US Army Corps of Engineers, Pittsburgh District
1000 Liberty Avenue
Pittsburgh, PA 15222-4186

Application No. N/A

Date: 2/4/21

Notice No. SPN 21-08

Closing Date: 2/20/21

PUBLIC NOTICE LIST ADDRESS UPDATE FOR THE PITTSBURGH DISTRICT

1. TO ALL WHOM IT MAY CONCERN: The public notice is the Corps' primary method of advising all interested parties of activities proposed for which a Clean Water Act Section 404 or Section 10 Rivers and Harbors Act permit is sought and of soliciting comments and information necessary to evaluate the probable impact on the public interest. In accordance with 33 CFR 325.3(d)(4), the Pittsburgh District is updating the public notice mailing list on file. Given the method that public notice responses have been received over the course of the past several years, the Pittsburgh District has decided to transition to electronic transmittal of all future public notices.
2. If you specifically request to still receive a hard copy public notice, you must indicate so in a response to this notice. If you are receiving this notice and no longer wish to be on the mailing list, please indicate so in a return email to the address listed below.
3. It is presumed that all interested parties and agencies still wish to respond to public notices; therefore, a lack of response will be interpreted as meaning that there is no objection to remaining on the list.
4. If you are receiving this notice and are aware of other potentially interested parties that are not receiving the notice, please forward this notice to them in the event they wish to be added.
5. Responses to this notice should be received by the closing date of this notice (found at the top) and directed to the Regulatory Division public notice address:
