Hours Bundles

Expert on-demand technical and operational consulting hours packages designed to provide you assistance and expertise when you need it.

Yubico is leading the charge toward a more secure and frictionless authentication future. Our team of Professional Services engineers and advisors offers groups of flexible consulting hours designed to help you integrate, implement and deploy Yubico products in your organization.

Benefits

On-demand consulting

Engage with Professional Services resources for technical and operational guidance when you need it.

Flexible hours

Hours are not tied to a specific engagement timeline and can be used over a 12-month period. Ideal for first-time MFA implementations or multiple/longer-term deployments.

Multiple methods of assistance

Hours can be utilized in multiple ways. Clients can either email questions or schedule virtual meetings with a Professional Services engineer or advisor.

Comprehensive technical guidance

Professional Services engineers have expertise to help you with a variety of use cases, vendor solutions and authentication protocols

Knowledgeable operational deployment assistance

Professional Services advisors can provide operational guidance and review to help facilitate and streamline your YubiKey implementation and rollout

Easily expandable

Additional hours bundles can be easily purchased if needed.

Professional Services offer a variety of flexible, on-demand packages to fit your needs:

	Light 10 Hours	Basic 30 Hours	Intermediate 55 Hours	Advanced 80 Hours	Additional 10 Hours
