Corps of Engineers Individual Environmental Report (IER #15)
Jefferson Parish

Dear Ms. Stiles:

The Department has reviewed your revised application for a Corps of Engineers permit for the construction of the Lake Cataouatche Levee in Jefferson Parish. This revision concerns the additional relocation of utility pipelines.

The requirements for Water Quality Certification have been met in accordance with LAC 33:IX.1507.A-E. Based on the information provided in your application, we have determined that the placement of the fill material will not violate the water quality standards of Louisiana provided for under LAC 33:IX.Chapter 11. Therefore, the Department has issued a Water Quality Certification.

Sincerely,

A handwritten signature in black ink, appearing to read "Melvin C. Mitchell".
