DEPARTMENT OF THE ARMY
OFFICE OF THE ASSISTANT SECRETARY FOR CIVIL WORKS
WASHINGTON, D.C. 20310-0108

OVERVIEW OF FISCAL YEAR 2010 CIVIL WORKS BUDGET

The President's Budget for fiscal year (FY) 2010 for the Civil Works program of the Army Corps of Engineers addresses the development and restoration of the Nation's water and related resources, operation and maintenance of existing Corps water resources projects, protection of the Nation's waters and wetlands, and restoration of sites contaminated as a result of the Nation's early atomic weapons development program. The Budget focuses on the three primary water resources mission areas of the Civil Works program, namely, commercial navigation, flood and coastal storm damage reduction, and aquatic ecosystem restoration.

The Budget provides \$5.125 billion in discretionary funding for the coming year in the Civil Works program. Additional sources of funding for the annual program are estimated at \$464 million, including \$369 million contributed in cash provided by non-Federal interests. The Budget includes high performing construction new starts and new studies. A number of new activities are funded in the Operation and Maintenance account to address program-wide concerns. For example, the Budget includes a new activity, Response to Climate Change at Corps Projects, to assess broadly how and where climate change may affect the management of Civil Works projects and to identify options such as changes in operation or other modifications in response to climate change.

Construction. The Budget provides \$1.718 billion for the Construction account and gives priority to: ongoing projects with the greatest net economic and environmental returns per dollar invested; projects that address a significant risk to human safety; dam safety assurance, seepage control and static instability correction; and projects that can be completed in FY 2010. The funded projects include 10 dam safety assurance, seepage control and static instability correction projects; and nine projects justified on the basis of life saving benefits. The Budget includes a legislative proposal to authorize a lock usage fee, which would replace the diesel fuel tax now paid by most commercial users of the inland and intracoastal waterways. This proposal addresses the declining balance in the Inland Waterways Trust Fund, which affects the government's ability to finance capital investments in these waterways. This proposed lock user fee will improve economic efficiency compared to the existing fuel tax, by more closely aligning the costs that commercial users pay with the cost of these capital investments, which the Corps incurs on their behalf. The Budget for the Civil Works program provides \$214 million for the South Florida Ecosystem Restoration Program, which includes the restoration of the Everglades. The Budget also includes funding both for construction of coastal projects to reduce storm damage and for periodic renourishment of such projects.

Operation and Maintenance. The Budget provides \$2.504 billion for the Operation and Maintenance account. The Budget emphasizes the performance of existing projects by focusing on the safe and reliable operation and maintenance of key commercial navigation, flood and storm damage reduction, and other projects that are important to the Nation. The Budget gives priority to those harbors and waterway segments that support high volumes of commercial traffic, with an emphasis on the heavily-used Upper Mississippi and Ohio Rivers, and the Illinois Waterway. The Budget also includes funding for harbors that support significant commercial fishing, subsistence, or public transportation benefits. The Operation and Maintenance account includes the beneficial use of dredged material. The Budget provides a total of \$283 million for the operation and maintenance of recreation areas at Corps projects, including \$16 million in the Mississippi River and Tributaries account. The Budget proposes a pilot program to address options for the long-term management of low commercial use navigation projects in the North Atlantic and South Atlantic Divisions. The Budget also provides \$3 million to develop a long term plan for the management of Corps hydropower projects and \$5 million to evaluate responses to potential climate change impacts for Corps projects.

Investigations. The Budget provides \$100 million for the Investigations account, which funds studies to determine the need, engineering feasibility, and economic and environmental return to the Nation of potential solutions to water and related land resource problems, and also funds preconstruction engineering and design, data collection, interagency coordination, and research.

Mississippi River and Tributaries. The Budget includes \$248 million for construction, operation and maintenance, and investigations activities to reduce the risk of flood damage and help stabilize the navigation channel in the Lower Mississippi River.

Flood Control and Coastal Emergencies. The Budget provides \$41 million for natural disaster preparedness and training, with emphasis on flood and coastal emergencies.

Regulatory Program. The Budget provides \$190 million for the Regulatory Program to protect the Nation's waters and wetlands.

Expenses. The Budget provides \$184 million for the Expenses account, which funds all work of the Corps headquarters and Division offices related to the Civil Works program

Office of the Assistant Secretary of the Army (Civil Works). The Budget provides \$6 million for the Office of the Assistant Secretary of the Army (Civil Works), which is responsible for executive management and direction of the Civil Works program.

