Subject: Changes to Public and Fire Forecast Zones for Weather Forecast
 Office Greenville-Spartanburg, SC: Effective March 22, 2022

On or about Tuesday, March 22, 2022, at 4:00 PM Eastern Daylight Time (EDT), 2000 Coordinated Universal Time (UTC), the NWS Weather Forecast Office (WFO) in Greenville-Spartanburg, South Carolina (GSP) will change Public and Fire Weather Forecast Zones for Greenville and Spartanburg Counties in upstate South Carolina. After this change, all public and fire weather forecasts and related products will use the new zone numbers and names shown below. These changes are intended to provide increased flexibility and improved accuracy of forecast and various watches, warnings and advisories in the public and fire weather programs.

If March 22, 2022 is declared a Critical Weather Day, this implementation will be postponed to March 29, 2022.
