

Thank you!

Your 2021 donation helped **KiCad**

Maintain and expand our **CI/CD servers** for nightly builds and integration testing.

Pay our small team of intrepid developers to build features, fix bugs and make KiCad better for you.

Build out our **QA framework**, helping to ensure bugs that are fixed, stay fixed.

Speed up all aspects of KiCad from circuit capture to layout. Faster KiCad means faster engineers.

Release KiCad version 6!
on
December 24.

Improve Import.
Can now import from Altium, CADSTAR, Fabmaster and more.

Donate today and we can make KiCad version 7
better than ever!
