The Corps has also issued final decision documents for these new and reissued NWP's. These final decision documents are available at www.regulations.gov at docket number COE-2020-0002.

The 40 existing NWP's published in the December 27, 2021, final rule replace the 2017 versions of these NWP's. The 2017 versions of NWP's 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 13, 14, 15, 16, 17, 18, 19, 20, 22, 23, 24, 25, 27, 28, 30, 31, 32, 33, 34, 35, 36, 37, 38, 41, 45, 46, 49, 53, and 54 expire on February 24, 2022.

The NWP general conditions and definitions that were issued in the final rule that was published in the January 13, 2021, issue of the *Federal Register* (86 FR 2744) apply to the 40 reissued NWP's and the new NWP 59 that were published in the *Federal Register* on December 27, 2021.

With the publication of this *Federal Register* notice, Corps divisions will begin finalizing regional conditions for these 41 NWP's. Division Engineers will prepare supplemental documentation to address decisions concerning the addition of regional conditions to the 41 NWP's. Regional conditions will provide additional protection for the aquatic environment, and will help ensure that the NWP's authorize only those activities that have no more than minimal adverse environmental effects. Regional conditions will help ensure protection of high value waters within the Pittsburgh District.

Corps divisions and districts will also begin determining which conditions for water quality certifications issued by states, tribes, and EPA for the issuance of these 41 NWP's become regional conditions of these NWP's. Corps divisions and districts will also begin determining which conditions for Coastal Zone Management Act consistency concurrences issued by states for the issuance of these 41 NWP's become regional conditions of these

NWPs. Water quality certification and Coastal Zone Management Act consistency regional conditions will be announced in a future public notice issued by the Pittsburgh District.
