offerors to exceed minimum requirements set forth in the procurement and to achieve an Energy Star performance rating of 75 or higher.

Resolutions of Approval

**PROSPECTUS – LEASE
INTERNAL REVENUE SERVICE
COVINGTON, KY**

Prospectus Number: PKY-01-CO21
Congressional District: 4

Background

The IRS's mission is to provide America's taxpayers top quality service by helping them understand and meet their tax responsibilities and by applying the tax law with integrity and fairness to all. Based on the tax laws passed by Congress, the IRS's role is to help the large majority of compliant taxpayers with the tax law, while ensuring that the minority who are unwilling to comply do pay their fair share.

The Gateway Center leased buildings primarily house IRS's Accounts Management Group as well as a large call site operation. Originally, these buildings functioned as support to the federally owned IRS Service Center located at 200 W. 4th Street. In September 2016, IRS decided to downsize their agency footprint by ramping down operations in various cities, including the federally owned Covington Service Center facility. IRS vacated the Service Center facility at the end of December 2019. The remaining operations from this facility were absorbed into their space within the Gateway Center and Gateway Center West leased buildings as well as their IRS Annex lease located at 7940 Kentucky Drive in Florence, KY.

Justification

Due to the existing level of adequate available space, dock facilities, parking, and advantageous proximity to major highways and interstates, as well as the anticipated high cost to relocate security, modernization and information technology services, furniture and equipment, and a large quantity of files and documents, GSA will consider whether IRS's continued housing needs should be satisfied in the existing location based on an analysis of other potential locations in the delineated area. If other potential locations are identified, a cost-benefit analysis will be conducted to determine whether the Government can expect to recover the relocation and duplication costs of real and personal property needed for IRS to accomplish its mission.

The current lease located in Gateway Center at 333 Scott Street and in Gateway Center West at 3rd and Madison Avenue in Covington, expires on July 31, 2024. IRS requires continued housing to carry out its mission.

Summary of Energy Compliance

GSA will incorporate energy efficiency requirements into the Request for Lease Proposals and other documents related to the procurement of space based on the approved prospectus. GSA encourages offerors to exceed minimum requirements set forth in the procurement and to achieve an Energy Star performance rating of 75 or higher.

need to provide ongoing primary, mental health, and specialty care services to veterans residing in those areas.

The proposed lease will address utilization and space gaps at the current facility and will support major VA initiatives identified by the VA Secretary including: improve veterans' mental health, experience, and access to health care; enable 21st century benefits; and establish strong VA management infrastructure and integrated operating model and health informatics.

By consolidating the existing Veterans Health Administration clinic, Veterans Benefits Administration regional office, and VA Veterans Center in the Ewa Plain of Oahu, the proposed lease enables the VA Pacific Island Health Care System (VAPIHCS) to more efficiently provide services to veterans located on the island. In addition, the new facility will decompress the VA Spark M. Matsunaga Medical Center and provide space for interdisciplinary team delivery, integration of services into the treatment plan, and optimization of health and wellness.

Providing service in this region improves access to care for veterans by reducing wait and drive times, and enables VA to meet all current and projected demand for services. Additionally, the proposed lease will educate and empower minority and woman veterans through effective outreach, education, and monitoring of the provision of VA benefits and services. The Ewa Plain/Leeward, central, and north shore areas of Oahu contain many minority and woman veterans that will be served through specified and tailored programs that bring awareness to the entitlement of benefits and conduct targeted outreach programs.

This project was initially approved as part of VA's 2014 budget request and was subsequently authorized by the House Committee on Transportation and Infrastructure and the Senate Committee on the Environment and Public Works in 2017. After completing requirements development and market analysis, VA's attempts at procurement were unsuccessful as all offers were above the approved maximum rental rate. Approval of this amended prospectus would allow VA to award a lease under an active solicitation.

Summary of Energy Compliance

Energy efficiency requirements will be incorporated into any proposed contract and other documents related to the procurement of space based on the approved prospectus. Offerors are encouraged to exceed minimum requirements set forth in the procurement and to achieve an Energy Star performance rating of 75 or higher.

Acquisition Strategy

In order to maximize the flexibility and competition in acquiring space for the NPS, GSA may issue a single, multiple-award solicitation that will allow offerors to provide blocks of space able to meet requirements in whole or in part. All offers must provide space consistent with the delineated area defined by this prospectus.

Background

The NPS mission is to preserve unimpaired the natural and cultural resources and values of the National Park System for the enjoyment, education, and inspiration of this and future generations. NPS cooperates with partners to extend the benefits of natural and cultural resource conservation and outdoor recreation throughout this country and the world.

Justification

NPS requires continued housing in Lakewood, CO, to carry out its mission. The lease will house three primary divisions:

Intermountain Region (IMR): IMR oversees documentation of structures and sites recorded in Arizona, Colorado, Montana, New Mexico, Oklahoma, Texas, Utah, and Wyoming.

Washington Support Office (WASO): The NPS national headquarters and support centers are collectively called the Washington Support Office (WASO). leadership and advocacy, policy and regulatory formulation and direction, program guidance, budget formulation, legislative support, and accountability for programs and activities managed by the field and key program offices. It manages service-wide programs that can most effectively be carried out from a central location.

Denver Service Center (DSC): DSC is the central planning, design, and construction management project office for NPS. DSC provides park and community planning, design and construction project management, transportation planning, contracting services, and technical information management for the parks and regions in the national park system.

The proposed lease will ensure continuity of operations for NPS while consolidating two separate leases and reducing the space requirement by approximately 29,000 RSF. NPS is currently housed at 12795 Alameda Parkway in Lakewood, CO, and 7333 W Jefferson Avenue in Lakewood, CO, in leases that expire September 30, 2024, and September 15, 2022.

Provided further, that the General Services Administration shall not delegate to any other agency the authority granted by this resolution.

Provided further, not later than 30 calendar days after the date on which a request from the Chair or Ranking Member of the Committee on Transportation and Infrastructure of the House of Representatives is received by the Administrator of General Services, the Administrator shall provide such Member a response in writing that provides any information requested regarding the project.

Provided further, the Administrator of General Services may not enter into this lease if it does not contain a provision barring any individual holding a Federally-elected office, regardless of whether such individual took office before or after execution of this lease, to directly participate in, or benefit from or under this lease or any part thereof and that such provision provide that if this lease is found to have been made in violation of the

foregoing prohibition or it is found that this prohibition has been violated during the term of the lease, the lease shall be void, except that the foregoing limitation shall not apply if the lease is entered into with a publicly-held corporation or publicly-held entity for the general benefit of such corporation or entity.

Background

Nationwide, SEC’s mission is to protect investors, maintain fair, orderly, and efficient markets, and facilitate capital formation. SEC oversees key participants in the securities world, including securities exchanges, securities brokers and dealers, investment advisors, and mutual funds. The agency’s primary concern is promoting the disclosure of important market-related information, maintaining fair dealing, and protecting against fraud. Crucial to SEC's effectiveness in each of these areas is its enforcement authority. Each year SEC brings hundreds of civil enforcement actions against individuals and companies for violation of the securities laws. Typical infractions include insider trading, accounting fraud, and providing false or misleading information about securities and the companies that issue them.

SEC oversees and regulates the U.S. securities markets; SEC also works closely with many other institutions, including Congress, other Federal departments and agencies, the self-regulatory organizations (e.g. the stock exchanges), State securities regulators, and various private-sector organizations. SEC has approximately 4,600 staff located in Washington, DC, and in 11 regional offices throughout the country.

The San Francisco Regional Office (SFRO) has jurisdiction in Washington, Oregon, Alaska, Montana, Idaho, and Northern California. The SFRO staff includes accountants, attorneys, examiners, paralegals, and other professionals who are responsible for the regulation, examination, enforcement, and oversight of the securities industry, securities markets, and the financial services industry.

Justification

SEC is currently housed at 44 Montgomery Street in San Francisco, CA, in a delegated lease that expires January 31, 2022. SEC requires continued housing to carry out its mission and needs to be located in the Financial District of San Francisco as the agency interacts with the investing public, other financial services regulators, self-regulatory organizations (SRO), and other professionals.

Summary of Energy Compliance

GSA will incorporate energy efficiency requirements into the Request for Lease Proposals and other documents related to the procurement of space based on the approved prospectus. GSA encourages offerors to exceed minimum requirements set forth in the procurement and to achieve an Energy Star performance rating of 75 or higher.

Executive Summary

The General Services Administration (GSA) proposes a lease of approximately 331,000 rentable square feet (RSF) for the Department of Justice (DOJ), Antitrust and Civil Divisions, currently located at Liberty Square, 450 Fifth St. NW, Washington, DC. DOJ has occupied space at this location since November 8, 2007, under a lease that expires on January 11, 2023.

The new lease will provide continued housing for DOJ and will improve the office and overall space utilization rate from 211 to 132 and 359 to 220 usable square feet (USF) per person, respectively.

¹ The RSF/USF at the current location is approximately 1.15; however, to maximize competition a RSF/USF ratio of 1.20 is used for the estimated proposed maximum RSF as indicated in the housing plan.

² Security requirements may necessitate control of parking at the leased location in addition to the official parking spaces identified in the prospectus. If the additional parking resulting from security requirements is included in the leasehold interest in the building, the proposed total annual cost and maximum proposed rental rate may exceed the amounts indicated above.

Acquisition Strategy

In order to maximize the flexibility and competition in acquiring space for DOJ, GSA may issue a single, multiple-award solicitation that will allow offerors to provide blocks of space able to meet requirements in whole or in part. All offers must provide space consistent with the delineated area defined by this prospectus.

Background

The mission of DOJ is to enforce the law and defend the interests of the United States according to the law; to ensure public safety against threats foreign and domestic; to provide Federal leadership in preventing and controlling crime; to seek just punishment for those guilty of unlawful behavior; and to ensure fair and impartial administration of justice for all Americans.

Both the Antitrust Division and the Civil Division report to the Associate Attorney General. The mission of the Antitrust Division is to promote economic competition through enforcing and providing guidance on antitrust laws and principles. The DOJ Civil Division represents the United States, its departments and agencies, Members of Congress, Cabinet Officers, and other Federal employees in any civil or criminal matter within its scope of responsibility. The Civil Division’s responsibilities include ensuring the Federal Government speaks with one voice in its view of the law; preserving the intent of Congress; advancing the credibility of the Government before the courts; and protecting the public fisc (i.e., the U.S. Treasury).

Justification

DOJ’s Antitrust Division and Civil Division are currently housed at 450 Fifth St. NW in a lease that expires January 11, 2023. These DOJ components require continued housing to carry out their missions.

Summary of Energy Compliance

**PROSPECTUS – LEASE
UNITED STATES ATTORNEY’S OFFICE
NEW YORK, NY**

Prospectus Number: PNY-02-NY21
Congressional District: 10

Background

The U.S. Attorneys serve as the Nation's principal litigators under the direction of the Attorney General. There are 93 U.S. Attorneys stationed throughout the United States, Puerto Rico, the Virgin Islands, Guam, and the Northern Mariana Islands. U.S. Attorneys are appointed by, and serve at the discretion of, the President of the United States, with the advice and consent of the United States Senate. U.S. Attorneys conduct most of the trial work in which the United States is a party. They have three statutory responsibilities under title 28, section 547 of the United States Code:

- the prosecution of criminal cases brought by the Federal Government;
- the prosecution and defense of civil cases in which the United States is a party;
and
- the collection of debts owed the Federal Government that are administratively uncollectible.

Each office deals with every category of cases and handles a mixture of simple and complex litigation, and each U.S. Attorney exercises wide discretion in the use of his or her resources to further the priorities of the local jurisdictions and needs of their communities.

This location houses the offices of the Civil Division of the Southern District of New York. The District prosecutes cases involving violations of Federal laws and represents the interests of the United States Government and its agencies in criminal and civil matters. The District also investigates and prosecutes a broad array of criminal conduct of every conceivable magnitude, including terrorism, white collar and cybercrime, mortgage fraud, public corruption, gang violence, organized crime, international narcotics trafficking and civil rights violations. Similarly, the Office litigates among the most complex and significant civil cases the Department of Justice handles—from large affirmative civil fraud cases to cases in the environmental, health care, immigration and bankruptcy areas, as well as cases implicating classified information.

Justification

USAO is currently housed at 86 Chambers Street, New York, NY, in a lease that expires December 31, 2023. The District requires continued housing for the Civil Division to carry out its mission until it can execute a long-term relocation to the Jacob K. Javits Federal Building, which is being renovated as part of a separate prospectus.

Approval of this prospectus constitutes authority to execute an interim lease for all tenants, if necessary, prior to the execution of the new lease.

Provided that, the Administrator of General Services and tenant agency(ies) agree to apply an overall utilization rate of 158 square feet or less per person, except that, if the Administrator determines that the overall utilization rate cannot be achieved, the Administrator shall provide an explanatory statement to the Committee on Transportation and Infrastructure of the House of Representatives prior to exercising any lease authority provided in this resolution.

Provided that, except for interim leases as described above, the Administrator may not enter into any leases that are below prospectus level for the purposes of meeting any of the requirements, or portions thereof, included in the prospectus that would result in an overall utilization rate of 158 square feet or higher per person.

Provided that, to the maximum extent practicable, the Administrator shall include in the lease contract(s) a purchase option that can be exercised at the conclusion of the firm term of the lease.

Provided further, that the General Services Administration shall not delegate to any other agency the authority granted by this resolution.

Provided further, that the Administrator shall require that the delineated area of the procurement is identical to the delineated area included in the prospectus, except that, if the Administrator determines that the delineated area of the procurement should not be identical to the delineated area included in the prospectus, the Administrator shall provide an explanatory statement to the Committee on Transportation and Infrastructure of the House of Representatives prior to exercising any lease authority provided in this resolution.

Provided further, not later than 30 calendar days after the date on which a request from the Chair or Ranking Member of the Committee on Transportation and Infrastructure of the House of Representatives is received by the Administrator of General Services, the Administrator shall provide such Member a response in writing that provides any information requested regarding the project.

Provided further, the Administrator of General Services may not enter into this lease if it does not contain a provision barring any individual holding a Federally-elected office, regardless of whether such individual took office before or after execution of this lease, to directly participate in, or benefit from or under this lease or any part thereof and that such provision provide that if this lease is

found to have been made in violation of the foregoing prohibition or it is found that this prohibition has been violated during the term of the lease, the lease shall be void, except that the foregoing limitation shall not apply if the lease is entered into with a publicly-held corporation or publicly-held entity for the general benefit of such corporation or entity.

Provided further, prior to entering into this lease or approving a novation agreement involving a change of ownership under this lease, the Administrator of General Services shall require the offeror or the parties requesting the novation, as applicable, to identify and disclose whether the owner of the leased space, including an entity involved in the financing thereof, is a foreign person or a foreign-owned entity; provided further, in such an instance, the Administrator of General Services shall notify the occupant agency(ies) in writing, and consult with such occupant agency(ies) regarding security concerns and necessary mitigation measures (if any) prior to award of the lease or approval of the novation agreement.

Provided that, to the maximum extent practicable, the Administrator of General Services shall require that the lease procurement consider the availability of public transportation consistent with agency mission requirements and that the space to be leased be renovated for all cost effective improvements, including renewable energy upgrades, water efficiency improvements, and indoor air quality optimization, that reduce greenhouse gas emissions.

Executive Summary

The General Services Administration (GSA) proposes a lease of approximately 175,000 rentable square feet (RSF) for the consolidation of several mission-critical operations within the Department of Justice, Drug Enforcement Administration (DEA), currently located in two leased locations and within multiple small blocks of space at locations throughout the National Capital Region. DEA has occupied space at 14560 Avion Parkway in Chantilly, VA, and at 2675 Prosperity Avenue in Merrifield, VA, since 2/1/2002 and 8/24/2015, respectively, under two leases that expire in 2022 and 2025.

The new lease will provide continued housing for DEA and much needed expansion space and will maintain adequate utilization rates, although the office and overall space utilization rates will increase slightly from 73 to 90 and 130 to 158 usable square feet (USF) per person, respectively.

¹ The RSF/USF at the current location(s) are approximately 1.15; however, to maximize competition a RSF/USF ratio of 1.20 is used for the estimated proposed maximum RSF as indicated in the housing plan.

² Security requirements may necessitate control of land near the leased location in addition to the official parking spaces identified in the prospectus. This may be accomplished as a lessor-furnished service, under an operating agreement with the lessor or part of the Government's leasehold interest in the building(s). If the additional parking resulting from security requirements is included in the leasehold interest in the building, the proposed total annual cost and maximum proposed rental rate may exceed the amounts indicated above.

DEA’s mission is to enforce the controlled substances laws and regulations of the United States and bring to the criminal and civil justice system of the United States, or any other competent jurisdiction, those organizations and principal members of organizations involved in the growing, manufacture, or distribution of controlled substances appearing in or destined for illicit traffic in the United States; and to recommend and support non-enforcement programs aimed at reducing the availability of illicit controlled substances on the domestic and international markets.

Acquisition Strategy

In order to maximize the flexibility and competition in acquiring space for the VBA, GSA may issue a single, multiple-award solicitation that will allow offerors to provide blocks of space able to meet requirements in whole or in part. All offers must provide space consistent with the delineated area defined by this prospectus.

Background

VBA's mission is to provide benefits and services to veterans and their families and survivors in a responsive, timely, and compassionate manner in recognition of their service to the Nation.

VBA serves as a leading advocate for service members, veterans, their families and survivors through nine different major program offices: Compensation Service; Pension and Fiduciary Service; Insurance Service; Education Service; Loan Guaranty Service; Office of Transition and Economic Development; vocational Rehabilitation and Employment Service; Office of Field Operations; and Appeals Management Center.

Justification

The Phoenix VBA Regional Office (VARO) currently occupies 95,558 RSF at 3333 North Central Avenue under a lease delegated to the Department of Veterans Affairs. VARO administers a wide array of benefits to our Nation's veterans in the Phoenix area, as well as assisting with claims nationally. VARO currently houses Education Service, Loan Guaranty, Pacific District Office, Veteran Service Center and Vocational Rehabilitation. The National Call Center (NCC) occupies a separate lease location at 3838 North Central Avenue

The VBA delegated lease currently expires on May 31, 2023. The separate National Call Center lease expires on February 19, 2023. VBA requires continued housing to carry out its mission. This project will consolidate these two leases (VARO and NCC) and allow VBA to meet updated space needs and standards.

COMMITTEE RESOLUTION

LEASE—ENVIRONMENTAL PROTECTION AGENCY,
NORTHERN, VA

Resolved by the Committee on Transportation and Infrastructure of the U.S. House of Representatives, that pursuant to 40 U.S.C. §3307, appropriations are authorized for a lease of up to 326,057 rentable square feet of space, including 6 official parking spaces, for the Environmental Protection Agency currently located at 2777 Crystal Drive, Arlington, VA, (One Potomac Yard) at a proposed total annual cost of \$12,716,223 for a lease term of up to 1 year, a prospectus for which is attached to and included in this resolution.

Approval of this prospectus constitutes authority to execute an interim lease for all tenants, if necessary, prior to the execution of the new lease.

Provided that, the Administrator of General Services and tenant agency(ies) agree to apply an overall utilization rate of 273 square feet or less per person, except that, if the Administrator determines that the overall utilization rate cannot be achieved, the Administrator shall provide an explanatory statement to the Committee on Transportation and Infrastructure of the House of Representatives prior to exercising any lease authority provided in this resolution.

Provided that, except for interim leases as described above, the Administrator may not enter into any leases that are below prospectus level for the purposes of meeting any of the requirements, or portions thereof, included in the prospectus that would result in an overall utilization rate of 273 square feet or higher per person.

Provided that, to the maximum extent practicable, the Administrator shall include in the lease contract(s) a purchase option that can be exercised at the conclusion of the firm term of the lease.

Provided further, that the General Services Administration shall not delegate to any other agency the authority granted by this resolution.

Provided further, that the Administrator shall require that the delineated area of the procurement is identical to the delineated area included in the prospectus, except that, if the Administrator determines that the delineated area of the procurement should not be identical to the delineated area included in the prospectus, the Administrator shall provide an explanatory statement to the Committee on Transportation and Infrastructure of the House of Representatives prior to exercising any lease authority provided in this resolution.

Provided further, not later than 30 calendar days after the date on which a request from the Chair or Ranking Member of the Committee on Transportation and Infrastructure of the House of Representatives is received by the Administrator of General Services, the Administrator shall provide such Member a response in writing that provides any information requested regarding the project.

Provided further, the Administrator of General Services may not enter into this lease if it does not contain a provision barring any individual holding a Federally-elected office, regardless of whether such individual took office before or after execution of this lease, to directly participate in, or benefit from or under this lease or any part thereof and that

such provision provide that if this lease is found to have been made in violation of the foregoing prohibition or it is found that this prohibition has been violated during the term of the lease, the lease shall be void, except that the foregoing limitation shall not apply if the lease is entered into with a publicly-held corporation or publicly-held entity for the general benefit of such corporation or entity.

Provided further, prior to entering into this lease or approving a novation agreement involving a change of ownership under this lease, the Administrator of General Services shall require the offeror or the parties requesting the novation, as applicable, to identify and disclose whether the owner of the leased space, including an entity involved in the financing thereof, is a foreign person or a foreign-owned entity; provided further, in such an instance, the Administrator of General Services shall notify the occupant agency(ies) in writing, and consult with such occupant agency(ies) regarding security concerns and necessary mitigation measures (if any) prior to award of the lease or approval of the novation agreement.

Provided that, to the maximum extent practicable, the Administrator of General Services shall require that the lease procurement consider the availability of public transportation consistent with agency mission requirements and that the space to be leased be renovated for all cost effective improvements, including renewable energy upgrades, water efficiency improvements, and indoor air quality optimization, that reduce greenhouse gas emissions.

**PROSPECTUS – LEASE
ENVIRONMENTAL PROTECTION AGENCY
NORTHERN, VA**

Prospectus Number: PVA-03-WA21
Congressional District: VA-8,10, 11

Justification

EPA currently occupies 264,935 RSF of space at the Potomac Yard complex, 2777 Crystal Drive, Arlington, Virginia. There is also approximately 61,122 RSF of space currently vacant. This space will remain in the extension as it will not be subdivided in the short term.

EPA has been planning, realigning offices, and relocating nearly 3,000 employees within the Federal Triangle in order to make room for the approximately 1,000 employees moving from Potomac Yard. The employee relocation through weekly moves and decommissioning at Potomac Yard was scheduled to be completed by February 2021, in time for lease expiration. However, due to the COVID-19 pandemic and surrounding events, the current schedule has been significantly delayed.

Adequate time is required to prepare the spaces within Federal Triangle for occupancy, including thorough cleaning and equipment moves; and due to the mandatory telework orders stemming from the pandemic, the weekly moves have been put on hold indefinitely. Accordingly, a lease extension will be necessary to avoid a holdover situation at the leased location and to provide EPA with continued housing to carry out its mission until relocation to Federal space is complete.

Resolutions of Approval

Resolutions adopted by the House Committee on Transportation and Infrastructure, and the Senate Committee on Environment and Public Works approving this prospectus will constitute approval to make appropriations to lease space in a facility that will yield the required rentable area.

Interim Leasing

GSA will execute such interim leasing actions as are necessary to ensure continued housing of the tenant agency prior to the effective date of the extension. It is in the best interest of the Government to avert the financial risk of holdover tenancy.

Acquisition Strategy

In order to maximize the flexibility and competition in acquiring space for the Census, GSA may issue a single, multiple-award solicitation that will allow offerors to provide blocks of space able to meet requirements in whole or in part. All offers must provide space consistent with the delineated area defined by this prospectus.

Background

Census is an integral part of the Department of Commerce, and a principal agency of the Federal Statistical System of the United States. The mission of Census is to serve as the leading source of quality data about the Nation's people and economy. Census honors privacy, protects confidentiality, shares its expertise globally, and conducts its work openly. Census is guided on this mission by its strong and capable workforce, its readiness to innovate, and its abiding commitment to its customers.

Justification

This location is the National Processing Center (NPC) for Census. NPC is the agency's primary center for mail processing, survey processing, data capture, and imaging/scanning. Census has a Contact Center that responds to caller inquiries and conducts telephone interviews. The agency collects and processes monthly, quarterly, and annual surveys that include demographic data, population statistics, economic indicators, housing statistics, business, construction, and foreign trade information, as well as other information. Some of the activities Census engages in are: the Decennial Census, the Economic Census, and the Census of Governments. Information collected from these studies allow for the distribution of more than \$675 billion in Federal funds. The NPC supports Census operations in all states, the District of Columbia, Puerto Rico and all U.S. territories. Without the National Processing Center, Census would be unable to fulfill its mission.

Census is currently located in a Federal facility that dates back to the American Civil War, is comprised of approximately ten buildings creating inefficiencies, and does not meet the agency's current needs. Significant investment in the Federal facility would be required for it to meet Census's long-term needs. The relocation of Census will allow for the disposal of the Federal facility and allow GSA to avoid approximately \$50 million in repair and alteration in short term and ten year investment liabilities.

Summary of Energy Compliance

GSA will incorporate energy efficiency requirements into the Request for Lease Proposals and other documents related to the procurement of space based on the approved prospectus. GSA encourages offerors to exceed minimum requirements set forth in the procurement and to achieve an Energy Star performance rating of 75 or higher.

Resolutions of Approval

Resolutions adopted by the House Committee on Transportation and Infrastructure, and the Senate Committee on Environment and Public Works approving this prospectus will constitute approval to make appropriations to lease space in a facility that will yield the required rentable area.

Interim Leasing

GSA will execute such interim leasing actions as are necessary to ensure continued housing of the tenant agency prior to the effective date of the new lease. It is in the best interest of the Government to avert the financial risk of holdover tenancy.

EXTENSIONS OF REMARKS

HONORING BETH BARTKE AS THE
2020 WOMAN OF THE YEAR

HON. MIKE THOMPSON

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

Friday, March 26, 2021

Mr. THOMPSON of California. Madam Speaker, I rise today to honor Beth Bartke, whom I have named the 2020 Woman of the Year in Contra Costa County, California. Woman of the Year recognizes women who have made important contributions to California's 5th Congressional District in Arts and Culture, Professional Achievement, Entrepreneurship and Innovation or Community Service.

Although she is proud to call Martinez home, Mrs. Bartke was born in Pasadena and spent most of her youth in San Fernando and Santa Rosa, initially coming to our district to pursue a degree in elementary education from Sonoma State University. She could not bring herself to leave its natural beauty and tight knit community, choosing to settle in the district permanently.

Dedicating her time and effort to the community she holds dear; she served on the Hercules City Council from 1992 to 1996 and was a ten-year board member for the Commissioner's Advisory Panel for the Rodeo-Hercules Fire Protection District and a thirteen year employee of the Pinole Police Department. Even in her retirement, Mrs. Bartke is committed to public safety and regularly volunteers with both the Pinole and Martinez Police Departments while simultaneously working to enhance community recognition and appreciation of our first responders throughout the district.

Beyond the time she gives to city government, Mrs. Bartke also works with our community's homeless population, operating showers and serving meals to a multitude of non-profits. She also participates in the torch relay for the Special Olympics, a tradition she carries on every June. Mrs. Bartke is relentless in always finding a way to serve our community.

Mrs. Bartke's selflessness and commitment to service can in part be attributed to her faith. The Bartke Family are members of the Creekside Church and the tenets of Mrs. Bartke's faith have guided her professional and private life. There is no doubt that Mrs. Bartke has had a great impact on so many members of our community.

Our community is immeasurably better for all of Mrs. Bartke's contributions and it is therefore fitting and proper that we honor her here today as Contra Costa's 2020 Woman of the Year.

BRIEN WALL

HON. MICHAEL F. DOYLE

OF PENNSYLVANIA

IN THE HOUSE OF REPRESENTATIVES

Friday, March 26, 2021

Mr. MICHAEL F. DOYLE of Pennsylvania. Madam Speaker, I rise today to pay tribute to Brien Wall, a constituent, a 25-year Allegheny County Democratic Committee member, and a lifelong Pittsburgh area resident, who unexpectedly passed away on Saturday, March 6, 2021, in Fort Myers, Florida.

Born on July 5, 1948, in Pittsburgh, Brien was a proud graduate of South Hills Catholic High School. He also graduated from Indiana University of Pennsylvania (IUP), graduating with a Bachelor of Arts degree in Economics as part of the class of 1970. A dedicated alumni of IUP, he was instrumental in founding IUP's Center for Family Business. Committed to the preservation of the family business as the basic element of the American free enterprise system, his leadership helped shape the underlying mission of IUP's Center for Family Business and enhanced its reputation greatly.

Brien was a veteran of the United States Army. He was drafted immediately after college and was selected to serve as a military policeman at the United States Military Academy at West Point, where he held a top-secret clearance.

A Certified Family Business Specialist at Massachusetts Mutual Life Insurance Company for 23 years, Mr. Wall dedicated his professional career to solving problems for clients. Recognized nationally for his work, Brien was one of only 250 employees throughout the country to receive the Family Business Specialist designation, and he was one of only ten agents named to the Mass Mutual Life Insurance Company Master's Club out of 4,000 agents across the nation.

Brien was also an active community leader, giving back as much as he could. He was a founding member of, and served as the finance chairman for, Allegheny Health Choices, and he was a member of both the Three Rivers Labor Management Committee and the Eberly College of Business advisory council. He also served on the board of the St. Francis Health Foundation, where he was awarded the "Courage to Come Back Award."

Brien is survived by his loving wife of 44 years, Patricia Ann; children, Brien, Erin, and Sean; grandsons, Brien and Robert; and many family members and friends.

Brien Wall was a good man, whose impact was felt throughout our region and by every person who was blessed to meet him. On behalf of the 18th Congressional District, I want to celebrate the contributions Brien made throughout his life. He will be greatly missed.

CELEBRATING HARVEY SOLWAY
ON THE OCCASION OF HIS 70TH
BIRTHDAY

HON. HALEY M. STEVENS

OF MICHIGAN

IN THE HOUSE OF REPRESENTATIVES

Friday, March 26, 2021

Ms. STEVENS. Madam Speaker, I rise today to recognize the 70th birthday of Mr. Harvey Solway of Bloomfield Hills, Michigan, who reached this milestone on March 24th.

Harvey has spent his long and loving life dedicated to his beloved family and countless friends. He has maintained a vibrant career as the successful Chief Executive Officer of Pet Supplies Plus, and now investment enterprises.

Harvey's family encouraged friends around the country to write to him and share a favorite memory, and I would like to include mine here for this record.

It is well known that the first time I met Harvey Solway was when I was in high school, and I entered his house after school with his daughter, Allison, one of my best friends. I mistakenly thought he was asking me how my day went, when in fact, he was speaking to his wife. My precocious seventeen-year-old self responded that I was exasperated to find out that a government education program for young adults had concluded its application period, and that I had missed the deadline.

While Allison regales many with this story frequently, what many do not know is that Harvey Solway was one of the first people to encourage my run for Congress.

Harvey has lent generous wisdom and counsel to many aspiring young professionals. He does so without seeking credit or attention, but because he likes to contribute to the better outcomes of those around him. Today, I am pleased to celebrate my friend, Harvey, on his birthday. I am glad that he got to spend this milestone day with his loving wife, Nancy, by his side. Here's to many more.

RECOGNIZING PLACE OF HOPE
AND ITS FOUNDER AND CEO,
CHARLES BENDER FOR 20 YEARS
OF SUPPORTING SURVIVORS OF
ABUSE, NEGLECT, HOMELESS-
NESS, AND HUMAN TRAFFICKING

HON. THEODORE E. DEUTCH

OF FLORIDA

IN THE HOUSE OF REPRESENTATIVES

Friday, March 26, 2021

Mr. DEUTCH. Madam Speaker, as a member of the House of Representatives, I take any example of abuse to our citizens extremely seriously. It is incumbent on the entire United States Congress to do our part to tackle this problem. For two decades, Place of Hope and its founder and CEO, Charles Bender, have taken the baton and run its share of the race. Entering its 20th year, the organization continues to do phenomenal work in one part of our pursuit of a more perfect union.

● This "bullet" symbol identifies statements or insertions which are not spoken by a Member of the Senate on the floor.

Matter set in this typeface indicates words inserted or appended, rather than spoken, by a Member of the House on the floor.

Since its inception, the organization has provided support to over 17,000 survivors of human trafficking, homeless kids, and foster children. To this date, a remarkable 320 “forever families” have been created via adoption. Place of Hope has also helped to generate much-needed awareness for this issue. Over 40,000 community members have been educated about human trafficking under Place of Hope.

Over the years, the organization has expanded its outreach and become a more diverse enterprise. Beginning in 2008, a need for a more robust community foster care program was found. As a result, Homes of Hope was created to help recruit families in the local community to adopt foster children. The Peter and Fern Barsanti Family Life Center was opened in 2010 as another measure to provide therapy and other recreational necessities to the children within the organization’s supervision.

Organizations like Place of Hope are invaluable to making the world a better place for the next generation, particularly those that have endured unimaginable hardship. Children who have been through trafficking, abuse, and neglect have a continuum of support available to them through this terrific project that will continue to do marvelous work for our youth. Designating the month of May as the 20th anniversary of Place of Hope is a necessary step for us to take to help ensure awareness is raised and progress is made.

HONORING KARISSA KRUSE AS
THE 2020 WOMAN OF THE YEAR

HON. MIKE THOMPSON

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

Friday, March 26, 2021

Mr. THOMPSON of California. Madam Speaker, I rise today to honor Karissa Kruse, whom I have named the 2020 Woman of the Year in Sonoma County, California. Woman of the Year recognizes women who have made important contributions to California’s 5th Congressional District in Arts and Culture, Professional Achievement, Entrepreneurship and Innovation or Community Service.

Born in Sioux Falls, South Dakota, Ms. Kruse grew up surrounded by a loving and supportive family. A University of Pennsylvania alumna, she graduated with a BS in Economics and an MBA in Marketing from the prestigious Wharton School of Business. In pursuit of a warmer climate, she came to Sonoma County shortly after graduating, starting Argot Wines and Karma, an angel investment firm.

Ms. Kruse began her career with the Sonoma County Winegrowers in 2012 as the Director of Marketing before being named President in 2013. The following year, she launched an initiative charting a 5-year path to 100 percent sustainability, an ambitious target that reflects both her decisiveness as a leader and her passion for our environment and farming families. By September of 2019, nearly all of Sonoma County’s vineyards had been certified sustainable, making it the most ecologically friendly wine region in the world. Ms. Kruse continued to build upon the organization’s environmental leadership, establishing an exclusive partnership with the California Land Stewardship Institute to launch a Climate

Adaptation Certification, the first of its kind for agriculture.

Her tenure as President has also coincided with the recent wildfires that have challenged the resilience of the wine community. Ms. Kruse has been instrumental in guiding our agricultural communities through these tumultuous times, re-establishing the Sonoma County Grape Growers Foundation in 2016 to improve the lives of agricultural workers and their families. Over the past two years, the Foundation has provided over \$1 million for wildfire recovery, housing support, and workforce development. These funds have been crucial in supporting the stability of the wine industry, which in turn has been a lynchpin in rebuilding our communities. Moreover, Ms. Kruse is thrilled to have recently married Steve Dutton, a 5th generation Sonoma County farmer, on January 1, 2021. She is honored to be a member of the Dutton family along with Steve and her new stepchildren, Jake and Jordan.

Madam Speaker, Ms. Karissa L. Kruse exemplifies the kind of business leadership that fosters vibrant, cohesive, and prosperous communities. It is therefore fitting and proper that we honor her here today as Sonoma County’s 2020 Woman of the Year.

IN HONOR OF THE LIFE OF HAJJI
FADWAT “EM CHAWKI”
HAIDOUS-BAZZI

HON. DEBBIE DINGELL

OF MICHIGAN

IN THE HOUSE OF REPRESENTATIVES

Friday, March 26, 2021

Mrs. DINGELL. Madam Speaker, I rise today to honor the life of Hajji Fadwat “Em Chawki” Haidous-Bazzi of Dearborn, Michigan who passed away on March 22nd. Her lifetime of service to our community is worthy of commendation.

Hajji was born on March 1, 1938 in Bint Jbeil, Lebanon but made her home in Dearborn, Michigan. In 1957, she married Hajji Kassem Bazzi and in the wake of the Lebanese Civil War in 1975, they left their home country to come to America. Together they raised six children. After leaving her homeland, she worked tirelessly to reunite her children and their families in diaspora.

Known for her tender heart, she dedicated herself to charitable giving, volunteering, and fundraising for people in need in both Lebanon and Michigan, never asking for anything in return. Generous by nature, she was known to shower those she loved in prayer and in song.

A towering figure among those who knew her, Hajji had a commanding presence and an enduring love of family. She and her husband raised a family of forty-seven strong, who adored her infectious spirit and thoughtful humor. She is survived by her husband, her siblings, including Wayne County Commissioner Al Haidous, her grandchildren, including Michigan Solicitor General Fadwa Alawieh Hammoud, children in law, and great-grandchildren.

Madam Speaker, I ask my colleagues to join me in honoring the life of Hajji Fadwat “Em Chawki” Haidous-Bazzi. She was a loving mother and grandmother, and a friend to many. A pillar of our community and a constant reminder of the importance of family and

charity, she will be deeply missed. Our thoughts are with Mr. Bazzi and his family at this time.

IN RECOGNITION OF VICKY

HON. JOHN JOYCE

OF PENNSYLVANIA

IN THE HOUSE OF REPRESENTATIVES

Friday, March 26, 2021

Mr. JOYCE of Pennsylvania. Madam Speaker, I rise today to congratulate Vicky Brechbiel on receiving the Client Impact Award from the Greater Chambersburg Chamber of Commerce.

Vicky is a Certified Nursing Assistant at Menno Haven. She has spent 20 years as a CNA caring for her patients. She is dedicated to her patients and consistently goes above and beyond to ensure they receive their favorite foods, wake up at their preferred times, and begin their mornings well. The Client Impact Award is awarded to a person that demonstrates extraordinary efforts to positively impact the lives of their patients. Vicky treats every patient with love and respect, as well as an individualized treatment plan.

Vicky exhibits true dedication, compassion, and professionalism to the residents of Menno Haven. On behalf of Pennsylvania’s 13th District, I congratulate Vicky on this achievement and thank her for her service to our community.

MOURNING THE CONTINUED LOSS
OF LIFE IN AMERICA TO GUN
VIOLENCE

HON. HALEY M. STEVENS

OF MICHIGAN

IN THE HOUSE OF REPRESENTATIVES

Friday, March 26, 2021

Ms. STEVENS. Madam Speaker, I rise today in response to the exceptional number of lives that have been stolen from American communities just this month to the continued scourge of gun violence in this country.

On March 16th in Georgia, a gunman went on a deadly rampage at three spas in the Atlanta area, murdering eight people. Six of the precious lives lost were women of Asian descent: mothers, sisters, and partners.

On March 20th in Pennsylvania, a gunman opened fire at a party in Philadelphia, killing one and wounding five others.

And on March 22nd in Colorado, a gunman took ten innocent souls at a grocery store in Boulder—one of which was a police officer who arrived to help.

I fear that many have grown numb to the news of violence, death, and dreams unrealized in this country, and to those I plead: see your neighbor as yourself. Protect your fellow Americans. Do not give up on the possibility of a future free from pain and fear of preventable death.

On behalf of the victims of gun violence and their families, we cannot be deterred in our mission to institute basic protections to shield the American people from continual loss. I will not surrender to hopelessness, and neither should my colleagues in this legislative body.

AMERICANS ARE STUBBORNLY UNMOVED BY
DEATH

(By Gavin Givhan)

The scene looked heartbreakingly familiar: the rumble of tactical vehicles, the swarm of law enforcement officers, the long ribbons of yellow police tape and the eyewitness descriptions thick with residual terror. Monday evening's deadly shooting in Boulder, Colo., which resulted in the deaths of 10 people, including a police officer, was the second mass shooting in a week.

A dreadful normalcy has returned. Muscle memory demands that we lament it—even as all evidence suggests that many of us are unmoved by death. It doesn't cause behavior to change. It doesn't shake people from their moorings at the center of their own universe. Death is not a deterrent.

In the days after a mass shooting, the nation mourns and those who died are named. The hearts of our elected officials have been broken so many times that surely they must be in shards by now. The flags are lowered to half-staff. And the president speaks. Joe Biden, a man who is expert at consoling, did the best that he could to say something true that did not sound like a cliché.

"I even hate to say it because we're saying it so often: My heart goes out. Our hearts go out for the survivors, the—who had to—had to flee for their lives and who hid, terrified, unsure if they would ever see their families again, their friends again," Biden said Tuesday afternoon from the State Dining Room. "The consequences of all this are deeper than I suspect we know. By that, I mean the mental consequences—a feeling of—anyway, it just—we've been through too many of these."

The images from these shootings can be gut-wrenching. In video and still images, people see shellshocked survivors pouring out of the school, the night club and, this time, the grocery store. There's blood in these images, sometimes even the blurred image of one of the deceased. There's nothing sanitized about them. The shooting may happen behind closed doors, but the death is in the open. The terror rises off the survivors like a stench; the sound of fear reverberates.

And still the deaths don't spur action to make the guns harder to get, to make the guns less efficient. The president, some politicians and many activists cry out for "common sense" gun laws to stop the senseless death even as it seems that they are pleading with a country that's engaged in a completely different kind of calculation.

Increasingly it seems that we simply do not care about the other person, that other family, someone else's child. The self is everything. It's freedom and liberty, whims and desires. Community doesn't extend beyond one's front door. Everything else is someone else's concern.

Studies have shown that the human brain can lose the capacity to process death, to absorb the meaning of it, when the numbers of the dead begin to reach staggering levels. We have been told that the heart can go numb in response to such enormity. This is one of the explanations for why people have continued to engage in risky behavior during the coronavirus pandemic even as it has become ever clearer how best to protect our fellow Americans. The end is on the horizon, and if people simply wear a mask, social distance and persevere with patience, we might get there—not all of us, sadly, but most of us.

Yet unmasked revelers crowded onto the streets of Miami Beach. The very real possibility of death has not been a deterrent. The community didn't matter as these partyers and tourists ostensibly shot a different kind of deadly slug into the Florida air.

More than 544,000 deaths in the United States due to the coronavirus have not sent

everyone scurrying to protect their neighbor. To follow common sense recommendations. To center the community instead of the individual.

If that number is too big for people to grapple with, what is the right number? What number is small enough that each death touches the heart and therefore motivates people to act, to be better? Is it 58—the number of people a man killed at a Las Vegas country music festival in 2017? Is it 49—the number killed in a shooting at Orlando's Pulse nightclub in 2016? Or perhaps the motivating number is nine, which accounts for those who were fatally shot in Charleston during a prayer meeting. Is it eight—the number who were killed in Georgia just last week? It surely can't be one because there are singular deadly shootings in communities all too often and still nothing happens. Nothing.

We have not gone numb to death. To "go numb" suggests that once there was feeling, once there was sensitivity. When was that? Perhaps it was back in 1968 when, after the deaths of John F. Kennedy, Martin Luther King Jr. and Robert F. Kennedy, Congress passed gun laws that formed the basis of federal regulation that has been regularly eroded and only occasionally strengthened. We haven't cared for a long time. Not when the dying were schoolchildren, people in the midst of prayer or contented folks just living quiet lives.

HARRIS'S SELF-EVIDENT TRUTH

Crowds gather in the street while a speaker blasts music an hour past curfew in Miami Beach on Sunday. (Daniel A. Varela/Miami Herald/AP)

Today, some in this country argue against gun laws with a ferocity that moves beyond a right to hunt rabbits, or defend oneself against an assailant or one's property in the face of an intruder. We refuse to relinquish the delusion that 21st-century America is a frontier town in which gunplay is a form of justice.

Many insist that the very real possibility of mass deaths does not outweigh a personal inconvenience or the setting aside of a myth. Give up large-capacity magazines. Wear a mask. These deaths matter.

We are not numb to death. We stubbornly, selfishly dismiss it. We shake it off. But there is always an assault that has the capacity to bring an individual low. Some bracing gut punch that stings and startles. The pain might finally register in a way that is deep and lasting. And that person begins to feel something. But that may require death coming directly to their own doorstep, since that's the only one that, for many of us, seems to matter.

Correction: A previous version of this article misstated the year of the shooting at a Las Vegas country music festival. It was in 2017, not 2018.

HONORING ELIZABETH ANN
HOFFMAN

HON. MIKE THOMPSON

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

Friday, March 26, 2021

Mr. THOMPSON of California. Madam Speaker, I rise today to honor Elizabeth Ann Hoffman, whom I have named the 2021 Woman of the Year in Contra Costa County, California. Woman of the Year recognizes women who have made important contributions to California's 5th Congressional District in Arts and Culture, Professional Achievement,

Entrepreneurship and Innovation or Community Service.

A California native born in San Leandro and raised in Benicia, Ms. Hoffman attended Sonoma State University for her undergraduate degree and San Jose State University for her graduate education in Social Services. A member of Food Bank of Contra Costa and the Vallejo Chamber of Commerce, Ms. Hoffman has been an active member of our community for many years.

Most notably, Ms. Hoffman serves as the Executive Director for Rebuilding Together Solano County (RTSC), working diligently to improve the lives of low-income families, veterans, seniors, and disabled members of our community. Throughout the years, Ms. Hoffman's contributions to RTSC have resulted in the rehabilitation of over 40 low-income homes and 52 community centers. She has also impressively amassed over 12,000 volunteers for the organization, expanding resources to better the lives of those in need.

Her exceptional commitment to our community has not gone unrecognized. Ms. Hoffman has received numerous public health service awards, including PG&E's Environmental Remediation Sibley Award and the American Red Cross' Community Service Hero Award.

Madam Speaker, Ms. Hoffman has proven herself to be a true asset to the groups she serves. Our community is immeasurably better for all of Ms. Hoffman's contributions and it is therefore fitting and proper that we honor her here today as Contra Costa County's 2021 Woman of the Year.

KENT MCELHATTAN

HON. MICHAEL F. DOYLE

OF PENNSYLVANIA

IN THE HOUSE OF REPRESENTATIVES

Friday, March 26, 2021

Mr. MICHAEL F. DOYLE of Pennsylvania. Madam Speaker, I rise today to pay tribute to Kent McElhattan, a constituent who has dedicated his life and career to safety.

Earlier this month, the National Safety Council (NSC) honored Mr. McElhattan with the prestigious Flame of Life award at the 2020NE Virtual Safety Congress and Expo. This honor has only been given four times in the 107-year history of the National Safety Council, as it is reserved for the most outstanding individuals who have dedicated themselves to building safer workplaces and communities. Mr. McElhattan is a long-time partner to the National Safety Council. He served on the NSC Board of Directors for a decade, including a stint as chairman from 2010 until 2013.

A founder of the Pittsburgh-based Industrial Scientific, Kent worked to build products that protect workers from hazardous conditions around the world. Industrial Scientific specializes in producing Personal Protective Equipment (PPE), some of which has become vital to all of us during the COVID-19 pandemic. OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

Friday, March 26, 2021

Mr. THOMPSON of California. Madam Speaker, I rise today to honor Eloise Scott, whom I have named the 2021 Woman of the Year in Solano County, California. Woman of the Year recognizes women who have made important contributions to California's 5th Congressional District in Arts and Culture, Professional Achievement, Entrepreneurship and Innovation or Community Service.

Born in the Philippines in 1935, Ms. Scott immigrated to the United States in 1959, where she lived in San Francisco until settling in Vallejo in 1976. She graduated from the University of San Francisco with a Bachelor of Arts Degree in Counseling and Social Work. She has utilized her expertise in counseling to aid families and respond to numerous community tragedies. In 1998, she brought community awareness of the shooting of 14-year-old Filipino student Regi Infanti, organizing respite care and counseling, and has continued to expand her meaningful work since.

Ms. Scott has become a notably fierce advocate for change among the Filipino commu-

nity in Vallejo. Serving as a board member for both the Filipino Community of Solano County Inc. and Filipino American Social Services, Ms. Scott has been instrumental in the progress made for the Filipino American community and positively impacted the lives of young women, from substance abuse treatment to pregnancy prevention. She also serves as the Chairperson of the Philippine Cultural Committee "PISTA SA NAYON" and has been the President of Hinunangan Association, Inc., and a member of Solano County's Democratic Central Committee.

Driven by her faith, Ms. Scott is also a proud member of St. Basil's Catholic Church in Vallejo, where she serves as a Eucharistic Minister. She has volunteered her time to fundraising for the building maintenance and other various activities and programs within the church, as well as helping with physical education classes for St. Basil's secondary school.

IN RECOGNITION OF EDWARD
GAZEL'S 100TH BIRTHDAY

HON. DEBBIE DINGELL

OF MICHIGAN

IN THE HOUSE OF REPRESENTATIVES

Friday, March 26, 2021

Mrs. DINGELL. Madam Speaker, I rise today to recognize Edward Gazel of Lincoln Park on the occasion of his 100th birthday. His contributions to our community and to our nation are worthy of commendation.

Mr. Gazel was born and raised in Detroit, Michigan and is a 1939 graduate of Detroit Northwestern High School. During the Great Depression he earned money working at the Detroit Golf Club, caddying for Michigan sports legends like Coach Harry Kipke and Detroit Tiger Mickey Cochrane. After the attack on Pearl Harbor, he volunteered for the Marine Corps.

He was sent to San Diego, California for boot camp and was then assigned to a medium tank unit of the Second Tank battalion, Second Marine Division. The stories of his service are numerous and detailed and cannot only be shared in one short speech. His unit saw action at Tarawa, Saipan, Tinian, and Okinawa. After the Japanese surrendered, his unit was assigned to maintain order at the scene of the second atomic bombing in Nagasaki. He often remembers his fellow Marines who lost their lives in combat and is the last surviving member of his unit. Mr. Gazel was awarded the Bronze Star for his gallantry at Tinian.

After his return to the United States in December 1945 and his discharge from the armed forces in January 1946 he returned to civilian life, marrying Esther the same year. Together they had three girls and Mr. Gazel found his success in selling wholesale produce in Detroit. A true patriot and a decorated Marine, he is known to insist that "the real heroes are those who fell in combat and rest under those markers on far away and sometimes forgotten battlefields."

Madam Speaker, I ask my colleagues to join me in honoring Edward Gazel on his 100th

birthday. He has honorably served this country through his exemplary military service during World War II. I join with Mr. Gazel's family and friends in extending my best wishes to him on his birthday.

VIOLENCE AGAINST WOMEN REAUTHORIZATION ACT AMENDMENT

HON. ED CASE

OF HAWAII

IN THE HOUSE OF REPRESENTATIVES

Friday, March 26, 2021

Mr. CASE. Madam Speaker, I rise today to express appreciation to my House colleagues who voted for my amendment to our recently passed Violence Against Women Reauthorization Act (VAWA) to ensure the full inclusion of American Indians, Alaska Natives and Native Hawaiians in key parts of VAWA.

My amendment requires key data for full implementation of VAWA about our nation's indigenous peoples that has previously been unavailable, especially relating to Native Hawaiians. To develop this data, the federal government will conduct a review of law enforcement and other crime prevention programs dealing with child sexual exploitation, child abuse, intimate partner violence, human trafficking, missing or murdered individuals and substance abuse. The review will result in recommendations directly affecting the social, educational, economic and other factors contributing to Native Hawaiians becoming missing or murdered.

My amendment also calls for two additional reviews. The first one will examine programs that affect Native Hawaiians who are victims of criminal offenses. The second report will examine Native Hawaiians in the criminal justice system. This second report will also produce recommendations related to the social, educational, economic and other factors contributing to Native Hawaiians becoming involved in the criminal justice system.

The need for these reports and data is critical. While data is available for individuals of Native American and Alaska Native descent, it does not exist for Native Hawaiians who suffer from high incidences of violence. This new data will guide future legislation and identify key areas in which additional assistance and resources are needed. Organizations that are centered around helping the Native Hawaiian community will benefit as well through availability of accurate data to direct their resources better.

Mahalo nui loa (thank you very much) for your support for my amendment and for the inclusion of American Indian, Alaska Native and Native Hawaiian groups within VAWA.

CELEBRATING THE 96TH BIRTHDAY OF WWII VETERAN AND EL DORADO NATIVE, NOEL KENNY, CALAWAY, JR.

HON. BRUCE WESTERMAN

OF ARKANSAS

IN THE HOUSE OF REPRESENTATIVES

Friday, March 26, 2021

Mr. WESTERMAN. Madam Speaker, I rise today to celebrate the 96th birthday of Fourth District resident and World War II veteran, Mr. Noel Kenny Calaway, Jr. A longtime El Do-

rado resident, Mr. Calaway served as a Navy radioman on a patrol yacht in the Hawaiian Islands.

Born in El Dorado on April 19, 1925, Mr. Calaway graduated from high school in May 1943. He immediately went to work as an oil rig builder, but he received his draft notice on October 16, 1943, and reported for basic training at San Diego, California, and then a 20-week radio school in Boulder, Colorado. After arriving at Pearl Harbor in 1944, Calaway spent more than a year patrolling the Hawaiian Islands aboard an armed patrol vessel tasked with monitoring the area for submarines following the Japanese attack on Pearl Harbor. While the patrol yacht was armed with various anti-aircraft guns, he also radioed signals to U.S. warplanes, assisting American pilots with navigation in the region.

Following his discharge from the Navy in 1946, he made him home and raised his family in El Dorado, Arkansas, where he remains one of the best examples of our nation's greatest generation. I take this time today to honor the life of service exemplified by Mr. Calaway, and I ask that our nation join me in wishing him a happy 96th birthday. I thank him and his family for their dedication to our fellow citizens and the cause of liberty.

Madam Speaker, I ask my colleagues to join me today in recognizing the life of Pastor Bob Reeve, he will be greatly missed.

HONORING CAROL HUCHINGSON

HON. MIKE THOMPSON

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

Friday, March 26, 2021

Mr. THOMPSON of California. Madam Speaker, I rise today to honor Carol J. Huchingson, whom I have named the 2021 Woman of the Year in Lake County, California. Woman of the Year recognizes women who have made important contributions to California's 5th Congressional District in Arts and Culture, Professional Achievement, Entrepreneurship and Innovation or Community Service.

A Northern California native, Ms. Huchingson earned her Bachelor and Master of Arts degrees in Social Welfare and Education, with special studies in Human Services Administration, from Humboldt State University in 1990. She worked for the County of Lake Department of Social Services as Director from 1994–2016 and currently works as County Administrative Officer.

Ms. Huchingson worked to revamp Lake County's Department of Social Services into an organization that effectively responds to the needs of our community members and efficiently reacts in times of disaster. Similarly, during her time as County Administrative officer, she advocated to strengthen our county's government workforce by increasing training and developing better relationships with labor organizations.

Ms. Huchingson was also an active leader during the 2015 Valley Fire, the 2016 Clayton Fire, the 2017 Wine Country Fire, the 2018 Mendocino Fire, and the 2020 August Complex Fire. Her leadership helped our community through difficult times. Due to Ms. Huchingson's initiative and commitment, Lake County is making its way to economic viability and recovery after these horrific disasters.

As COVID-19 has recently hindered local involvement in government, Ms. Huchingson led a team that developed a new, award-winning hybrid approach to public meetings. In August of 2020, six Board of Supervisors and

Virtual Community Meetings averaged 12,000 participants and viewers, which is equivalent to 18 percent of Lake County's population. Through her work, local governments will now be able to increase community participation as already seen in New York, Virginia, and Pennsylvania.

Ms. Huchingson has made a great impact on our community by serving in our government and has devoted countless hours during her 21-year career. Our community is better for all of Ms. Huchingson's contributions and it is therefore fitting and proper that we honor her today as Lake County's 2021 Woman of the Year.

IN THE HOUSE OF REPRESENTATIVES

Friday, March 26, 2021

Mrs. DINGELL. Madam Speaker, I rise today to recognize Arthur Russell of Dearborn on the occasion of his 100th birthday. His contributions to our community and to our nation are worthy of commendation.

Mr. Russell was born in Texas but grew up in Plymouth, Michigan. During the Great Depression he became an avid small game hunter to help put food on his family's table. During prohibition, he helped his mother at her blind pig. He ended up leaving school after 11th grade and went to work on a milk truck and as a plumber's assistant. Seeing war on the horizon, he volunteered for the United States Marine Corps at age 20 in 1941.

He went to boot camp in San Diego, California and was first assigned to the armory there. He was then transferred to Jaques Farm and was assigned to train with the "D" Company of the Second Tank Battalion. He was integrated into the "B" Company and was deployed to New Zealand in the spring of 1943. After a few brief stops throughout the Pacific, the Second Marine Division assaulted Tarawa. This resulted in a 76-hour battle with the Japanese troops. His tank did not fare well on the atoll and was disabled by enemy fire. During combat, he was hit by sniper fire but was only nicked. Today, he proudly owns the rifle that the Japanese snipers used against him. He also participated in combat in the assaults on Saipan and Tinian. After being relieved of combat duty he was assigned to guard duty in Washington, D.C. where he was a guard for the Main Navy Building. He was then transferred to Camp Lejeune in North Carolina where he was discharged from in 1946.

In 1948 Mr. Russell married Patricia and together they had six children. He began working in the Forestry Division of the Wayne County Roads Commission, where he rose to be Head of the Forestry Division. A true patriot, when the Korean War broke out, he joined the Navy where he was sent to serve in Guam and was promoted the rank of Petty Officer First Class.

Madam Speaker, I ask my colleagues to join me in honoring Arthur Russell on his 100th Birthday. He has honorably served this coun-

HONORING LYDIA MONDAVI

HON. MIKE THOMPSON

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

Friday, March 26, 2021

Mr. THOMPSON of California. Madam Speaker, I rise today to honor Lydia Mondavi, whom I have named the 2021 Woman of the Year in Napa County, California. Woman of the Year recognizes women who have made important contributions to California's 5th Con-

gressional District in Arts and Culture, Professional Achievement, Entrepreneurship and Innovation or Community Service.

The seeds that bloomed into Ms. Mondavi's community service lay nearly 240 years in the past. A member of the historic Rutledge family, who count among their members signers of the Declaration of Independence and Constitution, she has always embodied her ancestors' spirit of civic dedication. As a businesswoman and as a philanthropist, she has made her family and our district proud through her selfless action on behalf of others.

In the early days of the corona virus pandemic, Ms. Mondavi employed this spark to ensure that all members of our community would have equitable access to COVID-19 testing services. Leveraging her healthcare and logistics experience as Chair of the Queen of the Valley Foundation Board of Trustees and owner of The Abernathy Group, Rutledge & Vine, and 29 Cosmetics, she united local and state governments, businesses, and non-profits to establish testing sites and deploy mobile testing teams. These sites have performed over 200,000 tests to date, including many for agricultural workers and other vulnerable populations. Now as doses of the vaccine become more available, she is again working with Core Response, Napa Valley Vintners and the Queen of the Valley Community Outreach program to launch an immunization clinic that will be on-line by the end of March.

Aside from her efforts during the recent pandemic, Ms. Mondavi has served our Napa community through her role as an Advisory Board Member of The What. Sharing her experiences as an accomplished businesswoman and owner of three companies, she works with the organization to foster an open forum for women to learn, network, and grow. Her dedicated service to this mission has no doubt helped many women become industry leaders in the Napa Valley.