The 2010 Budget for the Army Civil Works program addresses ongoing activities and proposes new projects and programs. It represents a prudent level of investment in the Nation's water infrastructure and in the restoration of its aquatic resources. The support of these efforts reflected in the FY 2010 Budget will enable the Corps to continue to contribute to the larger Federal, State, and local effort to manage these resources responsibly. I am proud to present this Budget on behalf of President Obama.

Terrence C. Salt
Acting Assistant Secretary of the Army
(Civil Works)

DEPARTMENT OF THE ARMY
 CORPS OF ENGINEERS – CIVIL WORKS
 FISCAL YEAR 2010 BUDGET REQUEST

The Fiscal Year 2010 Budget provides \$5,125,000,000 for the Civil Works program of the Army Corps of Engineers. The Civil Works program supports water resources development, management, and restoration through investigations and surveys, engineering and design, construction, and operation and maintenance, as authorized by Congress. Funding for the Civil Works program includes \$464,000,000 in additional new resources, including \$369,000,000 in non-Federal contributions. Based on current estimates, requested FY 2010 appropriations and additional new resources are as follows:

	<u>Amount (\$)</u>	
Requested Appropriations:		
Investigations	100,000,000	
Construction	1,718,000,000	1/
Operation and Maintenance	2,504,000,000	2/
Regulatory Program	190,000,000	
Mississippi River and Tributaries	248,000,000	
Expenses	184,000,000	
Flood Control and Coastal Emergencies	41,000,000	
Formerly Utilized Sites Remedial Action Program	134,000,000	
Assistant Secretary of the Army, Civil Works	6,000,000	
TOTAL APPROPRIATION REQUEST	5,125,000,000	
 Sources of Appropriations:		
General Fund	(4,204,000,000)	
Harbor Maintenance Trust Fund	(793,000,000)	
Inland Waterways Trust Fund	(85,000,000)	
Special Recreation User Fees	(43,000,000)	
TOTAL APPROPRIATION REQUEST	(5,125,000,000)	
 Additional New Resources:		
Rivers and Harbors Contributed Funds	369,000,000	3/
Coastal Wetlands Restoration Trust Fund	86,000,000	4/
Permanent Appropriations	9,000,000	
TOTAL ADDITIONAL NEW RESOURCES	464,000,000	
TOTAL PROGRAM FUNDING	5,589,000,000	

1/ Includes \$85,000,000 from the Inland Waterways Trust Fund.

2/ Includes \$793,000,000 from the Harbor Maintenance Trust Fund and \$43,000,000 in Special Recreation User Fees.

3/ Cost-sharing contributions required by law for budgeted work and work financed 100 percent by non-Federal interests.

4/ Transferred from the Sport Fish Restoration Account of the Aquatic Resources Trust Fund for planning, protection, and restoration of coastal wetlands in the state of Louisiana.

Operation and Maintenance Performance Statements Fiscal Year 2010 Civil Works Budget

The Army used six objective performance criteria to allocate operation and maintenance funds to Corps projects. These criteria consider both the condition of the project and the potential consequences for project performance if the O&M activity is not undertaken in the Fiscal Year 2010 Budget. These criteria are:

- Cost effective measures to increase or maintain asset availability
- Cost effective measures to maintain or increase asset reliability
- High economic return for the nation
- Provide an acceptable level of public safety and health
- Cost effective measures to address a significant environmental concern
- Legal requirements

SUMMARY, CONSTRUCTION

	<u>APPROPRIATION</u>
<u>Listed Under States:</u>	1,610,020,000
<u>Items Not Listed Under States:</u>	
Aquatic Plant Control Program	4,000,000
Continuing Authorities Projects Not Requiring Specific Legislation:	
Aquatic Ecosystem Restoration (Section 206)	6,967,000
Emergency Streambank and Shoreline Protection Projects (Section 14)	1,477,000
Flood Control Projects (Section 205)	12,049,000
Navigation Projects (Section 107)	1,436,000
Project Modifications for Improvement of the Environment (Section 1135)	5,736,000
Shoreline Protection Projects (Section 103)	680,000
Snagging and Clearing Project (Section 208)	200,000
Dam Safety and Seepage/Stability Correction Program	49,100,000
Employees' Compensation	21,000,000
Inland Waterways Users Board - Board Expense	60,000
Inland Waterways Users Board - Corps Expense	275,000
Estuary Restoration Program (PL 106-457)	5,000,000
Subtotal - Items Not Listed Under States	107,980,000
 TOTAL - CONSTRUCTION APPROPRIATION	 1,718,000,000 1/
Rivers and Harbors Contributed Funds	 <u>229,000,000</u> 2/
 TOTAL - CONSTRUCTION PROGRAM	 1,947,000,000

1/ Includes \$85,000,000 from the Inland Waterways Trust Fund.

