

Registration and/or Deletion of X-Ray Producing Machines
Bureau of Radiological Health

Registration Action:

- Initial Registration, New Satellite Office, Amended Registration, Office relocation, Registration No.

Section 1: ADDRESS

Facility Name, Telephone, Contact Person, FAX, Location Address, E-mail, City, County, State, Zip Code, Mailing Address, Radiation Safety Officer, Give full names of partners...

Section 2: TYPE OF FACILITY – CHECK APPROPRIATE BOX

- Human Use/Veterinary Use: Academic, Podiatry, Chiropractic, Prison, Dental, Radiation Therapy, Hospital, Veterinarian, Medical, Other – Specify; Non-human Use: Academic, Analytical/Industrial, Security, Other – Specify

Section 3: EQUIPMENT REGISTRATION FORMS – CHECK ALL THAT APPLY

- Please indicate which equipment forms are included with this registration: Medical Use/Veterinary Use – Page 3, Mammography – Page 5, Deleted Units – Page 7, Dental – Page 4, Non-human Use – Page 6

****Note that a facility may require more than one type of equipment form.****

After registration of x-ray equipment, you will receive a pro-rated bill for the registration fees for the remainder of the current calendar year. For more information on registration fees, please refer to RHB 2.10.6 for the Schedule of Fees.

Section 4: FACILITY REGISTRATION APPROVAL/SHIELDING PLANS

Has a Facility Registration Approval been issued? _____.

If yes, indicate date(s) _____.

If applicable, has a shielding plan been approved? _____.

If yes, indicate log number. _____.

Note that as required by RHB 2.4.1.4 , no x-ray producing equipment can be installed until the Facility Registration Approval has been issued.

Please complete and submit form DHEC 0845, along with the appropriate application fee, to request a Facility Registration Approval.

Section 5: INSTALLER INFORMATION or PREVIOUSLY INSTALLED FOR: _____
Old Facility Registration Number

Vendor Name: _____ Telephone: _____

Contact Person: _____ FAX: _____

Location Address: _____ E-mail: _____

City: _____ County: _____ State: _____ Zip Code: _____

Vendor Registration Number: _____

Note that as required by RHB 2.6.1, any company offering to sell or provide x-ray equipment services must be registered with this Department prior to working in South Carolina. This would include any internet company, internet sales and/or catalogue sales.

Section 6: SIGNATURES – Form is not complete without the proper signatures.

The Radiation Safety Officer or authorized designee must sign and certify all information contained within this form is true, accurate and complete.

Radiation Safety Officer Signature: _____ Title: _____

Printed Name: _____

Date: _____

Please Return To:

Registration # _____ - _____

Delete X-ray Units

A. LIST Deleted Units: Taken by Service Company Salvaged Sent to Land Fill Donated Sold/ moved out of state Inoperative

Room Number Or Location	Control Manufacturer	Control Model Number	Control Serial Number	Equipment Type Use one of types listed below

Type of Equipment

- | | | | |
|-----------------------------|---------------------|------------------------------|----------------------------------|
| Accelerator (Non-human use) | CT Scanner | Lithotripter | Simulator |
| Baggage Checker | CT Simulator | Mammography | Spectrograph |
| Bone Densitometer | Dental (Intraoral) | O-arm Fluoroscopic | Stereotactic |
| Cabinet x-ray | Dental CT | Panoramic | Therapy (Accelerator human use) |
| C-arm fluoroscopic | Diffraction | PET/CT Scanner | X-ray fluorescence (Non-medical) |
| Cephalometric | Electron Microscope | Radiographic | X-ray gauge |
| Combination (Rad & Fluoro) | Fluoroscopic | Radiographic (Shielded Room) | Other (Specify) |

B. Please list recipient of sold, deleted or donated x-ray units:

Individual/ Business name: _____ Phone Number (_____) _____ FAX Number (_____) _____

City: _____ State: _____ Zip Code: _____ E-mail: _____

**S.C. DEPARTMENT OF HEALTH AND ENVIRONMENTAL CONTROL
BUREAU OF RADIOLOGICAL HEALTH
REGISTRATION OF X-RAY PRODUCING MACHINES**

PURPOSE:

This form is for registering x-ray equipment, and also provides a means to delete a machine from registration. Every person who possesses an x-ray producing machine shall register the machine with the Department within 30 days of the date of acquisition.

ITEM BY ITEM INSTRUCTIONS:

Page 1

Registration Action – Choose the appropriate box which represents the reason this form is being submitted.

Registration number – If you do not already have a registration number, BRH will assign one to you. Please use the number in all correspondence.