Our community is immeasurably better for all of Lydia Mondavi's contributions and it is therefore fitting and proper that we honor her here today as Napa County's 2021 Woman of the Year.

NATIONAL SCIENCE FOUNDATION
FOR THE FUTURE ACT

HON. EDDIE BERNICE JOHNSON

OF TEXAS

IN THE HOUSE OF REPRESENTATIVES

Friday, March 26, 2021

Ms. JOHNSON of Texas. Madam Speaker, today I am pleased to be joined by my colleagues on the Committee on Science, Space, and Technology, Ranking Member FRANK LUCAS, and the Research and Technology Subcommittee Chairwoman and Ranking Member, HALEY STEVENS and MICHAEL WALTZ, in introducing the National Science Foundation for the Future Act.

Established in 1950, the National Science Foundation (NSF) was born out of hard-earned lessons about the powerful role of science in securing an allied victory in World War II. Propelled by his wartime experience leading the Office of Scientific Research and Development, Vannevar Bush championed the creation of NSF and postwar federal support for science, making the argument that “advances in science when put to practical use mean more jobs, higher wages, shorter hours, more abundant crops, more leisure for recreation, for study, for learning how to live without the deadening drudgery which has been the burden of the common man for ages past. Advances in science will also bring higher standards of living, will lead to the prevention or cure of diseases, will promote conservation of our limited national resources, and will assure means of defense against aggression.”

That was a lofty vision. One, I am proud to say, the Foundation has largely lived up to throughout its existence. Over the past 70 years, NSF has played a critical role in supporting fundamental research, education, and infrastructure at colleges, universities, and other institutions throughout the country. NSF funding has enabled numerous breakthrough discoveries that have transformed the daily lives of the American people—from the internet, lithium batteries, and GPS to weather radar, MRI technology, and DNA analysis—just to name a few.

One of the aims of this bill is to empower the agency to do more of what it does best. Years of modest budget growth have resulted in low proposal success rates and stagnant grant sizes. Researchers and peer-reviewers alike are more conservative in this funding environment, feeling pressure to deliver results rather than take big risks. Researchers are also struggling to support graduate students and postdocs and are bogged down preparing multiple grant proposals to increase their chances of being funded. This is no way for the world’s leading scientific enterprise to function. And if we continue on this path, we will cede our scientific leadership, and with it the advantages of developing new industries and setting the global norms for emerging technologies. This bill authorizes a significant increase in the agency’s budget. Funding for the current portfolio of activities is increased by nearly \$2 billion in year one and grows at an average annual rate of 6 percent, setting the agency on a path to double its budget in 9 years.

This bill also pushes the Foundation to continue to evolve. While it is undeniable that the Foundation has a legacy of scientific achievements that have delivered enormous benefits

to society, it is important to acknowledge that those benefits have not always been widely shared. Some segments of the public have been left behind by the traditional approach to science and innovation. This bill promotes increased accountability to the public through improvements to the implementation of the Broader Impacts review criterion and a new requirement for researchers to describe the ethical and societal implications of their work. The bill also expands public access to data resulting from NSF-funded research and promotes increased vigilance against threats to research security and integrity.

The bill funds centers that will connect NSF STEM education innovations to school districts and teachers, so more students can benefit. It encourages universities to collaborate with the private sector to better align undergraduate STEM education with workforce needs. It raises the bar for mentoring and training of graduate students and postdocs and establishes a pilot program to strengthen the research capacity of emerging research institutions, including minority serving institutions.

Finally, this bill establishes a new directorate to promote a solutions-driven approach to research. A central goal of the Directorate for Science and Engineering Solutions (SES) is to be more strategic and inclusive in the nature of research collaborations, including by connecting researchers with potential users or beneficiaries of their research from the priority-setting stage through the translation of an innovation into practice. While industry has an important seat at this table, so do local governments and communities that might be affected by the research. The SES Directorate will enable the Foundation to take big risks and experiment with new approaches to accelerate use-inspired and translational research to address society’s major challenges, including climate change and environmental sustainability, global competitiveness in critical technologies, cybersecurity, national security, STEM education and workforce, and social and economic inequality.

To fully realize the potential of science to benefit society, we must fund more research on the questions that matter to the American people. We also must ensure this research is, in the words of Vannevar Bush, “put to practical use.” Our competitiveness with China and other nations drives much of the national discourse around innovation because our economic and national security depend on our leadership in science and technology. However, competitiveness with China will not be possible if we do not unleash our nation’s STEM talent on the full range challenges we face. Surely the COVID-19 pandemic has laid that bare for all of us. And the fact is, researchers and students are inspired by finding solutions, whether they be scientific or societal challenges. In this bill, we seek to inspire.

Over a year of bipartisan collaboration and numerous conversations with a wide range of stakeholders, thought leaders, and policy experts has resulted in the bill we are introducing today. I want to thank the many individuals who took the time to engage with Committee staff and share their perspectives. Their efforts have improved the bill immeasurably. This is a well-vetted bill, but it is by no means the final product. I am committed to a transparent and deliberative process for moving this bill forward. I look forward to continuing to engage with the stakeholder community and

with my Committee colleagues through hearings and a markup.

Finally, I want to thank Majority Leader SCHUMER for his leadership in championing an infusion of funding and a bold new vision for the future of NSF. While our approaches to establishing a new directorate differ, we share the same goal. We must dramatically accelerate progress in research and development in this country. I look forward to partnering with Senator SCHUMER and my colleagues on both sides of the aisle in this effort.

HONORING WALLACE YAU KEE
CHANG

HON. DAN BISHOP

OF NORTH CAROLINA

IN THE HOUSE OF REPRESENTATIVES

Friday, March 26, 2021

Mr. BISHOP of North Carolina. Madam Speaker, today I rise to honor Corporal Wallace Yau Kee Chang, one of the very few remaining Chinese-American veterans of World War II. In recognition of their service, these veterans were collectively awarded the Congressional Gold Medal in 2018—this body’s highest honor. For his actions in Europe, Corporal Chang was also awarded the Bronze Star.

Just four days after Pearl Harbor, Corporal Chang started his military career as a Hawaii Territory Guard. In March 1945, he joined Army Company C in the 39th Regiment. While stationed in France and Germany, he took part in the central German campaign which led to the downfall of Hitler and the Nazi regime. After the war, he was appointed leader of the 39th Regimental band stationed in Rosenheim, Germany.

Corporal Chang is 98 years old and is a resident of Lumberton, North Carolina. I am very pleased to honor this great patriot and hope to call him a constituent for many more years to come. I thank Corporal Chang for his service to our country and to our community.

After attending boot camp in San Diego, California, he was assigned to the “I” Company, Third Battalion, First Marine Regiment. His unit fought in two of the bloodiest battles of the war, Peleliu and Okinawa, where many of his fellow soldiers lost their lives. He was wounded in battle in mid-June 1945 and after recovering, he toured with the First Marine Division that was tasked

with keeping the peace in North China. Mr. Procassini was honorably discharged in 1946 and was awarded the Purple Heart in July 2019.

After his honorable discharge, he returned to the University of Michigan to finish his degree. Post-graduation, he worked at Willow Run Airport and then Bendix Corporation. He retired from the company as Corporate Chief of Personnel 28 years later. He is the founder of AJProcassini & Associates, a consulting firm, and AJP Rentals, a rental property company in Ann Arbor.

An active member of our community, Mr. Procassini has remained involved in the city that he now calls home. He has served as Chairman of the Board of Washtenaw County Community College, Chairman of the Industrial Division Blood Bank, and on the Executive Board of the American Red Cross. INTRODUCTION OF THE OUR
HOMES OUR VOTES ACT

HON. JESÚS G. "CHUY" GARCÍA

OF ILLINOIS

IN THE HOUSE OF REPRESENTATIVES

Friday, March 26, 2021

Mr. GARCÍA of Illinois. Madam Speaker, I rise today to introduce the Our Homes Our Votes Act along with my colleague from Pennsylvania, MARY GAY SCANLON and my colleague from Georgia, NIKEMA WILLIAMS. This bill will help close the voter turnout gap between rich and poor by making it easier for eligible tenants in federally subsidized housing to register to vote.

People have fought and died for the right to vote in this country, but many still face barriers to voting. Tenants in federally subsidized housing already have their residence and identity verified by public agencies, and this bill will allow them to register to vote as they sign their lease and verify their income without duplicating information or finding additional paperwork to fill out.

The best way to confront this country's history of voter suppression is to remove barriers to voting that exist today. Eligible voters in working class districts like mine vote at lower rates than wealthier voters, and that discrepancy undermines our democracy. This bill is a step toward fixing that, and I urge this body to advance it.

HONORING LETITIA HANKE

HON. MIKE THOMPSON

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

Friday, March 26, 2021

Mr. THOMPSON of California. Madam Speaker, I rise today to honor Letitia Hanke, whom I have named the 2021 Woman of the Year in Sonoma County, California. Woman of the Year recognizes women who have made important contributions to California's 5th Congressional District in Arts and Culture, Professional Achievement, Entrepreneurship and Innovation or Community Service.

Ms. Hanke was born in San Pablo and moved to Lake County at the age of five. As a new student entering a homogeneous community, she was often bullied. Though these experiences hurt her, she learned to channel her emotions into creative pursuits. At the urging of her elementary school music teacher, she picked up the trumpet. By the age of nine, she was playing with the high school band, and more important had found a community of friends who stuck up for her. Carrying this passion through her middle and high school education, she decided to attend Sonoma State University in 1993 to pursue a degree in Music Performing and Recording Arts.

Working full-time at a roofing company to pay for school, she quickly rose through the ranks. Despite having no background in the construction industry, the owner of the business offered his mentorship and the chance to purchase the business from him. Stepping away from her final year of school, she pulled the cash together and became CEO of ARS Roofing, Gutters, and Solar.

As one of the few women, and even fewer Black women working in the roofing industry, she found herself once again subject to adversity as a newcomer. Reminded of the power of the community that advocated on her behalf, she founded the LIME Foundation to help underrepresented youth accomplish their dreams. Made up of the Nextgen Trades Academy, the Senior Activities Program, and the Turner Arts Initiative, LIME has trained and placed over 100 youth in construction trades, increased quality of life for seniors through nutrition and exercise classes, and provided youth the opportunity to pursue their creative passions through summer camps and after school arts programs.

Our community is immeasurably better for all of Ms. Hanke's contributions and it is therefore fitting and proper that we honor her here today as Sonoma County's 2021 Woman of the Year.

INTRODUCTION OF A JOINT RESOLUTION PROVIDING FOR CONGRESSIONAL DISAPPROVAL UNDER CHAPTER 8 OF TITLE 5, UNITED STATES CODE, OF THE RULE SUBMITTED BY THE OFFICE OF THE COMPTROLLER OF THE CURRENCY RELATING TO "NATIONAL BANKS AND FEDERAL SAVINGS ASSOCIATIONS AS LENDERS"

HON. JESÚS G. "CHUY" GARCÍA

OF ILLINOIS

IN THE HOUSE OF REPRESENTATIVES

Friday, March 26, 2021

Mr. GARCÍA of Illinois. Madam Speaker, I rise today to introduce this joint resolution to repeal the OCC's so-called "True Lender Rule."

Predatory loans trap working families into cycles of debt they can't pay off, and the Trump Administration's True Lender Rule helps lenders get around state laws that protect consumers. Just this week my state of Illinois enacted a law that caps interest rates on consumer loans at 36%, but my constituents won't be fully protected until the True Lender Rule is repealed.

People are more vulnerable than ever to predatory loans as they struggle to make ends meet due to the economic crisis caused by the COVID pandemic. Congress should act quickly to repeal this flawed rule that undermines important safeguards set by state governments like mine.

HONORING CRYSTAL MARTIN AS THE 2020 WOMAN OF THE YEAR

HON. MIKE THOMPSON

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

Friday, March 26, 2021

Mr. THOMPSON of California. Madam Speaker, I rise today to honor Crystal Martin, whom I have named the 2020 Woman of the Year in Lake County, California. Woman of the Year recognizes women who have made important contributions to California's 5th Congressional District in Arts and Culture, Professional Achievement, Entrepreneurship and Innovation or Community Service.

Born in Fayetteville, North Carolina, Ms. Martin is well known across our district for her interest and engagement in several fundraising events in Lake County, as well as her exceptional work in the Lake County District Attorney's Office. She is also a devoted wife and mother and she takes great pride in her family.

In 2016, inspired by the generosity of women in her community, Ms. Martin co-founded the "100+ Women Who Care" in Lake County. Currently, the organization consists of approximately 150 women and has raised more than \$200,000 for non-profit groups, 100 percent of which goes directly to the chosen non-profits in the Lake County area.

Crystal works as the Lake County District Attorney's Victim-Witness Program Administrator as an advocate for victims. Her skills have allowed many victims of violence to continue their journeys to healing and reconcili-

ation by ensuring that their offenders have been brought to justice. Ms. Martin has also helped many victims of violence navigate the sometimes-overwhelming criminal justice system. Always committed to protecting and supporting the interests of those for whom she advocates; Ms. Martin has helped victims navigate their difficult experiences.

Madam speaker, Ms. Crystal Martin is a dedicated advocate who has devoted her life to helping members of our community. It is therefore fitting and proper that we honor her here today as Lake County's 2020 Woman of the Year.

INTRODUCTION OF THE FAIR PAY ACT OF 2021

HON. ELEANOR HOLMES NORTON

OF THE DISTRICT OF COLUMBIA

IN THE HOUSE OF REPRESENTATIVES

Friday, March 26, 2021

Ms. NORTON. Madam Speaker, March 24th was Equal Pay Day, which marked the number of additional days a woman must work to earn what a man earned the prior year. The 1963 Equal Pay Act (EPA), the first of the great civil rights statutes of the 1960s, has grown creaky with age and needs updating to reflect the new workforce, in which women work almost as much as men.

What maybe the best case for a stronger and updated EPA occurred in the Congress in 2003, when female custodians in the House and Senate won an EPA case after showing that female workers were paid a dollar less per hour for doing the same or similar work as males. Had those women not been represented by their union, they would have had an almost impossible task in using the rules for bringing and sustaining an EPA class action lawsuit.

My own experience as the first woman to chair the U.S. Equal Employment Opportunity Commission afforded me the opportunity to enforce the EPA. However, if women are to get equal pay, they need the Fair Pay Act (FPA). I again introduce this bill on behalf of the average female worker, who is often first steered to, and then locked into, jobs with wages that are deeply influenced by the gender of individuals who have traditionally held such jobs. Much of the wage inequality women experience today is because of employer-steering and deeply rooted wage stereotypes, which result in wages paid according to gender and not according to the skill necessary to do the job. I introduce the FPA because the pay disparity most women face today stems mainly from the segregation of women and men in different jobs and paying women in female-dominated jobs systematically less. Two-thirds of white women and three quarters of African-American women work in just three areas: sales/clerical, service and factories. We need more aggressive strategies to break through the societal barriers present throughout history the world over, as well as employer-steering based on gender, which is as old as paid employment itself.

