

Make a difference in your life
and the lives of Veterans.
Work at the U.S. Department of
Veterans Affairs (VA)

What we do

- 👍 There are over 9 million Veterans counting on VA for quality health care, and our work is infused with a deep understanding of their complex needs and the challenges they face.
- 👍 We start every day with a fresh commitment to making life better for the brave men and women who risk so much to protect our country, because we believe it's up to all of us to make sure Veterans can enjoy the health and happiness they deserve.

Who we are

- 👍 VA operates the largest integrated health care network in the United States, with 1,255 facilities across all 50 states, the District of Columbia, and some U.S territories.
- 👍 We strive to be the benchmark of excellence and value in health care by providing exemplary services to those who have served our country.
- 👍 VA is dedicated to hiring staff that reflects the diversity of our patients and ensuring that employees feel supported. We aim to recruit the best and brightest talent — physicians, nurses, support staff, and administration — to deliver exceptional care to our nation's Veterans.
