

# Empower the Endpoint With Dell PCaaS

**Modernize the employee experience while reducing IT costs**

As the tool employees use more than any other, your work PCs and their ecosystem of accessories and software are critical to delivering a winning employee experience. Fast, responsive machines allow employees to work without frustration, while old, slow or broken PCs create inefficiency, downtime and lost productivity.

With Dell PC as a Service (PCaaS), IT teams can deliver a modern employee experience while reducing PC costs and complexity. Here's how:

## What Is Dell PCaaS?

Dell PCaaS delivers all your employee PC needs from one provider and for one predictable monthly price without any upfront investment.

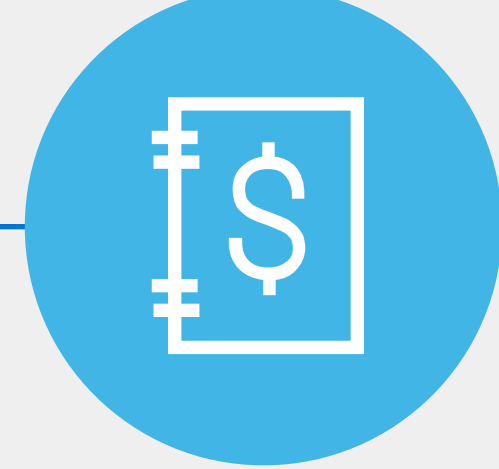

### Hardware

Best and broadest portfolio of hardware and end-user software