The FPA would require that if men and women are doing comparable work, they must be paid comparable wages. If a woman, for example, is an emergency services operator, a female-dominated profession, she should not be paid less than a fire dispatcher, a male-

dominated profession, simply because each of these jobs has been dominated by one gender. If a woman is a social worker, a traditionally female occupation, she should not earn less than a probation officer, a traditionally male job, simply because of the gender associated with each of these jobs.

The FPA would not tamper with the legal burden. Under the FPA, as under the EPA, the burden would be on the plaintiff to prove discrimination. The plaintiff must show that the reason for the disparate treatment is gender discrimination, not legitimate market factors.

Remedies to achieve comparable pay for men and women are not radical or unprecedented. State governments, in red and blue states alike, have shown that it is possible to eliminate the part of the pay gap that is due to discrimination. Twenty state governments have adjusted wages for female-dominated professions, raising pay for teachers, nurses, clerical workers, librarians, and other female-dominated jobs that paid less than comparable male-dominated jobs. Minnesota, for example, implemented a pay equity plan when it found that traditionally female jobs paid 20 percent less than comparable traditionally male jobs. There may well be some portion of the gender wage gap that is traceable to market factors, but 20 states have shown that you can tackle the gender discrimination-based wage gap without interfering in the market system. States generally have closed the wage gap over a period of four to five years at a one-time cost of no more than three to four percent of payroll.

In addition, many female workers routinely achieve pay equity through collective bargaining, and countless employers provide it on their own as they see women shifting out of vital female-dominated occupations as a result of the shortage of skilled workers, as well as because of the unfairness to women. Unequal pay has been built into the way women have been treated since Adam and Eve. To dislodge such deep-seated and pervasive treatment, we must go to the source, the traditionally female occupations, where pay is linked with gender and always has been.

I urge my colleagues to support this bill.

50TH ANNIVERSARY OF
BANGLADESH'S INDEPENDENCE

HON. ANDY LEVIN

OF MICHIGAN

IN THE HOUSE OF REPRESENTATIVES

Friday, March 26, 2021

Mr. LEVIN of Michigan. Madam Speaker, I rise today to recognize the 50th anniversary of Bangladesh's independence, which is being celebrated on March 26, 2021.

On March 7, 1971, Sheikh Mujibur Rahman, who is called "Mujib" and is also known as the "Father of the Nation," delivered a speech calling for what was then known as East Paki-

stan to become an independent state. Bangladesh became independent from Pakistan on March 26, 1971, and since then, March 26th has been observed as a national holiday in Bangladesh. It is a day when people in Bangladesh as well as people around the world of Bangladeshi descent remember those who lost their lives in the brutal 1971 war for independence and celebrate Bangladesh's victory as a new independent nation.

The people of Bangladesh and the Bangladeshi diaspora, including Bangladeshi Americans in Michigan's 9th District, are observing the golden jubilee of the Independence Day and celebrating throughout the month of March. The 50th anniversary of Bangladesh's independence is deeply meaningful to those with connections to Bangladesh, there and abroad. I encourage my colleagues to join me in recognizing those working to honor Bangladesh's history by holding special events around the world, and in congratulating the people of Bangladesh and all Bangladeshi Americans on this historic day.

INTRODUCTION OF RESOLUTION
RECOGNIZING THE HERITAGE,
CULTURE, AND CONTRIBUTIONS
OF LATINAS IN THE UNITED
STATES

HON. J. LUIS CORREA

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

Friday, March 26, 2021

Mr. CORREA. Madam Speaker, one in six women in the United States is a Latina. There are currently nearly twenty-nine million Hispanic women living in the United States. Latinas have been part of our nation's fabric from the start. They contribute to our nation through their work in business, education, science and technology, medicine, engineering, mathematics, literature and the arts, the military, agriculture, hospitality, and public service at every level of the government. Latinas have served as essential workers throughout the COVID-19 pandemic and have kept the economy going and the people of the United States safe. Many have overcome a unique set of challenges and have paved their own paths to success. During National Women's History Month, I want to honor the millions of Latinas who have contributed to our nation.

Therefore, I am reintroducing a resolution recognizing the heritage, culture, and contributions of Latinas in the United States. This resolution will recognize their contributions to American society and further celebrates those who have inspired the next generation.

PERSONAL EXPLANATION

HON. BRADLEY SCOTT SCHNEIDER

OF ILLINOIS

IN THE HOUSE OF REPRESENTATIVES

Friday, March 26, 2021

Mr. SCHNEIDER. Madam Speaker, I rise today regarding a vote I missed on March 17, 2021.

Had I been present for Roll Call Vote 88 on the COVID-19 Bankruptcy Relief Extension Act of 2021 (H.R. 1651), I would have voted yea. During the COVID-19 pandemic, small businesses and American families have struggled to make ends meet. This bill offers critical support to businesses by extending the bankruptcy relief provisions in the CARES Act for another year. I was honored to vote for these provisions in the CARES Act and am a strong supporter of extending them. In keeping with the spirit of this legislation, I will continue to advocate for relief to small businesses and economic recovery in the wake of COVID.

INTRODUCTION OF THE END OIL AND GAS TAX SUBSIDIES ACT OF 2021

HON. EARL BLUMENAUER

OF OREGON

IN THE HOUSE OF REPRESENTATIVES

Friday, March 26, 2021

Mr. BLUMENAUER. Madam Speaker, America faces a climate crisis. This fact is indisputable, as is the fact that humans are primary cause of the changing climate. But our tax code does not reflect this, instead it showers billions of dollars of benefits to profitable oil and gas companies. Today, I introduced the End Oil and Gas Tax Subsidies Act of 2021, legislation that would eliminate nearly a dozen of the most egregious tax breaks enjoyed by the oil and gas industry.

Despite consistent profitability, fossil fuel companies receive billions of dollars in federal tax breaks and subsidies, which underwrite the costs of oil and gas production. These forgone revenues undermine the United States' ability to combat the climate crisis and invest in critical initiatives like education, housing, infrastructure, and healthcare. The End Oil and Gas Tax Subsidies Act of 2021 would not only eliminate 11 of these provisions in the tax code, it would also ensure the United States is no longer providing tax subsidies to oil and gas at the expense of clean energy, increasing the competitiveness of the energy industry.

I look forward to working with my colleagues in the House and Senate to get this legislation enacted into law this year.

IN RECOGNITION OF MONICA DIEHL

HON. JOHN JOYCE

OF PENNSYLVANIA

Monica is the Director of Patient Education and Development at Keystone Health. Prior to the pandemic, her primary duties were administrative, but she did not hesitate to tap into her clinical skills to help the patients amid the crisis. She led a staff outreach and education program to ensure the team was following safe protocols for treating patients during the pandemic. Monica also volunteered to lead a COVID-19 testing site and later spearheaded the vaccine operation at the hospital. Under her leadership and diligence, Keystone Health has not wasted a single COVID-19 vaccine dose.

Monica exhibits true dedication, compassion, and professionalism to the patients at Keystone Health. On behalf of Pennsylvania's 13th District, I congratulate Monica on this incredible work and thank her for her service to our community.

HONORING THE LIFE OF MONTFORD POINT MARINE ROBERT MOORE

HON. MIKE LEVIN

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

Friday, March 26, 2021

Mr. LEVIN of California. Madam Speaker, I rise today to pay tribute to Robert Moore, who passed away on February 25, 2021, after a lifetime of service to his country.

Robert was born in 1929 in Queens, New York. After enlisting in the Marines in 1946, he became one of approximately 20,000 Black men to train at the segregated Camp Montford Point in North Carolina. The Montford Point Marines were regularly subjected to racist attacks from White Marines stationed at Camp Lejeune.

Robert spent over four decades at Camp Pendleton, which I am proud to represent. He served honorably in the Korean and Vietnam Wars, where he ran mess halls and trained Marines in food service. In 1972, he retired from the Marine Corps at the rank of gunnery sergeant and received his degree from Palomar College. He spent the following 20 years working at Camp Pendleton as a dietic technician at the Naval Hospital.

Robert was one of the last surviving Montford Point Marines in the San Diego area. Fewer than 400 of the original 20,000 Montford Point Marines are still living. He was a proud recipient of a Congressional Gold Medal awarded to all Montford Point Marines.

Robert was married to his wife Willie Mae Miles for 56 years before her death in 2004. They had 11 children, 19 grandchildren, 47 great-grandchildren, and 10 great-great grandchildren.

Robert Moore lived an incredible and full life. He was a dedicated husband, parent, and friend. His courage and valor laid the foundation for future generations. We are grateful for his service to his country.

HONORING LUKE WALDROP

HON. H. MORGAN GRIFFITH

OF VIRGINIA

IN THE HOUSE OF REPRESENTATIVES

Friday, March 26, 2021

Mr. GRIFFITH. Madam Speaker, I rise in honor of Louis Stephens "Luke" Waldrop Sr. of Salem, Virginia, who passed away on March 12, 2021 at the age of 97. Mr. Waldrop was a real estate developer and philanthropist who made a tremendous impact on Salem throughout his long and active life.

Mr. Waldrop was born on June 11, 1923 to Alexander Atkinson and Carolyn Bear Waldrop. He grew up in Roanoke and attended Episcopal High School in Alexandria. His collegiate studies at the University of Virginia (UVA) were interrupted by World War II, in which he served as a Navy medic in the Pacific theater. After completing his service, Mr. Waldrop returned to UVA to finish his degree and married Harriett, at the time a senior at Mary Baldwin College.

After a stint in Richmond, Mr. Waldrop moved with his young family back to his native Roanoke Valley. His brother John introduced him to R.L. Russ, who educated him in the real estate business. Mr. Waldrop launched his own company, L.S. Waldrop Realty, in 1956.

Much of our country was remade by the housing boom that followed World War II. It was Luke Waldrop that harnessed that boom to remake Salem. With a keen sense for deal making and closing the sale, he drove forward residential and business development. Middleton Gardens, West Club Forest, Woodbridge, Spartan Square, Salem Terrace at Harrogate, Caroline Forest Apartments, and over 900 single family homes resulted from his professional efforts.

Mr. Waldrop was devoted to charitable causes and community organizations in Salem and beyond. Among the educational institutions that benefited from his contributions and support for endowed scholarships are his alma mater UVA, Roanoke College, Mary Baldwin College, Virginia Western Community College,

and Episcopal High School. He was on the vestry at St. Paul's Episcopal Church, belonged to and at one time served as president of the Salem Rotary, and served on the Roanoke County Planning Commission.

Mr. Waldrop was preceded in death by his first wife, Harriett, his second wife, Anne "Dickie" Dickson Jordon Waldrop, and grandson Adam Thomas Waldrop. He is survived by children Kathryn Kerkering (Tom), Caroline Buckman Haddock, Louis Stephens "Steve" Waldrop Jr., Preston Adam Waldrop (Jamie), Harriett Ann Waldrop, and Laura Doub (Bruce); thirteen grandchildren; two step-grandchildren; and numerous great-grandchildren. I offer them my condolences on the loss of Luke Waldrop, a member of the Greatest Generation who changed Salem for the better over his many decades in business and in service.

HONORING HOPE REYES LUGO AS
THE 2020 WOMAN OF THE YEAR

HON. MIKE THOMPSON

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

Friday, March 26, 2021

Mr. THOMPSON of California. Madam Speaker, I rise today to honor Hope Reyes Lugo, whom I have named the 2020 Woman of the Year in Napa County, California. Woman of the Year recognizes women who have made important contributions to California's 5th Congressional District in Arts and Culture, Professional Achievement, Entrepreneurship and Innovation or Community Service.

Born in San Bernardino, California, Ms. Lugo was the oldest of 13 children. At just 24 years old, she moved with her husband and family to Napa, where they settled permanently. Originally finding work on small farms, Lugo picked up extra jobs to support her family, enrolling her children in the community Head Start program with the hope of giving them better lives.

Never one to leave her family's wellbeing in the hands of others, she joined the parent policy council and became a Head Start instructor. Earning the trust and admiration of our community for her advocacy on behalf of farm workers and her poor neighbors, she was later appointed to the Napa County Council for Economic Opportunity (NCCEO) Board of Directors. Graduating to the role of Executive Director in 1970, she served with pride and distinction for 30 years. Throughout her tenure as director, she took on numerous other civic and philanthropic responsibilities, including membership in the Napa Latino Leadership Organization and the President's Commission on the White House Conference for Children and Youth.

Our community and the nation have recognized Ms. Lugo for her leadership numerous times. In 1990, the Department of Health and Human Services bestowed the National Head Start Award on her for providing an exceptional education to her students. Ten years later, the city of Napa further celebrated her impact on children by dedicating the Hope Lugo Child Development Center in her honor. Most recently, in 2014, the Napa County Hispanic Chamber of Commerce awarded her the Building a Legacy Award to Ms. Lugo for near-

ly six decades of distinguished service. Though her accolades are many, Hope takes the greatest pride in being matriarch of a large, devoted family. A caring mother, a dotting grandmother, a cherished great-grandmother, and a teacher in the truest sense of the word, she has intimately shaped the experiences of children across generations.

Madam Speaker, Hope Lugo is a great friend and has dedicated her life to the communities and people she holds dear. It is therefore fitting and proper we honor her here today as Napa County's 2020 Woman of the Year.

MILITARY RETIREE SURVIVOR
COMFORT ACT

HON. JOHN GARAMENDI

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

Friday, March 26, 2021

Mr. GARAMENDI. Madam Speaker, today I reintroduce the "Military Retiree Survivor Comfort Act," with Congressman MIKE TURNER (R-OH) as the original cosponsor.

The late Congressman Walter B. Jones, Jr. (R-NC), my dear friend and our beloved colleague, sponsored the "Military Retiree Survivor Comfort Act" every Congress since 2002. I am honored to continue his work on this critical, bipartisan legislation to protect military families from completely avoidable bank overdrafts following a veteran's death.

Specifically, the "Military Retiree Survivor Comfort Act" would allow the spouse or other designated survivor/beneficiary of a veteran to retain the full retirement benefit paid out in the final month just before or coinciding with the veteran's death. Under current Department of Defense policy, that final month's retirement benefit may be clawed back on a prorated basis if the family fails to immediately notify the Defense Finance and Accounting Services (DFAS) of their veteran's death.

Military families with joint bank accounts, into which retirement payments are deposited electronically, are often unaware that DFAS can claw back overpayments without the accountholder's consent. This results in joint bank accounts being drained of funds, subjecting veterans' families to overdraft fees and avoidable financial hardship following a veteran's death.

The "Military Retiree Survivor Comfort Act" would finally end this needless and callous DFAS practice for any retirement benefit received in the month for which a veteran was alive for at least 24 hours. Military families grieving the loss of their loved one should not be penalized for an accounting oversight by the Department of Defense.

As chairman of the House Armed Services Subcommittee on Readiness, I plan to make the "Military Retiree Survivor Comfort Act" a major priority during this year's National Defense Authorization Act (NDAA).