Section 1:

Facility Name – This refers to the person or company possessing the x-ray producing machine.

Contact person – Self explanatory.

Location Address, City, County, State, Zip Code, Telephone, FAX, E-mail – Self explanatory.

Mailing Address, City, County, State, Zip Code – Give the mailing address if it differs from the location address.

Radiation Safety Officer – Person responsible for radiation safety in the facility.

Full names of partners, co-owners, etc. – Self explanatory.

Section 2:

Type of Facility – Indicate the facility type by checking the appropriate box.

Section 3:

Equipment Registration Forms – Indicate which forms are included by checking the appropriate box. More than one equipment form may be required.

Page 2

Section 4:

Give all information pertaining to Facility Registration Approval and Shielding Plan.

Section 5:

Previously installed – Give old facility registration number

Vendor Name and Telephone – This refers to the company that will be installing the equipment.

Contact person and FAX – Self explanatory.

Location Address, E-mail, City, County, State, Zip Code – Self explanatory.

Vendor Registration Number – Registration number issued by this Department to the vendor. All vendors must be registered with the Department to do business in the state of South Carolina. This includes any internet and/or catalogue sales.

Section 6:

Signature, Title, and Date – The Radiation Safety Officer should sign and date the forms.

After signing, the forms should be returned to the address listed.

Page 3 – Registration of Medical Use/Veterinary Use X-ray Units

Registration number – If you do not already have a registration number, BRH will assign one to you. Please use the number in all correspondence.

Section A

Room Number or Location – Give the room number or location of the x-ray producing machine. (Example – Room 2).

Control Manufacturer, model number, serial number, date installed, number of tubes – List all information for each control that is added to this facility.

F(Fixed) or M(Mobile) – Indicate if the unit is a fixed installation or a mobile.

Check all that apply for each x-ray unit – Check all that apply.

Section B – List all information in Section B for each tube that is added to the facility.

Section C – List all information pertaining to the vendor selling the equipment.

Page 4 – Registration of Dental Units

Registration number – If you do not already have a registration number, BRH will assign one to you. Please use the number in all correspondence.

Section A

Room Number or Location – Give the room number or location of the x-ray producing machine. (Example – Room 2).

Control Manufacturer, model number, serial number, date installed, number of tubes – List all information for each control that is added to this facility.

F(Fixed) or M(Mobile) – Indicate if the unit is a fixed installation or a mobile.

Check all that apply for each x-ray unit – Check all that apply.

Section B – List all information in Section B for each tube that is added to the facility.

Section C – List all information pertaining to the vendor selling the equipment.

Page 5 – Registration of Mammography Units

Registration number – If you do not already have a registration number, BRH will assign one to you. Please use the number in all correspondence.

FDA ID # - This is the number issued by the FDA for a certified mammography facility. This number can be found on the Mammography certificate.

Section A

Room Number or Location – Give the room number or location of the x-ray producing machine. (Example – Room 2).

Control Manufacturer, model number, serial number, date installed, number of tubes – List all information for each control that is added to this facility.

Check all that apply for each x-ray unit – Check all that apply.

Section B – List all information in Section B for each tube that is added to the facility.

Section C – List all information pertaining to the vendor selling the equipment.

Page 6 – Registration of Non-Human Use Units

Registration number – If you do not already have a registration number, BRH will assign one to you. Please use the number in all correspondence.

Section A

Room Number or Location – Give the room number or location of the x-ray producing machine. (Example – Room 2).

Control Manufacturer, model number, serial number, date installed, number of tubes – List all information for each control that is added to this facility.

F(Fixed) or M(Mobile) – Indicate if the unit is a fixed installation or a mobile.

Check all that apply for each x-ray unit – Check all that apply.

Section B – List all information in Section B for each tube that is added to the facility.

Section C – List all information pertaining to the vendor selling the equipment.

Page 7 – Delete X-ray Units

Registration number – If you do not already have a registration number, BRH will assign one to you. Please use the number in all correspondence.

Section A

List Deleted Units – Indicate the current status of the unit(s).

Room Number or Location – Give the room number or location of the x-ray producing machine. (Example – Room 2).

Control Manufacturer, model number, serial number – List all information for each control that is added to this facility.

Equipment Type – Use one of the types contained in the list on page 7.

Section B – List information pertaining to the recipient of sold, deleted or donated x-ray units.

OFFICE MECHANICS AND FILING:

When the registration forms are received, stamp each with the date received. Each control and tube will be entered in the computer system. The original copy of the registration form is placed into the registrant's file, and a copy is returned to the registrant for their records.
