Notice No. below

US Army Corps of Engineers, Pittsburgh District
1000 Liberty Avenue
Pittsburgh, PA 15222-4186

Application No. LRP-2010-420 Date: January 31, 2022

Notice No. 22-09

Closing Date: February 15, 2022

1. TO ALL WHOM IT MAY CONCERN: The following application has been submitted for a Department of the Army Permit under the provisions of Section 404 of the Clean Water Act.
2. APPLICANT: Marion County Coal Resources, Inc.
46226 National Road
St. Clairsville, OH 43950
3. LOCATION: The site is located approximately 3.1 miles northwest of the Town of Fairview, Monongalia County, West Virginia (39.61833, -80.29917). The project is located on an unnamed tributary of Harvey Run of Paw Paw Creek. Paw Paw Creek is a tributary of the Monongahela River.
4. PURPOSE AND DESCRIPTION OF WORK: The applicant requests the reauthorization of a previously issued permit to continue expansion of the existing Harvey Run II Coal Refuse Impoundment. This expansion will allow an additional 3000 acre/feet of storage capacity to the impoundment and will increase the "footprint" of this refuse impoundment by 73.4 acres. "Waters of the United States" (WOUS) are proposed to be filled/impacted by this proposed operation. Approximately 13,931 linear feet of stream channel classified as jurisdictional "Relatively Permanent Waters" will be filled/impacted by this expansion. In addition, approximately 4.24 acres of jurisdictional "Palustrine Forested" (PFO) and "Palustrine Scrub Shrub" (PSS) wetlands will be filled/impacted at this site. Drawings of the project are attached to this notice.

Consolidation Coal Company is proposing payment into the West Virginia "In-Lieu Fee Program" to compensate for unavoidable losses of streams and wetlands at this site.
5. WEST VIRGINIA CERTIFICATION: The State of West Virginia, Division of Environmental Protection (WVDEP), issued State Certification November 3, 2011.
6. IMPACT ON NATURAL RESOURCES: The District Engineer has consulted the most recently available information and has determined that the project may affect, but is not likely to adversely affect endangered species or threatened species, or result in destruction or adverse modification of habitat of such species which has been determined to be critical. This Public Notice serves as a request to the U.S. Fish and Wildlife Service for any additional information they may have on whether any listed or

proposed to be listed endangered or threatened species may be present in the area which would be affected by the activity, pursuant to Section 7(c) of the Endangered Species Act of 1972 (as amended). If the U.S. Fish and Wildlife Service concurs with the may affect, not likely to adversely affect determination please respond with written concurrence.

7. IMPACT ON CULTURAL RESOURCES: The National Register of Historic Places has been consulted, and it has been determined that there are no properties currently listed on the register which would be directly affected by the proposed work. If we are made aware, as a result of comments received in response to this notice, or by other means, of specific archeological, scientific, prehistorical, or historical sites or structures which might be affected by the proposed work, the District Engineer will immediately take the appropriate action necessary pursuant to the National Historic Preservation Act of 1966 - Public Law 89-665 as amended (including Public Law 96-515).

8. PUBLIC INVOLVEMENT: Any person may request, in writing, within the comment period specified in the paragraph below entitled "RESPONSES," that a public hearing be held to consider this application. The requests for public hearing shall state, with particularity, the reasons for holding a public hearing.

9. EVALUATION: Interested parties are invited to state any objections they may have to the proposed work. The decision whether to issue a permit will be based on an evaluation of the probable impact including cumulative impacts of the proposed activity on the public interest. That decision will reflect the national concern for both protection and utilization of important resources. The benefit which reasonably may be expected to accrue from the proposals must be balanced against its reasonably foreseeable detriments. All factors which may be relevant to the proposal will be considered including the cumulative effects thereof; among those are conservation, economics, aesthetics, general environmental concerns, wetlands, historic properties, fish and wildlife values, flood hazards, flood plain values, land use, navigation, shoreline erosion and accretion, recreation, water supply and conservation, water quality, energy needs, safety, food and fiber production, mineral needs, considerations of property ownership and, in general, the needs and welfare of the people.

The Corps of Engineers is soliciting comments from the public; Federal, state, and local agencies and officials; Indian Tribes; and other interested parties in order to consider and evaluate the impacts of this proposed activity. Any comments received will be considered by the Corps of Engineers to determine whether to issue, modify, condition or deny a permit for this proposal. To make this decision, comments are used to assess impacts on endangered species, historic properties, water quality, general environmental effects, and the other public interest factors listed above. Comments are used in the preparation of an Environmental Assessment and/or an Environmental Impact Statement pursuant to the National Environmental Policy Act. Comments are also used to determine the overall public interest of the proposed activity. The

CELRP-RG
Public Notice No. 22-09

evaluation of the impact of the activity on the public interest will include application of the guidelines promulgated by the Administrator, Environmental Protection Agency, under the authority of Section 404(b) of the Clean Water Act (40 CFR Part 230).

10. **RESPONSES:** A permit will be granted unless its issuance is found to be contrary to the public interest. Written statements concerning the proposed activity should be received in this office on or before the closing date of this Public Notice in order to become a part of the record and to be considered in the final determination, comments can be mailed to:

U.S. Army Corps of Engineers, Pittsburgh District
