From:         Ben Kyger  
              Director, NCEP Central Operations

Subject:      Notification of Removal of Logs from NWS's TGFTP:  
              Effective March 7, 2023

Effective on or about March 7, 2023, the National Centers for Environmental Prediction (NCEP) will remove log files from TGFTP <https://tgftp.nws.noaa.gov>. In the case of a declaration of Critical Weather Day or an Enhanced Weather Event, the implementation will be delayed until the next working day without weather restrictions.

The files in question are in the following directories:  
<https://tgftp.nws.noaa.gov/logs/sendstats/>  
<https://tgftp.nws.noaa.gov/logs/rcvstats/>

Users are advised that they will not be replaced, and are encouraged to reach out to NCEP directly with any questions.

NCEP will evaluate all user comments and questions.