Madam Speaker, I urge all Members to join me and Congressman TURNER (R-OH) in cosponsoring this bipartisan and commonsense bill.

INTRODUCTION OF THE OFFICE OF
MANUFACTURING & INDUSTRIAL
POLICY ACT

HON. MARCY KAPTUR

OF OHIO

IN THE HOUSE OF REPRESENTATIVES

Friday, March 26, 2021

Ms. KAPTUR. Madam Speaker, manufacturing is not just America's legacy; it is our future. To ensure this legacy remains, we need to position domestic manufacturing and the American worker at the center of federal policy.

America's manufacturing and innovation sectors are second to none. When we work together and support America's domestic manufacturing ecosystem, there is nothing in this world we cannot achieve.

As a daughter of the industrial Midwest, the strong, hardworking city of Toledo, Ohio, I know firsthand how important a strong manufacturing sector is to American families and their communities.

It is for these workers, their forbearers and future generation of manufactures yet to come, that I am so pleased to author and introduce the bipartisan, bicameral Office of Manufacturing and Industrial Innovation Policy Act.

The global coronavirus pandemic exposed how vulnerable the United States has become as a result of over-reliance on international supply chains. Yet these lessons provide opportunity in both economic recovery and to reposition American manufacturing for long-term prosperity. To do this, we need an Office at the highest level to coordinate, strengthen, and rebuild America's manufacturing leadership. The Office of Manufacturing and Industrial Innovation Policy Act provides this opportunity.

This legislation will create within the Executive Office of the President (EOP) an Office of Manufacturing and Industrial Innovation (OMII) to elevate and coordinate manufacturing and industrial innovation policy. The Office will synthesize information from inter and intra governmental engagements, as well as advice from the manufacturing sector, including small businesses, labor unions, academics, and nongovernmental bodies.

This bipartisan legislation will elevate focus to address critical challenges facing the American manufacturing industry, establish key agency coordination and cross-administration management efforts to ensure global leadership in manufacturing and trade, improve workforce development and job creation for the future, enhance research and development, and develop a long-term strategy to ensure the growth and national security of the U.S. manufacturing industry, workforce, and economy. In summary, provisions included in each of the titles establish the following initiatives:

Title I. Establishes Policy and Priority Objectives for U.S. Manufacturing and Industrial Innovation: lays out goals to promote a thriving

manufacturing and industrial sector, enhanced and fortified by coordinated efforts to address the enumerated policies and priorities, focused through comprehensive strategy implemented at the highest-level.

Title II. Entities to Advance a Cohesive U.S. Manufacturing and Industrial Innovation Agenda Creates The Office of Manufacturing and Industrial Innovation Policy, modeled on the Executive Office of Science and Technology Policy, to provide manufacturing and industrial perspective and advice to the President, and provide a comprehensive survey and cross administration management of efforts to ensure global leadership in manufacturing critical to the long-term health and national security of the United States.

A Chief Manufacturing Officer (CMO) will serve as Director of OMII and advisor to the President. The CMO will lead coordination of manufacturing and industrial innovation initiatives across the federal Government and work with representatives in State and local government, labor, non-governmental groups, and private business to develop and implement enhanced coordination of manufacturing policy.

OMII will develop and update a National Strategic Plan, quadrennially, with short and long-term goals to ensure American leadership in manufacturing.

Title III. Establishes the President's Committee on Manufacturing and Industrial Innovation, comprised of representatives from the business, consumer, defense, public interest, and labor sectors to analyze the landscape of manufacturing efforts and activities in America. The Committee will be apportioned by the President and report on the state of manufacturing and provide recommendations to strengthen the sector through federal policies and initiatives.

Title IV. Establishes the Federal Strategy and Coordinating Council on Manufacturing and Industrial Innovation, chaired by the President, to coordinate manufacturing and industrial innovation policy. The Council will convene the heads of various executive agencies—including Secretaries of Commerce, Labor, HHS, DOD, and Energy—to establish national priorities and coordinated strategies for manufacturing and industrial innovation policy and investment.

Title V. Establishes a Federally Funded Research & Development Center: The Manufacturing and Industrial Innovation Policy Institute to gather, analyze, initiate studies, and assist the federal government on issues and concerns related to American manufacturing and industrial innovation. The National Institute of Standards and Technology will sponsor the Institute.

Title VI. Creates a National Medal of Manufacturing and Industrial Innovation to recognize outstanding contributions to knowledge in manufacturing and industrial innovation.

Title VII. Appropriations: authorizes sums as needed, but specifies \$5 million per title for the first year for Title 2, Title 3, Title 4, Title 5.

America's manufacturing legacy is one of prosperity and progress. This Office provides the opportunity to once again prioritize U.S. manufacturing and industrial innovation to support job creation and America's long-term economic strength.

Given the lofty efforts of this Office, the legislation earned endorsement of numerous groups, including: the Aerospace Industries

Association (AIA), the Alliance for American Manufacturing (AAM), the AFL-CIO, the American Mold Builders Association (AMBA), the American Small Manufacturers Coalition (ASMC), the Association for Manufacturing Technology (AMT), the Can Manufacturers Institute (CMI), the Industrial Fasteners Institute (IFI), the International Association of Machinists and Aerospace Workers (IAM), the International Economic Development Council (IEDC), the International Federation of Professional and Technical Engineers (IFPTE), the Information Technology and Innovation Foundation (ITIF), the Motor & Equipment Manufacturers Association (MEMA), the National Association of Manufacturing (NAM), the National Tooling and Machining Association (NTMA), the Precision Metalforming Association (PMA), the Precision Machined Products Association (PMPA), the State Science & Technology Institute (SSTI), the International Union of United Automobile, Aerospace, and Agricultural Implement Workers of America (UAW), and the United Steel Workers (USW).

Here is a glimpse of what the groups and experts across the country have to say about the importance of this effort:

The U.S. has seen massive supply chain disruptions due to COVID-19, which have required small manufacturers to rapidly reinvent both their products and their services. Representative Kaptur and Senator Klobuchar understand the challenges facing American manufacturers and have demonstrated long standing support for this critical industry, said Chuck Spangler, board chair of the American Small Manufacturers Coalition (ASMC) and president of the South Carolina Manufacturing Extension Partnership. "We at ASMC thank them for their leadership and we look forward to working with them in the future."

The COVID pandemic laid bare what many of us have been saying for years—the United States is long overdue for a comprehensive, national manufacturing and innovation strategy. The foundation laid in this bipartisan bill to create an Office of Manufacturing and Industrial Innovation Policy and a federal plan for manufacturing will go a long way to making that a reality. The AFL-CIO is proud to endorse this important bill. Brad Markell, Executive Director AFL-CIO Industrial Union Council

The decisions made by every federal department affects manufacturers, often with unintended consequences. The Office of Manufacturing and Industrial Innovation Policy Act will help make sure small and medium sized manufacturers have a strong voice within the federal government and help agencies coordinate policies that encourage domestic manufacturing. Precision Machined Products Association

The Machinists Union applauds Senators Iobuchar, Wicker, Coons, and Portman, and Representative Kaptur and Representative Fitzpatrick for not only recognizing the critical importance of the U.S. manufacturing industry, but for also proposing long awaited legislation that will rebuild U.S. manufacturing for a sustainable future. The bipartisan Office of Manufacturing and Industrial Innovation Policy Act places a priority on creating the kind of high wage jobs that American workers and our economy need now and for future generations. International Association of Machinists and Aerospace Workers—International President Robert Martinez Jr.

The bipartisan Office of Manufacturing and Industrial Innovation Policy Act is a critical step toward establishing an effective national industrial strategy that would benefit

working people and union members in every state and congressional district. IFPTE applauds Senators Klobuchar, Wicker, Coons, and Portman and Representative Kaptur and Fitzpatrick for proposing legislation that aligns federally funded research, development, and technological innovation with the goal of rebuilding the nation's industrial base and supports high-quality high-wage domestic manufacturing jobs. Paul Shearon, President of the International Federation of Professional and Technical Engineers

Manufacturing has been the foundation of the U.S. economy from the beginning. Bipartisan support of this effort highlights the importance of working together to ensure future economic opportunity for all Americans.—Prof. Mark Johnson, Director of Clemson Center for Advanced Manufacturing, former Director of the Advanced Manufacturing Office at the U.S. Department of Energy

The federal government needs an industrial policy for manufacturing in America that encourages innovation and investment, in both technologies and people. The Office of Manufacturing and Industrial Innovation Policy Act will make sure that the White House has a coordinated strategy to promote domestic manufacturing growth. National Tooling and Machining Association

I can think of few more important initiatives for our long-term competitiveness than the Office of Manufacturing and Industrial Innovation Policy Act. In the years to come, this legislation will ensure robust coordination across every facet of public and private enterprise, and advance both our national and economic security. Public policy in these key areas are often undertaken on an ad hoc, disaggregated basis. The provisions of this bill will set the foundation for America to 'Build Back Better' with a robust strategy grounded in real science, productivity, and smart job growth.—Neal Orringer, Former Director of Manufacturing for the U.S. Department of Defense and Former Manufacturing Senior Advisor to U.S. Commerce Secretary and Co-Chair of White House Office of Manufacturing Policy

The Office of Manufacturing and Industrial Innovation Policy Act gives manufacturers a long overdue seat at the policy-making table at a time when the sector is taking a leading role responding to the pandemic and driving the economy. Precision Metalforming Association

Rapid and effective implementation of President Biden's BuildBackBetter agenda is critical to restore the nation's global competitiveness in manufacturing and rebuild our domestic supply chains. The Manufacturing and Industrial Innovation Policy Office, modeled on the Office of Science and Technology Policy, will develop a national manufacturing strategy, strengthen partnerships between the federal and state governments, and coordinate the siloed 58 federal manufacturing programs. Working closely with the private sector and educational institutions, the Office will ensure that all workers, communities, and companies will participate in economic growth." Phillip Singerman, former NIST Associate Director for Innovation and Industry Services (2011–2020)

The White House should take a whole of government approach to manufacturing and the Office of Manufacturing and Industrial Innovation Policy Act will put the sector at the center of policymaking within the Executive Office of the President. American Mold Builders Association

Based on my experience as the Assistant Director for Advanced Manufacturing at OSTP (2009–12), creating the OMII is a critical step to regain America's leadership in advanced manufacturing, rebuild the na-

tional manufacturing innovation ecosystem, and rekindle American ingenuity. OMII is designed to provide a much needed national strategy and requisite policy implementation to ensure that what is invented here is manufactured here to deliver a return on investment of taxpayer dollars in science and technology.—Sridhar Kota, Executive Director, MFOresight: Alliance for Manufacturing Foresight; Herrick Professor of Engineering, University of Michigan.

"The fastener industry makes the nuts, bolts and screws that hold the world together. We are pleased to support this legislation to elevate manufacturing within the Executive Office of the President, and to better coordinate the various manufacturing initiatives across the federal government as the U.S. focuses on a needed national manufacturing strategy."—Dan Walker, Managing Director, Industrial Fasteners Institute

I thank my colleagues, Representatives HALEY STEVENS, TIM RYAN, BRIAN FITZPATRICK, and CHUCK FLEISCHMANN for introducing this bipartisan bill with me in the House, and Senators AMY KLOBUCHAR, ROGER WICKER, CHRIS COONS, and ROB PORTMAN for their leadership on this bill in the Senate. Additionally, I would like to acknowledge Jenny Perrino, my Deputy Chief of Staff and Legislative Director, for her hard work to craft this legislation and bring it to the line. Together, I am confident we can champion this bill through Congress and to the President's desk without delay. America's manufacturing workers deserve nothing less.

INTRODUCTION OF THE PAY EQUITY FOR ALL ACT OF 2021

HON. ELEANOR HOLMES NORTON

OF THE DISTRICT OF COLUMBIA

IN THE HOUSE OF REPRESENTATIVES

Friday, March 26, 2021

Ms. NORTON. Madam Speaker, I rise to introduce the Pay Equity for All Act of 2021, which would help eliminate the gender and racial pay gap by prohibiting employers from asking job applicants for their salary history before making a job or salary offer. Even though many employers may not intentionally discriminate against applicants or employees based on gender, race or ethnicity, setting wages based on salary history can reinforce the wage gap. Members of historically disadvantaged groups often start their careers with unfair and artificially low wages compared to their white male counterparts, and the disparities are compounded from job to job throughout their careers. Last Congress, the House passed the Pay Equity for All Act as part of the Paycheck Fairness Act (H.R. 7).

The Pay Equity for All Act would help ensure that applicants' salaries are based on their skills and merit, not on salary history, by assessing penalties against employers that ask applicants for their salary history during the interview process or as a condition of employment. It would also provide job applicants and employees with a private right of action against employers that violate these provisions.

There is much work to be done to address the wage gap. This bill would be an important step toward addressing these disparities.

I urge my colleagues to support this bill.

RECOGNITION OF OUTSTANDING STAFF

HON. SEAN CASTEN

OF ILLINOIS

IN THE HOUSE OF REPRESENTATIVES

Friday, March 26, 2021

Mr. CASTEN. Madam Speaker, I rise today to pay tribute and express my gratitude to Anne Wick and Gail Kalinich.

Anne and Gail were instrumental in convincing me to first run for office, helping to build a campaign team, and then served as my co-district directors for the last 2 and one-half years. For that, I owe them my eternal personal gratitude.

But I am ultimately a side story. Anne and Gail share my belief that the office is bigger and more important than the officeholder, and never shied away from reminding me of my

relative insignificance. They did not seek public office, nor even to become district directors. But they were called to it. Anne is a 27-year Navy Veteran. She's also a mother and a community leader. We met her when my own wife joined the local PTA, came home and said "you've got to meet Anne. She gets stuff done." Gail is a retired law partner, volunteers as an organ courier and has been active for years with the local League of Women Voters.

These are necessarily incomplete resumes, highlighted here only to illustrate that they did not need to become politically involved. But the times found them. They wanted a government that worked. Not just for them, but for all Americans. Not just in times of crisis, but before crises to avert them. And so, after the 2016 election, they heeded the words of our own speaker. They did not agonize, they organized.

In their capacity as my co-district directors, their commitment to good government has never waned. First when they set up a district office. Then when they helped senior citizens get their social security checks. When they helped a World War II "Atomic Veteran" secure long-overdue veterans benefits. When they organized events to draw attention to unsung women in our district who provide full women's health services in a church basement in the pre-Roe era. When they helped young high school students to learn about, and ultimately secure admission to our Nation's great service academies. In these examples, and so many more, public service came first.

Anne and Gail are emblematic of the millions of under-appreciated, unsung women who got engaged and stepped up to protect our democracy in 2017. They are a part of that crucial slice of the American electorate who have proven William Seward's observation that there has always been "just enough virtue in this nation to save it—sometimes none to spare, but still enough." They are, in short, two remarkable women who deserve more recognition than they seek, and certainly more than I can provide in these few words. To loosely paraphrase former Saturday Night Live actor Harry Shearer "Give me a Wick and a Kalinich, and there is nothing I cannot do."