2/ Cash contributions required by law for budgeted work and work anticipated to be done on a reimbursable basis.

SUMMARY, OPERATION AND MAINTENANCE

	<u>APPROPRIATION</u>
Total Listed Under States	2,317,027,000
Items Not Listed Under States	
Actions for Change to Improve Operation and Maintenance	8,000,000
Aquatic Nuisance Control Research	690,000
Asset Management/ Facilities and Equipment Maintenance (FEM)	4,750,000
Budget/Management Support for O&M Business Programs	
Stewardship Support Program	750,000
Performance Based Budgeting Support Program	4,000,000
Recreation Management Support Program	1,650,000
Optimization Tools for Navigation	392,000
Coastal Inlet Research Program	3,000,000
Continuing Authorities Projects Not Requiring Specific Legislation:	
Beneficial Uses of Dredged Materials (Section 204/145)	9,175,000
National Mitigation Projects (Section 111)	9,043,000
Response to Climate Change at Corps Projects (NEW)	5,000,000
Cultural Resources (NAGPRA/Curation)	2,500,000
Dredge McFarland Ready Reserve (NEW)	12,000,000
Dredge Wheeler Ready Reserve	12,000,000
Dredging Data And Lock Performance Monitoring System	1,150,000
Dredging Operations And Environmental Research (DOER)	7,000,000
Dredging Operations Technical Support Program (DOTS)	2,000,000
Earthquake Hazards Reduction Program	270,000
Facility Protection	7,000,000
FERC Hydropower Coordination (NEW)	3,000,000
Fish & Wildlife operating Fish Hatchery Reimbursement (New)	4,700,000
Great Lakes Sediment Transport Models	1,200,000
Inland Waterway Navigation Charts	3,800,000
Inspection of Completed Works	1,780,000
Long Term Option Assessment for Low Use Navigation (NEW)	1,500,000
Monitoring Of Completed Navigation Projects	1,800,000
National (Levee) Flood Inventory	10,000,000
National (Multi Project) Natural Resources Management Activities	4,230,000
National Coastal Mapping Program	7,000,000
National Dam Safety Program	18,000,000
National Emergency Preparedness Program (NEPP)	7,000,000
National Portfolio Assessment for Reallocation	571,000
Nationwide evaluation of hydropower rehab	2,000,000
Program Development Technical Support (ABS-P2, WINABS)	300,000
Protection of Navigation	
Protect, Clear And Straighten Channels (Sec. 3)	50,000
Removal Of Sunken Vessels	500,000
Waterborne Commerce Statistics	4,771,000
Harbor Maintenance Fee Data Collection	825,000
RecreationOneStop (R1S) National Recreation Reservation Service	65,000
Regional Sediment Management Demonstration Program	2,000,000
Reliability Models Program For Major Rehab.	608,000
Reserve for Key Emergency Maintenance/Repairs	20,000,000
Shoreline Use Permit Study	250,000
Water Operations Technical Support (WOTS)	653,000
Subtotal - Items Not Listed Under States	186,973,000
Total Operation and Maintenance Appropriation	2,504,000,000 1/
Rivers and Harbors Contributed Funds	95,000,000 2/
Total Operation and Maintenance Program	2,599,000,000

1/ Includes \$793,000,000 from the Harbor Maintenance Trust Fund and \$43,000,000 in Special Recreation User Fees. The remainder is financed from the General Fund.

2/ Cash contributions required by law for budgeted work and work anticipated to be done on a reimbursable basis.

SUMMARY, MISSISSIPPI RIVER AND TRIBUTARIES

APPROPRIATION

Listed Under States:

Investigations:	
Surveys	584,000
Preconstruction Engineering and Design	1,000,000
Construction	87,343,000
Maintenance	157,461,000
