APPLICABILITY.

- A. The attached model MOA is one of several MOA Models to receive and expend funds pursuant to 33 U.S.C. 701h. This model should be used only for O&M dredging that is a Federal expense; there are some Federal funds available but not enough for Corps to award a reasonable dredging contract; and the Contributor provides ALL remaining funds needed in excess of the available Federal funds to perform the dredging and related activities (engineering and design work, environmental coordination, S&A, etc).
- B. Each model MOA to receive and expend funds pursuant to 33 U.S.C. 701h fits a specific set of circumstances. The other MOA Models currently available are posted on the Project Partnership Agreement (PPA) Web page. If none of the models posted are applicable, the Project Delivery Team should consult with the appropriate HQ RIT for guidance/assistance in drafting the agreement.

NOTES/DRAFTING TIPS:

- 1. FORMAT. Remove the cover pages, notes section, all bold type references to notes, and any bold type text from the MOA prior to processing for approval.
- 2. BLANKS. There are several locations where information specific to the work to be performed is required to fill in a blank. All blanks must be filled in, except the date in the first paragraph, prior to processing the MOA for approval. Including the information required to fill in a blank is not considered a deviation from the model.
- 3. CONTRIBUTOR'S REPRESENTATIVE. Insert the title of the Contributor's representative signing the MOA. Do not include the name, only the title. The title used in this location must match the title used on the signature page. Further, it should be preceded by "the" or "its", as appropriate, to match the title of the Contributor's representative. (Example: the Mayor or its Executive Director)
- 4. PARAGRAPH 12. OBLIGATIONS OF FUTURE APPROPRIATIONS.

- A. Paragraph 12 is optional and should only be included in the MOA if the Contributor specifically requests this language <u>and</u> District Counsel determines, by written legal opinion identifying the specific statutes or constitutional provisions, that the Contributor meets the Federal statutory criteria for inclusion of this paragraph. See Section 221 of the Flood Control Act of 1970, as amended (42 U.S.C. 1962d-5b).
- B. The information to be added in the first three blanks of the first sentence of Paragraph 2 must identify the legislative body that makes the appropriations. (Example: Legislature of the State of Ohio or City Counsel of the City of Cleveland)
- C. The information to be included in the fourth sixth blanks of the first sentence of Paragraph 2 must identify the specific citation to the constitutional or statutory limitation on committing future appropriations. (Example: Article 16 Section 12 of the Constitution of the State of Arkansas)
- D. If this paragraph is deleted, renumber the remaining paragraph. Renumbering the paragraph is not a deviation from the model.
- 5. CERTIFICATE OF AUTHORITY. The attorney signing the Certificate of Authority must be the principal legal officer of the Contributor and is certifying that the Contributor's representative signing the MOA has the authority to obligate the Contributor. Do not forget to fill in the name in the first line prior to execution of the MOA.

6. PREPARING MOA FOR SIGNATURE.

A. When printing the MOA for execution: 1) remove the cover pages and any bold type text from the MOA; 2) ensure that the appropriate information has been included in all blanks in the MOA and the Certificate of Authority; 3) ensure that there are no page breaks which allow half empty pages; and 4) use the following format for District Engineer's signature block. Correct rank in 2nd line as necessary.

Name Colonel, U.S. Army District Engineer

- B. Before signature by the District Engineer, the district must ensure that the Contributor <u>signs</u> and <u>dates</u> a minimum of two copies of the MOA and that the Certificates of Authority are <u>signed</u> and <u>dated</u> by the appropriate people. The date on the first page should be filled in by the District Engineer, not the Contributor.
- C. The Government should retain one copy of the fully executed MOA. All other copies should be provided to the Contributor. A photocopy or a pdf file (as determined by the MSC and the appropriate HQ RIT) of the fully executed MOA should be provided to the MSC and appropriate HQ RIT within 7 days after execution of MOA.