I am grateful to them both for their friendship, for their service to the people of Illinois' 6th Congressional district, for their patriotism. Our office, this body, and our nation will forever be in their debt.

IN RECOGNITION OF ASHLI YODER

HON. JOHN JOYCE

OF PENNSYLVANIA

IN THE HOUSE OF REPRESENTATIVES

Friday, March 26, 2021

Mr. JOYCE of Pennsylvania. Madam Speaker, I rise today to congratulate Ashli Yoder on receiving the Rising Star Award from the Greater Chambersburg Chamber of Commerce.

Ashli began working for Norland Avenue Pharmacy at the beginning of the COVID-19 pandemic. Since then, she and her team have been crucial to the growth of their in-house medication synchronization program. Ashli has been charged with the vaccine distribution at the hospital. Under her leadership, they provided more than 750 vaccine doses in March.

Her work has been invaluable to the Chambersburg community.

Ashli exhibits true dedication, compassion, and professionalism to the clients at Norland Avenue Pharmacy. On behalf of Pennsylvania's 13th District, I congratulate Ashli on this award and thank her for her service to our community.

COMMEMORATING THE 1971
BENGALI GENOCIDE

HON. JUDY CHU

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

Friday, March 26, 2021

Ms. CHU. Madam Speaker, I join with my Bengali constituents to honor and commemorate the tragedy that befell Bangladesh 50 years ago and the millions whose lives were lost or disrupted.

The 1971 Bengali Genocide was one of the worst human tragedies of the 20th century, with over 2 million lives lost and over 10 million displaced. In addition, over 200,000 women were violently raped. The campaign of sexual violence against women in particular was so severe that the United Nations was bringing in doctors to help treat these women.

These terrible events began on March 25, 1971, with "Operation Searchlight"—a military operation that intentionally targeted civilians because of the language they spoke and the religion they practiced. It was a deliberately brutal response meant to silence Bengali voices and erase Bengali culture while snuffing out the flame of self-determination.

Fortunately, this genocidal attempt failed, but not before too many paid the ultimate price. And the survivors still carry their scars, even fifty years later.

This violence was made worse by the failure of the United States to speak out against it. That is why I am urging the U.S. government and all Americans of conscience to not only join me in remembering this genocide and those we lost, but also to speak out against this kind of violence against civilians wherever it occurs. I also encourage more Americans to learn about what happened in the 1971 Bengali Massacre so that we can start telling the truth about this genocide.

HONORING EMMA C. CHAPPELL

HON. BRENDAN F. BOYLE

OF PENNSYLVANIA

IN THE HOUSE OF REPRESENTATIVES

Friday, March 26, 2021

Mr. BRENDAN F. BOYLE of Pennsylvania. Madam Speaker, it is my honor to ask the House of Representatives to join me in honoring Emma C. Chappell, a pioneer in the banking community who passed away on March 16th at the age of 80.

Mrs. Chappell was born Emma Carolyn Bayton in Philadelphia in 1941. Raised by her father after her mother passed away when she was 14 years old, Mrs. Chappell graduated from West Philadelphia High School. At the age of 16, her pastor and civil rights activist Leon H. Sullivan recognized her aptitude for mathematics and encouraged her to go into banking. After high school, Mrs. Chappell be-

came a clerk photographer at Continental Bank in 1959.

Mrs. Chappell set her sights on becoming a top bank executive, determined to use her grit and tenacity to succeed. As a newlywed to her husband, Verdayne, Mrs. Chappell attended Temple University at night for five years. In 1971, after completing an executive program that allowed her to work in several different departments and gain invaluable experience, she was promoted to Assistant Treasurer of Continental Bank. In 1977, she was promoted to Vice President at Continental, the first African American to serve in that role and the first female Vice President of a major bank in Pennsylvania. In this capacity, Mrs. Chappell oversaw the Community Business Loan and Development Department, granting more than \$30 million in loans to African American and women owned businesses.

In 1992, after a five-year effort to raise the \$5 million that was then required to capitalize a bank, Mrs. Chappell founded the United Bank of Philadelphia, becoming the first African American woman to charter a commercial bank in the United States. At the same time, she began to expand her good work beyond the banking world. She was one of the founders of the Rainbow Coalition, the organization founded by Jesse Jackson to promote racial equality. She also worked to organize what would later become the Philadelphia Commercial Development Project. During her 20-year tenure in banking, Mrs. Chappell held an impressive record of a less than one percent loan loss ratio, despite offering loans to those who might be turned away by other financial institutions.

Emma Chappell was a trailblazer in the banking community and leaves behind a legacy of using her position to bring new opportunities and resources to underserved Philadelphians. Although she is no longer with us, her work will continue to live on and inspire generations to come.

MEMORIALIZING THE INTENT OF THE TRIBAL PORTION OF THE CORONAVIRUS RELIEF FUND IN THE CORONAVIRUS AID, RELIEF, AND ECONOMIC SECURITY ACT (CARES ACT)

HON. RAUL RUIZ

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

Friday, March 26, 2021

Mr. RUIZ. Madam Speaker, I rise today to highlight a critical portion of the American Rescue Plan that will help native communities across our country mitigate and recover from the ongoing coronavirus pandemic.

I am proud to have helped lead the fight to secure the \$20 billion Coronavirus Recovery Fund for Tribal Governments. It is essential that this fund is implemented swiftly and equitably by the Treasury Department as intended by Congress and following meaningful Tribal consultation.

Nearly a year ago, Tribal governments across the country, recognizing the imminent public health threat, voluntarily closed their business and government operations to stem the spread of COVID-19.

Many Tribal businesses in California's 36th District and throughout the State remained closed for months. It was this sacrifice, and the sacrifice that millions of Americans made to shelter in place and minimize social gatherings, that prevented this pandemic from claiming hundreds of thousands more lives.

For Tribal governments, the implications of the economic shutdown are hard to understate. In addition to supporting the workers they employ and meeting basic commercial obligations, Tribal governments rely on the revenue generated by their businesses to provide health care, education, emergency services, housing, security, sanitation, and more for their members. Tribal governments, unlike state and county governments, do not have a tax base to raise revenue. Shutting down their businesses meant losing the revenue that supports essential government services.

That is why the Coronavirus Recovery Fund for Tribal governments in the American Rescue Plan is so important. It is also important to address several issues and lessons learned from the distribution of these funds following the passage of the CARES Act.

First, Treasury should allow Tribal governments to certify their population counts. In the CARES Act allocation, some Tribes were improperly listed as having zero population,

while many more were severely undercounted based on their historical participation in Indian housing programs. This flawed policy resulted in some Tribes losing out on significant funding and it must be fixed in the implementation of the American Rescue Plan.

Second, it is critical that Tribal governments be given maximum flexibility in determining how they use funding provided to them from the Coronavirus Recovery Fund. Whether it is replacing lost revenue, making necessary capital investments, or providing health coverage to members, it should be up to the Tribal governments to evaluate and determine the best use of this funding. This flexibility should also recognize the unique nature and function of Tribal governments as opposed to state or municipal governments.

Lastly, I encourage Treasury to adopt a more equitable formula that better takes into account the disparate economic impacts that COVID-19 related shutdowns have had on Tribal governments and employees. In the implementation of the CARES Act many in my district were still left facing severe budget cuts. A formula that includes a proper weight towards economic factors would help address this issue, while also providing aid to those Tribes who were more economically injured by the pandemic.

COMMEMORATING THE
RETIREMENT OF LISA NELSON

HON. JAKE AUCHINCLOSS

OF MASSACHUSETTS

IN THE HOUSE OF REPRESENTATIVES

Friday, March 26, 2021

Mr. AUCHINCLOSS. Madam Speaker, it is my honor and privilege to recognize Lisa Nelson on the occasion of her retirement after 15 years of dedicated service to the Massachusetts Fourth Congressional District and innumerable years of service to the community at large.

Lisa was born and raised in Attleboro, Massachusetts. After graduating from Attleboro High School and Wheaton College, she inspired children by beginning her career as a fifth-grade teacher. After transitioning into a career of inspiring her own children at home, Lisa would eventually start her own business doing real estate appraisals.

All throughout, Lisa's commitment to the Attleboro area has never wavered. She was the first woman to be appointed as Fire Commissioner for the City of Attleboro and recently served a term on the city Board of Assessors. She sat on the Attleboro Tricentennial committee and has held multiple positions on Boards of Directors for community organizations, such as Big Brothers Big Sisters, New Hope, The Sturdy Memorial Hospital Foundation and Attleboro Enterprises—working to improve the lives of some of those most vulnerable populations. Lisa is also active not only within her own church but with the Attleboro Area Interfaith Collaborative which is a significant resource in addressing food insecurity in the area.

Lisa began her tenure with the House in 2006, serving as a District Representative for Congressman Jim McGovern when his district included the City of Attleboro. Most recently, she served as District Director for Congressman Joe Kennedy and Senior Advisor with my office.

As I am sure my predecessors will agree, in a job that can have its share of difficult decisions, choosing to work with Lisa is not one of them.

Lisa approaches constituent service with an extraordinary amount of empathy and kindness. She is a trusted mentor to those she works with and three Members of Congress came to rely on her knowledge of the district, its needs and navigating the challenges of the federal system. She is a true representative of the values of public service.

It is difficult to truly capture the impact that Lisa has made for this office, district and countless constituents and their families but suffice it to say that her contributions will be missed. Though for those of us who know Lisa, we know those contributions will never truly end.

CENTERS OF MEDICARE AND MEDICAID SERVICES' RESPONSE TO QUESTIONS REGARDING CLARIFICATION ON CERTAIN PROVISIONS IN THE AMERICAN RESCUE PLAN

HON. LARRY BUCSHON

OF INDIANA

IN THE HOUSE OF REPRESENTATIVES

Friday, March 26, 2021

Mr. BUCSHON. Madam Speaker, I would like to include in the RECORD clarifying comments from Centers for Medicare and Medicaid Services (CMS) in response to a question I asked during a House Energy and Commerce Committee Markup on February 12, 2021. During the Markup, I asked about the scope of the Medicaid drug rebate provisions, specifically section 3101(a)(4), in the American Rescue Plan.

CMS responded: "Regarding whether section 3101(a)(4) preserves the status quo, we do not believe this language extends rebates to drugs or biological products not currently subject to rebates under the MDRP. Meaning, it keeps the status quo."

"We agree this provision is drafted similarly to the 'fix' for MAT. Like MAT, since states would be required to cover drugs under this new COVID treatment benefit, confirming that states would still be required to cover such drugs absent any rebate agreement."

"Note that we do not believe current statute compels a manufacturer to enter into a rebate agreement. So if the intent is to compel payment of rebates for drugs covered under this new benefit, this provision would have to be drafted differently."

REMEMBERING ROBERT "BOBBY" BIANCO

HON. RAUL RUIZ

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

Friday, March 26, 2021

Mr. RUIZ. Madam Speaker, I rise today to celebrate the life of my constituent, Robert "Bobby" Bianco—a remarkable community member and innovative grower who made history in the Coachella Valley.

Mr. Bianco arrived in our Valley in 1965. He co-owned and operated Anthony Vineyards with his brother and drove economic growth and employed thousands of Valley residents over the past 50 years.

Mr. Bianco was a leader in the grape industry and was nationally known and recognized for his innovation. In fact, he was the first in the nation to commercially grow the red flame seedless grape in 1975, which rapidly grew to become one of the most popular table grapes produced in the world. This historic achievement drew people from near and far to visit our Valley and learn from his techniques.

Mr. Bianco's impact on the community extended beyond his ingenuity in the field. Along with his beloved wife, Harlene, he was involved in local organizations such as the Boys and Girls Club, Big Brother Little Sisters of the Desert, and Desert Arc. Mr. Bianco also was involved in the formation of the Palm Valley School and the expansion of churches in our Valley, such as Our Lady of Perpetual Help, St. Francis Parish, Our Lady of Solidad, Our Lady of Guadalupe, and Sacred Heart.

A friend and colleague of my father's, I knew Mr. Bianco to be a kind and hardworking man who strived to instill positive change in our communities. He was a local leader, nationally renowned grape grower, philanthropist, and lover of golf whose impact on our community will be felt for years to come.

Mr. Bianco is survived by his son, Anthony Bianco, and daughter, Francesca Gist, and his six grandchildren.

Today, we celebrate his life and record his story in our nation's history.

RECOGNIZING THE 50TH ANNIVERSARY OF THE 26TH AMENDMENT

HON. ANNA G. ESHOO

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

Friday, March 26, 2021

Ms. ESHOO. Madam Speaker, March 23, 2021 marked the 50th anniversary of Congressional passage of the 26th Amendment to the Constitution, which extended the right to vote

to 18–20-year-olds. This bipartisan amendment was the culmination of young activists of all political parties and backgrounds coming together to fight for their democratic right.

It was reported that some in Washington called the effort a “children’s crusade.” But those naysayers quickly learned one of Washington’s most important lessons: never doubt America’s youth.

With the proud support of California’s former Members of Congress Don Edwards, Jerry Waldie, Pete McCloskey, Ab Mikva and others, the Amendment passed the House 401–19, after Senate approval by a 94–0 vote, and gave more than 10 million 18-to-20-year-olds the right to vote.

Since then, youth activism has remained a driving force to address our nation’s biggest issues. The global climate crisis, gun violence and police brutality have sparked worldwide movements for change led by young organizers.

Half a century after Congress passed the 26th Amendment, young voters face many roadblocks to registering to vote and actually being able to cast their ballots. Many young Americans aren’t educated on how to vote or register to vote, face challenges to voting absentee while studying away from home, and face the burden of having to go to class or work on Election Day.

For young people of color, the challenges are even greater, as the overcriminalization of youth leads to adult felony convictions that bar them from voting in many states, fees that must be paid before voting, and arrests for low-level offenses that deter potential voters from showing up to the voting booth.

H.R. 1, the For The People Act, which the House passed this month, would strengthen the 26th Amendment by requiring online voter registration, making absentee ballots more accessible, sending federal funds for colleges and universities to appoint a “campus vote coordinator” to educate students on how they can vote and improve voter participation on campus, and ensure formerly incarcerated individuals have their right to vote restored when they reenter society. The bill also allows 16- and 17-year-olds to preregister to vote, engaging future voters at a young age to encourage higher participation in the future.

America’s youth are ambassadors to our future. March 23rd is an anniversary to celebrate extraordinary progress made by visionaries whose shoulders we stand on today.

HONORING BARBARA HACKMAN

HON. GREG PENCE

OF INDIANA

IN THE HOUSE OF REPRESENTATIVES

Friday, March 26, 2021

Mr. PENCE. Madam Speaker, I rise today to honor Barbara Hackman of my hometown of Columbus, Indiana. Barb served as the Republican County Chairwoman of Bartholomew County for eight years. She committed her time, talents and energy to the Sixth Congressional District and the rest of the Hoosier state. I am grateful for her service.

Barb is always willing to lend a helping hand to her community, but her priority is her family—her husband of 45 years, their daughters, and six beautiful grandchildren.

Finally, Barb is a dear friend to the Pence family. We are all grateful for her friendship throughout the years.
